\$10,000,000 A Year Wasted on Trusses

How 60 Days' Trial Protects You Against Throwing Money Away

A nere Try-on is a Snare
Tou can't possibly tell anything
about a truss or anything else for rupture merely by trying it on.
A truss or so-called "appliance" may
seem alright at first and afterward
prove utterly worthless.
The only way in the world you can
make sure of exactly what you're getting is by making a thorough sixyday test without having to risk any
money.

There is only one thing of any kind r rupture that you can get on sixty-ys' trial-

ays' trial—
Only one thing good enough to stand
uch a long and thorough test—
That is our guaranteed rupture hold-That is our guarantee.

We'll make one especially for your case—make it to your measure—and let you try it sixty days—
We'll practically lend it to you that long—without asking you to risk a

dorsements from benefited and cured people.

If it doesn't keep your rupture from coming out or bothering you in any way, no matter how hard you work or strain—if it doesn't prove every claim we make — then you can send it back and it won't cost you a single cent.

This guaranteed rupture holder — the famous Cluthe Automatic Massaging Truss — is so utterly different from everything else for rupture that it has received eighteen separate patents. It is far more than just a truss. Made on an absolutely new principle.

Unlike everything else, it is self-regulating, self-adjusting — instantly and automatically protects you against

able as their clothing. It is water-proof-will hold in the bath. Also gives over 5,000 voluntary endown to the minute it takes to write for it may free your life. Simply use the control of the Pennsylvania Railroad for January appears the state of the world now recombined it instead of advising operation. It has completely cured hundreds and hundreds of people whose cases seemed almost hopeless.

The Things We Tell in Our Book
There are so many mistaken ideas about rupture that we have taken the time to sum up in a book all we have learned during forty years of exidence and the proposed in the propo

Railroad Earnings Show Further Decrease

Gross earnings of thirty-five rai-roads, operating within the United States, during the third week of Janu-ary decreased 11.56 per cent in com-parison with the same week of last year, according to the weekly bulletin of Edward B. Smith and Company, New York and Philadelphia bankers.

Catholic churches to-morrow will observe the Feast of Purification. Special masses will be held at 7.30 o'clock in the morning. At these services candles for use during the year will be blessed and distributed. The Feast of St. Blase will be held St. Blase, wno is honored on February 3 of each year, was the bishop of Sebaste, in Armenia. He was arrested by order of Licinius in the year will be blessed and distributed. The Feast of St. Blase will be held Request Steel Bids For New C. V. Bridge

Bids have been asked by the Pennsylvania railroad for four hundred tons of steel for the new Cumberland Valley Railroad bridge to be erected across the Susquehanna river at this point. This steel it is understood, is to be delivered at Harrisburg and Lemoyne early in April.

The total rail orders for last week called for 125,000 tons. During the month of January 325,000 tons of rails were contracted for by railroad companies in the United States.
