LOCAL OPTION SENT INTO THE HOUSE

Representative G. W. Williams Presents the Bill Favored by Governor Brumbaugh

TEXT OF THE NEW MEASURE

Triennial Limitation on Voting on the Question of Being Wet or Dry Provided

The local option bill calling for the county unit and endorsed by Governor Brumbaugh was introduced in the House last night and referred to the law and order committee.

The provisions of the bill are as follows: Section 1. That whenever a number of the qualified electors of any county equalling twenty-one per centum of the number of votes cast therein at the last preceding general election shall present a petition to the court of quarter sessions of the peace of that county, verified by the affidavits of three of the petitioners, praying for the holding of a county election to determine whether license for the sale or furnishing of vinous, spirituous, malt or brewed liquors or any admixture thereof in said county shall be granted, it shall be the duty of said court of quarter sessions of the peace to order an election to be held in the said county in not less than thirty days nor more than forty days from the date of such order, which election shall be held by the regular election officers at the usual place or places for holding elections in said county and the election shall be conducted in all respects and all election officers shall be governed by the directions and subject to the penalties and be compensated as now provided by law for the holding of general elections.

Notice of such election shall be given by the officers designated and in the manner provided by existing laws relating to county elections in so far as the same may be applicable, and every such notice shall state, first, the question to be voted upon as hereinafter set forth; (second) the day and place of holding said election; (third) that the polls shall be open between the hours of seven o'clock ante meridian and seven o'clock post meridian.

Section 2. The ballots at any election held under the provisions of this act shall be printed, distributed and furnished and in such quantities and of the form provided by existing laws relating to general elections. Upon such ballots shall be printed the question "Shall the granting of license for the sale of intoxicating liquors be prohibited," followed by the words "Yes" and "No" with a square of sufficient size at the right of each said words in which to give the elector an opportunity clearly to designate his choice by a cross mark (X) placed in one of the said squares.

Section 3. Each qualified elector receiving a ballot provided for by this act, in accordance with existing laws, may mark in the appropriate square a cross (X) opposite the answer he desires to give and all votes cast at said election held under the provision of this act shall be counted and declared and a complete return of the same made in accordance with existing laws relating to elections.

Section 4. Whenever it shall appear by the returns aforesaid that a majority of the votes cast at such election are in favor of prohibiting the granting of such licenses in the county in which said election shall have been held, it shall thereupon become unlawful for said court of quarter sessions to issue or grant any license authorizing the sale or furnishing of any vinous, spirituous, malt or brewed liquors or any admixture thereof in said county at any time thereafter until at an election held as hereinafter provided a majority of the electors voting thereat shall vote against prohibiting the granting of such licenses therein.

Section 5. At any time after three years from the date of an election held under the foregoing provisions of this act another such election may be ordered and held as hereinafter provided.

Section 6. This act shall not be construed to repeal any special or local laws relating to the sale or granting of licenses to sell intoxicating liquors nor shall it be construed to prevent the granting or refusal of a license under existing laws the same as if this act had not been passed in counties where the majority of the votes cast at an election as hereinbefore provided are against prohibiting the granting of license to sell intoxicating liquors and in counties where no such election has been held.

"THE PRICE HE PAID"

By Ella Wheeler Wilcox, at the Victoria Today

A play, "The Price He Paid," from Ella Wheeler Wilcox's poem by the

time to make a visit to the Colonial before the rush becomes too great. When the Colonial presents acts that come here from the New York Hippodrome, it's time to wake up to the fact that the management is presenting big time attractions.

same name, is coming to Harrisburg today and will be shown at the Victoria Theater, 223 Market street. It is a five-act drama, and tells the story of an artist, Richard, who breaks down in health and is put under the care of a physician.

where the dead body of his deformed child is lying. He realizes then the tragedy for which he is responsible, and on the spot becomes a raving maniac and dies afterward in a padded cell.

THIN FOR YEARS

"Gains 22 Pounds in 23 Days"

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days."

"Sargol has put just 10 pounds on me in 14 days," states W. D. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

"I weighed 132 pounds when I commenced taking Sargol. After taking 20 days I weighed 144 pounds. Sargol is the most wonderful preparation for flesh building I have ever seen," declares D. Martin, and J. Meier, adds: "For the past twenty years I have taken medicine every day for indigestion and got thinner every year. I took Sargol for forty days and feel better than I have felt in twenty years. My weight has increased from 150 to 170 pounds."

When hundreds of men and women—and there are hundreds with more coming every day—living in every nook and corner of this broad land voluntarily testify to weight increases ranging all the way from 10 to 35 pounds given them by Sargol you must admit, Mr. and Mrs. and Miss Thin Reader, that there must be something in this Sargol method of flesh building after all.

Hadn't you better look into it, just as thousands of others have done? Many thin folks say: "I'd give most anything to put on a little extra weight," but when someone suggests a way they exclaim, "Not a chance. Nothing will make me plump. I'm built to stay thin." Until you have tried Sargol, you do not and cannot know that this is true.

Sargol has put pounds of healthy "stay there" flesh on hundreds who doubted, and in spite of their doubts. You don't have to believe in Sargol to grow plump from its use. You just take it and watch weight pile up, hollows vanish and your figure round out to pleasing normal proportions. You weigh yourself when you begin and again when you finish and you let the scales tell the story.

Sargol is absolutely harmless. It is a tiny concentrated tablet. You take one with every meal. It mixes with the food you eat for the purpose of separating all of its flesh-producing ingredients. It prepares these fat-making elements in an easily assimilated form, which the blood can readily absorb and carry all over your body.

If you want a beautiful and well-rounded figure of symmetrical proportions if you want to gain some solid pounds of healthy stay-there flesh, if you want to increase your weight to normal, weigh what you should weigh, go straight to your druggist to-day and get a package of Sargol and use it as directed. Sargol will either increase your weight or it won't and the only way to know is to try it.

G. A. GORGAS

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they think on drugging their stomach or stuffing it with greasy foods, or following some "flesh creams," or following some foolish physical culture stunt, while the cause of thinness goes untouched. You cannot get your digestive tract assimilated the food.

How Thin People Can Put On Flesh

A New Discovery. Thin men and women—that big, hearty, filling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce.

Thin People Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 15 pounds of healthy flesh between their shoulders should try eating a Little Sargol with their meals for a while and note results. Here is a good test worth trying.

Sargol does not of itself make fat, but mixing it with your food it turns the fats, sugars and starches of what you have eaten, into rich, ripe fat-producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Sargol stops the waste and does it quickly and makes the fat-producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones.

Sargol is safe, pleasant, efficient and inexpensive. All leading druggists sell it in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.
