Has Fine Action in the Blood

Does Real Work in Cleaning Body of Impurities.

It is to the skin that blood impurities are driven by Nature. And it is in the skin that S. S. S., the famous blood purifier, has its most pronounced influence. For it is here that you see the results. S. S. S. is none the less effective in the glands and mucous surfaces in driving out rheumatism, overcoming boils and ridding the system of catarrh.

The purely vegetable ingredients in S. S. S. are naturally assimilated but they enter the blood as an active medicine and are not destroyed or converted while at work. It is this peculiar feature of S. S. S. that makes it so effective. It stirs into action all the forces of the body, arouses digestive secretions, stimulates the blood circulation to destroy disease breeding germs.

Upon entering the blood S. S. S. is carried throughout your body in about three minutes. And in a brief time it has any blood trouble so under control that it no longer can multiply. Gradually new flesh is formed in all broken-down tissues and the skin takes on the ruddy glow of health. Be sure and get a bottle of S. S. S. today of any druggist, but avoid all substitutes.

Around the bottle is an illustrated circular that tells you how to obtain special free advice in quickly overcoming serious blood disorders. S. S. S. is prepared only by The Swift Specific Co., 59 Swift Bldg., Atlanta, Ga.

GREAT ENGLISH LINERS ARE LABELED FOR DESTRUCTION

Berlin, Feb. 1.—All the papers express enthusiasm over the doings of the submarine in destroying Great Britain's commerce. Attention is called particularly to the fact that U-21 is operating a thousand miles from her base, which is a greater radius of activity than hitherto was believed possible. The argument is advanced that what already has happened to small coasters, may to-morrow happen to the great English liners.

Reed Ready to Support President Wilson's Veto

Washington, Feb. 1.—The fate of the immigration bill, vetoed by President Wilson because of the literacy test provision, took on renewed interest in Congress today because of the announced intention of Senator Reed of Missouri, to speak in the Senate in support of the President's veto provided the opportunity is offered. Senator Reed who has opposed many of the administration measures, fought the immigration bill and was one of seven voting against it.

Chairman Burnett, of the House immigration committee, will call up the veto message by offering a motion to reconsider the bill and to pass it despite Presidential disapproval. House leaders, however, are not sure that the two-thirds majority vote, necessary to repeal the bill over the President's veto, can be procured. Without a majority vote the bill would die. It is believed that the Senate would pass the bill.

BREAD PRICE NOT RAISED

Chicago, Ill., Feb. 1.—There will be no immediate advance in bread from five to six cents a loaf, it was announced today as a result of the stand taken by large bakers concerns which declined to support the proposal of the Master Bakers' Association.

STORM DAMAGES WIRE

Chicago, Ill., Feb. 1.—Telephone and telegraph companies were hampered today by a sleet storm which extended widely in all directions from Chicago. Ice-coated wires broke and communication to many cities was cut off. In this city the slippery walks brought minor injuries to scores of persons.

Belfast, Feb. 1, via London, 9.48 A. M.—The reports of the German submarine activity in the Irish Sea, followed by the sinking last Saturday of three British merchant steamers by the German undersea boat U-21, has

created a deep impression in shipping circles in Belfast. Nine steamers which ply across the North Channel have been held in port and fourteen colliers are remaining at anchor.

STEAMER CHASED BY GERMAN SUBMARINE ESCAPES INJURY

Berlin, via London, Feb. 1, 9.39 A. M.—"Rough weather has no terror for the German submarines," declared the captain of the steamer Leinster in telling of his boat's narrow escape from a German submarine when off the Irish light vessel, opposite the mouth to Dublin Bay.

"When we sighted her late Sunday afternoon, just outside the entrance to Dublin Bay, the weather was so rough that not a single passenger was on deck," he captain said. "The submarine approached and signalled to halt, but we got the engines up to 24-knot speed and soon outdistanced her."

INSURANCE RATES INCREASED

Liverpool, Feb. 1, via London, 1.27 A. M.—The insurance rates on coasters have been raised from 5 to 20 shillings per cent. as a result of the German submarine raid.

Excelsior Cycle Company Will Locate in Square

The store room that has for years been occupied by George W. Parks, at 10 South Market Square, has been leased by the Excelsior Cycle Company who have conducted a motorcycle and bicycle business at 1007 and 1009 North Third street. The latter store will continue until March 14 when the first year's lease expires, but the new store on the Square will open immediately with a complete stock of Excelsior motorcycles and bicycles.

The two brothers, Nat and Harry Feldstern, came here from Philadelphia a year ago and opened the Third street store until such time as they could find a more central location. The

present move is an indication that they have every confidence in Harrisburg and believe there is a field sufficiently promising for another store of this character to establish here permanently.—Advertisement.
