If you suffer from indigestion after eating and find that instead of the one little pepsin or soda pill you used to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking.

The plain truth is there are the properties of the plain truth is the stop of the plain truth is women in this country whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on in this way much longer. It's wonderful to think that powerful drugs compressed in a pill will even for a little while do the work of a human stomach. But no pill was ever made that could do it for long.

A dead stomach can't be brought to life, but a slowly dying stomach can and must or its ownef must soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them to-day. Most stomach remedies work on the food and digest it. The stomach starts at once to churn its food and normal, painless digestion follows. H. C. Kennedy and many other leading druggists hereabouts sell Mi-o-na Tablets, agreeing to refund money in any case where it does not do these two things. First, in ten minutes give relief from heartburn, gas, belching, acidity, sour rising, etc. Second, in thirty days completely renovate, cleanse and strengthen the stomach so it can do its own work without aid or any kind. If your own druggist thinks this well of Mi-o-na you surely ought to try it.—Advertisement. not exceed \$600,000.
