

Woman's Health Requires Care

Women are so constituted as to be peculiarly susceptible to constipation, and their general health depends in large measure on careful regulation and correction of this tendency. Their delicate organisms rebel at the violence of cathartic and purgative remedies, which, while they may afford temporary relief, shock the system and seriously disturb the functional organs. A mild laxative is far preferable and, if properly compounded, much more effective.

The combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is ideal for women's use. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Washington St., Monticello, Ills.

LECTURES ON SCOPE OF PRESBYTERIAN WORK

Dr. Maitland Alexander Cites Facts and Figures Before Teachers and Ministers

The quarterly meeting of the Presbyterian Association of Harrisburg, composed of all officials and pastors of the Presbyterian churches of the city and vicinity, held yesterday afternoon and evening in the Pine Street Presbyterian Church, was addressed by Dr. Maitland Alexander, moderator of the General Presbyterian Assembly and pastor of the First Presbyterian Church of Pittsburgh.

Supper was served in the social room at 6 o'clock by the wives of the officers and pastors. J. Henry Spicer, president of the association, conducted the meetings, assisted by the Rev. J. S. Armentrout, assistant pastor of Pine Street church.

Dr. Alexander's address at the night meeting was on "The Hour of the Church." He particularly praised the businesslike work of the foreign mission branch of Presbyterian churches in activities. Statistics he gave showed a total of \$2,000,000 used in church work; 10,000 churches with 9,000 ministers; 100,000 new members; also 50,000 persons who left the membership of 1,400 churches.

You Owe Your Face a Good, Clear Skin

And Stuart's Calcium Wafers in a Very Short Time Will Clear Up Your Complexion Naturally

Just in a few days one may clear the skin of all manner of blemishes such as pimples, blotches, liver spots, etc., if one will use Stuart's Calcium Wafers.

Don't use pasty lotions and creams to fill up the pores when they are working constantly with the blood to throw off the impurities of your system.

"Before I rid my face of pimples I was not thought to be pretty. But all the changes I made was to clean my blood and skin."

Many a face is made with beautiful contour and artistically lined, but when the skin is discolored one cannot see the beauty of the face lines. One notices only the skin blemishes. It became pimples and eruptions come from the inside—from impurities in the blood—and you can't cure them by rubbing stuff on the outside of the face. Purify the blood and the blemishes will disappear.

Stuart's Calcium Wafers will often clear the complexion in a few days' time. That's the wonderful part of it—they act right off—in a hurry. That's because they're made of just the ingredients needed to drive all poisons and impurities from the blood. That's why doctors prescribe them so constantly.

You will speedily enjoy a beautiful complexion if you use these wonderful little Wafers. Your face will become as clear and pure as a rose. Nobody likes to have pimply-faced people around. With Stuart's Calcium Wafers you don't have to wait for 3 months before getting results. Even boils have been cured in a few days' time with these remarkably effective blood cleansers. Your whole system will feel better in a marvelously short time, and, my, what a difference in your looks!

You can get Stuart's Calcium Wafers at any druggist at 50 cents a box. A small sample package mailed free by addressing F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich. — Advertisement.

Commissioner Lynch Obtains Figures on Kelker St. Plot For Asphalt Works

While the Baturin plot, south of Shanois street, between the Pennsylvania and the Philadelphia and Reading railroads, will likely be selected by City Commissioner W. H. Lynch as the most available site for the proposed city asphalt repair plant, the plan for the site is also considering the possibilities of the Kelker street playground at Seventh and Kelker streets for the same purpose.

During the last few days an expert from Camden has been looking over the Shanois street plot with a view to its adaptability as a repair plant. Its convenience to the railroad lines is considered an advantage. The city property contains about an acre and can be bought, it is understood, for \$7,500.

The Kelker street lot would be desirable, according to Mr. Lynch. The whole matter will be threshed out within the next few weeks, as the city's contract with Alderman Charles P. Walter for repairing the streets expires April 1.

Thereafter do its own repair work. "However," said Mr. Lynch in discussing the matter to-day, "there's no particular hurry. The plan can be erected within a month and the city will not possibly have any use for it for a month or more after the expiration of the contract expires with Alderman Walter. He will not be paid until he has turned the streets over to the city in first-class shape."

Bought Lot as Investment

In discussing the morning newspaper reports of the purchase of the Hammond street property, above Maclay street and along the Pennsylvania railroad, Commissioner Lynch and City Engineer Cowden said they bought the land solely as an investment.

"Certainly it is true that we bought the ground, and we did so because it was offered at such a good bargain, \$5,000. It was done purely as a speculation, however," declared City Engineer Cowden. "And you can say," he said, "that anybody else but the city can buy it. Harrisburg cannot buy it. It is assessed at \$11,500."

"Council had already authorized the purchase of the plot at Kitlington street below Mulberry for an asphalt plant before we bought the uptown tract and this would have been bought if the Chamber of Commerce and other business men had not petitioned against its establishment there because it might prove a nuisance," declared the engineer. And Commissioner Lynch, who was present at the time, endorsed this statement.

"At no time was the plot we bought even thought of as a possible site for the repair plant," said Mr. Lynch. "because we are figuring on the Kitlington street lot. If the city had taken it, it would have to pay considerable to build a road to get to it."

"Part of it we intend to give to the city for a continuation of the highway road provided the superintendent of parks improves it to the extent of constructing a highway," concluded the City Commissioner.

Record Breaking Crowds Attend Kaufman Sale

The crowds jamming the temporary store of David Kaufman at 9 North Market Square during the salvage fire sale to-day, required the presence of five special policemen. The store was closed during the noon hour to give the clerks a breathing spell and a rest for lunch.

Articles of men's and children's clothing slightly damaged by smoke and water at the fire which recently destroyed the building and much of the stock of the Kaufman Underselling store, were sold at greatly reduced prices. The sale will be continued until the stocks are exhausted, a different line of goods being offered each day.

No Known Cause For Federal Suit, Says Fink Brewing Co's Manager

Dispatches from Scranton to the effect that a suit had been filed by the Federal Government against the Fink Brewing Company of Harrisburg for alleged evasion of government revenue taxes, to-day brought the following statement from Milton H. Plank, manager of the Fink Brewing Company, Forster and Capital streets.

"I know of no reason for such charges as stated in a newspaper, but presume they must be instigated by the agents of the Brewery Workers' Union, who have been doing everything possible for years to make trouble for crippling the business for the brewery, because we declined to agree to the terms they submitted from time to time."

Mr. Plank declined to discuss the charges contained in the dispatch from Scranton, stating that he had received testimony from the Federal industrial relations committee. His first declaration, on resuming the reading of his statement, interrupted yesterday by indignant shouts from the crowd, was that the investigation was "one of the most arrogant challenges ever issued by an individual against the government and the people."

Washington, Feb. 5.—Amendments to the navy construction program held the day in the House with Democrats taking the administration for two battleships, six destroyers and seven submarines. Proposals for increases were drawn much the same as in other years.

TEA-POT LID FLIES OFF

JDD FINDS MAN'S FACE

Harry Cohen, 112 North Twelfth street, employed by the Williams and Freedman, junk dealers, was severely scalded about the face when the lid of the pot in which he was making tea at noon to-day, blew off, throwing the hot tea in his face. Whether or not his eyesight is injured has not been determined by doctors at the Harrisburg hospital.

HEAVY SNOW FALLS ON HEIGHTS

Paris, Feb. 5.—Heavy snow falls are again reported on the heights of Hartmanns-Werkelkopf and Molkenrain in the Vosges. There has been pain-staking trench fighting with saps and hand grenades near Altkirch. A large farmhouse only a short distance from the Swiss frontier, was set afire by German shells and burned.

Deaths and Funerals

MRS. GOOD DIES

Mrs. Jacob Good, aged 40, 1305 Market street, died at her home at 5 o'clock this morning. She is a cousin of Harry A. Boyer, president of the school board, and a daughter of the late H. K. Whitman, who had charge of the McCormick quarries in Cumberland Valley. She is survived by one son and one daughter.

PENNSY CLERK DIES

H. Stanley Barnhart, aged 22, 2147 North Fourth street, a clerk in the office of the Pennsylvania railroad, died last night after an illness of several months. He is survived by his parents, Mr. and Mrs. H. Barnhart, five brothers, Guy, Benjamin F., Jr., Paul Willard and Russell, and one sister, Esther.

Will Ask Bids For Golf House at Colonial Club

Plans for the addition of a golf house to the Colonial Country Club will be considered at a joint meeting of the golf and building and grounds committee with the board of governors this evening at 8 o'clock in the clubhouse.

Definite plans will be made and the chairman of the building committee will probably be authorized to ask for bids for the erection of the new building.

URGES NEUTRALIZED COMMERCE

Washington, D. C., Feb. 5.—Commerce neutralization of commerce between the Americas in ships of all flags was proposed to-day by Ambassador Naon, of Argentina, before the Chamber of Commerce of the United States. He said it would be possible to have the countries at war agree in establishing the rule that during the present war no vessel engaged exclusively in the trade between American ports shall be subject to search, detention or capture by belligerent, no matter what flag she flies.

CALDER ASSOCIATION TO MEET

The Parent-Teachers' Association will meet to-night in the Calder school building. A short program will precede a social hour during which refreshments will be served. At this meeting the new piano recently purchased for the Calder school will be installed.

LOSERS IN FIRE TO REBUILD AT ONCE

Modern Structures Will Be Erected by Ford Company and Blacksmith Firm

Insurance adjusters started to-day on the ruins of the Ford Sales Company plant, 145 South Cameron street, which was destroyed by fire yesterday. According to W. H. Driscoll, local salesman for the Ford Company, work on rebuilding will start in an early date. Directly opposite the scene of the fire, Ulrich and Frederichson, blacksmiths and wagon builders, resumed work this morning. Their building, a frame structure, was rushed to the walls of the Ford building fell. A force of workmen were busy to-day getting machinery, tools, etc., out of the ruins.

Eighteen Autos Insured

The loss on the building is estimated at between \$12,000 and \$15,000. The supplies were valued at \$5,000, and it is believed that 32 automobiles were destroyed. The value of these autos is estimated at between \$15,000 and \$18,000. On eighteen there is insurance. The building is insured for \$3,000. The loss to the Ford Sales Company may reach \$35,000.

Will Rebuild

Ulrich and Frederichson estimate their losses at \$300. The frame building which was crushed in, was owned by F. H. Taylor, liverman, and was valued at \$500. A brick building will replace it.

Fire Chief Kinder said the fire probably started from a steam pipe. He will make a further investigation as soon as the ruins have been sufficiently cleared to permit him to get to the center of the building.

The Rely Fire Company after the fire had but 300 feet of good hose. The aerial ladder of the Mt. Vernon Truck Company was slightly damaged.

Arrest Man Who Evaded Police Over Two Years

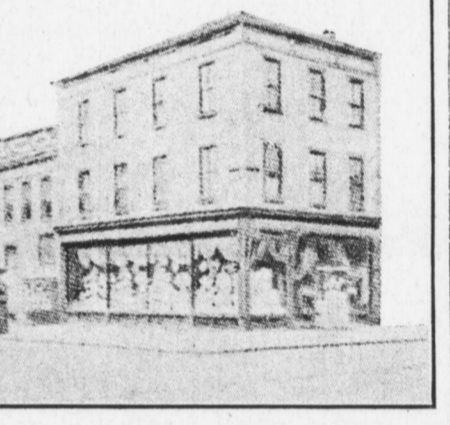

Charles Shultzabaugh was arrested yesterday by Constable Alexander Gibbons in Powell's Valley, charged with committing a statutory offense two years ago.

Shultzabaugh disappeared in 1912 and when it was reported that he had returned to Powell's Valley, the warrant was given to Constable Gibbons to arrest him. He will be brought before Alderman Nicholas First ward, Monday afternoon at 2 o'clock for a hearing.

SOCIALIST LEADER GIVES TESTIMONY TO COMMITTEE

New York, Feb. 5.—Morris Hillquit, Socialist leader, continued to-day his testimony before the Federal industrial relations committee. His first declaration, on resuming the reading of his statement, interrupted yesterday by indignant shouts from the crowd, was that the investigation was "one of the most arrogant challenges ever issued by an individual against the government and the people."

Uptown Department Store Celebrating 25th Anniversary

HARRY A. ROBINSON, OWNER OF SUCCESSFUL STORE

This month marks the end of a quarter century of successful business for Robinson and Company, Third and Broad streets.

It was in the month of February, 1890, that this business had its modest beginning in a little storeroom at its present location, under the firm name of Robinson & Graeff. Five years later the entire business was taken over by Harry A. Robinson, who has been the sole owner since, conducting it under the name of Robinson and Company.

When the business first started it was confined solely to the sale of dry goods, and a floor space of approximately 1,400 square feet was utilized. Gradually, as the business grew, various departments and a greater amount of floor space was added, until to-day it is a modern department store, occupying the entire building from Third street to Susquehanna street, involving approximately 10,000 square feet of floor space, more than seven times as great as that at the time of the beginning of the business.

Harry A. Robinson, the proprietor of the store, is well known in the city's civic and commercial circles. The progress of the business during the past quarter century is due solely to his untiring effort and enterprise. Its growth has been most gratifying and the store to-day occupies an enviable position among the city's larger business institutions.

In celebration of the occasion, a special merchandising event will be conducted by the store during the present month. It will begin to-morrow morning, as announced in this paper, and special attractions from week to week will be made through the advertising columns.

To Transfer Cumberland Law Suit to Dauphin

Additional Law Judge McCarrell decided to-day that the trespass action instituted by Joseph Millesian's Sons, lumber dealers, of Mechanicsburg, against the Cumberland Valley Railroad for destruction of lumber by fire, could be brought in the Dauphin county courts.

The action is an echo of the Mechanicsburg fire of several years ago when considerable lumber belonging to the Millesians was destroyed. A spark from a passing engine was blamed. The summons in trespass was served on the stationmaster in Harrisburg and the company declared that service of the process was illegal because the damage had occurred in Cumberland county.

Thousands of Germans Make Furious Attempt to Break Russian Line

Petrograd, Feb. 5, via London, 12:25 p. m.—Not since the battles around Lodz, in Russian Poland in the early part of December have the Germans delivered such vicious attacks as those of yesterday when they attempted to break through the Russian line near Borjimov. Probably never before in the eastern arena of the war have they concentrated such a force upon a single distance of six miles between Rumin and Borjimov the Germans threw 105,000 infantrymen together with heavy forces of cavalry, the whole supported by 100 batteries of artillery, comprising in all no less than 600 guns. It is estimated that in this short line there were nearly 50,000 men to the mile, coming on in ten or twelve lines like the waves of the sea.

The Russians, warned by the attacks of previous days in this same vicinity, have concentrated correspondingly heavy forces to resist the German advance. So close were both sides packed in this narrow space that the artillery became practically useless.

TWO MORE DARING ROBBERIES REPORTED

Thief Enters House, Takes Keys of Drawer From Pocket and Steals \$150

Two more daring robberies were reported to the police department to-day. At the grocery store of Anna Christman, 329 South Cameron street last night, entrance was gained by breaking a window in the rear of the store. Goods valued at \$30 were stolen.

While Noah Moyer, the ice dealer, was sleeping at his home, Twentieth and Brookwood streets, last night, someone entered the house, stole the keys from Mr. Moyer's pocket, went to the second floor, and got away with \$150 in cash, which was in a bureau drawer. Mr. Moyer discovered his loss this morning when he went to get a five dollar bill. Later, Mr. Moyer's housekeeper found the keys on the floor in a front room.

The police have no clue to the robber who made raids in State street this week. Harry Corsey, colored, was arrested yesterday afternoon with two dress suit cases filled with stolen goods from the Wagenheim store in South Ninth street. Corsey was about to leave the city. He is charged jointly with Joseph Wilson with having entered the store.

Judge McCarrell Dismisses Public Utility Appeal

Judge McCarrell to-day dismissed the appeal of the Public Utilities Company from the order of the Public Service commission which permitted the Lehigh Navigation Electric Company to cross its right of way. The Court holds that a company incorporated prior to the passage of the Public Service Company act of 1912 was not required to secure a certificate of public convenience in the territory covered by its charter, although contracts made with municipalities and other public service companies must be acted upon by the commission.
