Don't Merely "Stop" a & Cough

Stop the Thing that Causes It Stop Itself

A cough is really one of our best friends. It warns us that there is inflammation or obstruction in a dangerous place. Therefore, when you get a
bad cough don't proceed to dose yourself
with a lot of drugs that merely "stop"
the cough temporarily by deadening the
throat nerves. Treat the cause—heal the
inflamed membranes. Here is a homemade remedy that gets right at the cause
and will make an obstinate cough vanish
more quickly than you ever thought possible.

Put 2½ ounces of Pinex (50 cents worth) in a pint bottle and fill the bottle with plain granulated sugar syrup. This gives you a full pint of the most pleasant and effective cough remedy you ever used, at a cost of only 54 cents. No bother to prepare. Full directions with Pinex.

It heals the inflamed membranes so rently and promptly that you wonder low it does it. Also loosens a dry, hoarse or tight cough and stops the formation of blegm in the throat and bronchial tubes, hus ending the persistent loose cough.

Pinex is a highly concentrated com-ound of Norway pine extract, rich in uniaisool, and is famous the world over or its healing effect on the membranes.

"I see your point," the promoter said promptly. "My offer of days ago still holds good. I'll finance this matter to the end, and I'll look after the mine too. So you can be care free so far as that goes, John."

"You know I wouldn't take it for myself," John began awkwardly and was silenced by a smile.

The next morning they had barely finished breakfast when the launch captain was announced.

"It's just as well." Wilkerson said sulkily. "I have a dozen things to attend to, and you can help. The first is not to let that man Dorr get out of our sight or turn a hand unless we know it."

In a few sentences filled with bitter ness he told the story of the finding of the chest and the futile search for the plans and the abstraction of the idol containing them.

When Wilkerson found that Dor and Ruth booked passage on the Hal eyon for San Francisco and had in quired about the next sailings for the Orient he took Drake aside and they determined that this could only mean one thing-

"You ought to get the plans before
you get to India," Everett said earnestly. "You'll find yourself in a strange land, where it will be like looking for a needle in a haystack to get hold

Dorr acknowledged this and outlined his tentative plan of getting hold of the idol during the passage.
"After all, we don't want the idol.

I shall try to persuade the man of this and get him to let me have the papers concealed in it."

At this moment Sir Donald Faver sham was announced. The entrance of the Englishman who

had made himself so attentive to Ruth at the southern hotel awakened little enthusiasm in either Dorr or Everett, but for Ruth's sake they played the civil part. She, on the other hand, received Sir Donald with every evidence of lively

Beech-Nut Tomato Catsup

TWO years ago, we built a model Catsup plant in the finest tomato country of America.

We get the tomatoes at their prime—take them fresh from the vine. They come from nearby farms and are not shipped long distances.

We make them into Catsup direct—no materials are recooked. Two hours in the making only, and the finished Catsup is bottled, sterilized and ready for you.

Making Catsup better than it has ever been made before is simply the Beech-Nut lesson over again-care, patience, and delicacy of treatment.

We have had to increase our pack of Beech-Nut Tomato Catsup this year. Your grocer has probably received his supply by this time. Two sizes—25c. and 15c. See him now.

Her stormy eyes boded no good to some one, and Wilkerson feared she would abandon him.

But there was the tenacity of a tigress in her passions, and now she could not give up her sweet revenge nor forego the thought of possessing the wealth which had once been Tom Gallon's and which he had tried to conceal.

Here is a new and smart blouse that can be used with different sleeves to give the effect of a sleeveless over blouse or made with sleeves of the material, just as one may like. The neck is finished with the new high, rolling collar, and the vest can be made V-shaped or high. With the high neck a ribbon band can be worn across the throat so that whether one likes theopen neck or does not, thepattern is available.

In the picture, serge is shown with velvet, a favorite combination of the season, but the effect could be copied in wool with silk, in plain and fancy material, and in various other ways, while it is quite possible to make the entire garment of one material with vest and collar only of a contrasting one. The value of nient of one material with vest and collar only of a contrasting one. The value of the model as the means of making a costume of the earlier season up to date is beyond compute. Every woman has a serge gown or a serge skirt, and if the serge skirt is used with blouse of velvet and sleeves to match the skirt, with collar and vest of fancy material, an sup-to-date effect can be obtained with very little labor.
