

**Standard Remedy**  
For Many Homes

Indigestion and constipation are two conditions closely related and the cause of much physical suffering.

The tendency to indulge one's appetite is general, so that most people suffer at some time or another from rebellion of the over-taxed organs of digestion and elimination. A simple, pleasantly effective remedy that will quickly relieve the congestion of poisonous waste and restore regularity, is the combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant laxative- and digestive, absolutely free from opiates or narcotic drugs and has been the standard household remedy in countless homes for many years. A free trial bottle can be obtained by writing to Dr. W. E. Caldwell, 452 Washington St., Monticello, Ills.

**STORY RITEN**  
By the Messenger Boy

All the natural historians in town turned out last night with the Governor and the society folks, who are nearly natural, to hear Sir Mawson tell his tales of travels in the blizzards that whirled around the south pole. Harrisburgers have a sort of feelin in advance when a thing is a goin to be some good and turn out accordin.

Lots of people didn't know how funny and nice penquins and icebergs is till they seen the pictures last night which was took at 120 below zero. I wish I could swim like a sea-elefant.

The Natural History Society is gettin to be a shinin light in our city with bringin men of fame from Norway, Australia, China, Ireland and Timbuctoo to tell us the mysteries of science; and they should be patted on the back and told to do it again.

Mister Mawson is a man who talks intelligint and who has done things to blow about but doesn't. If everybody stuck to it as he done in gettin through the sikles they would get ahead faster in their business, and if all the bloomin tommies in the hing-hill harny is like 'im, I wouldnt want to be the Kaiser.

Natural history is a thing to be proud of and people should study it more so they know every variety. I know some about it in a silite and modest way. Frinstens I can tell the common animals like the horse, cat, the dog, the rabbit, mouse, the sparrow and the fishworm, and I am learnin more from day to day in my travels to an fro. I know eels don't live on moutains, and I know a elephant from a barn-door; but there is some people don't know enough to come in out the rain. Whenever I get tired in Harrisburg and thing it aint good enough, I think I'll go on a trip to the south pole with Sir Douglas and get some of the meanness froze out. Down there you can travel snow with the wind blowin at 65 miles an hour, and sleep in a shack which they keep up to zero temperature with all the stoves goin, and read through the encyclopedia to pass the time and weep warm.

**DON'T WASH YOUR HAIR WITH SOAP**

When you wash your hair, don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain purified cocoanut oil, for this is pure and entirely greaseless. It's very cheap, and best soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

**HOW SHE ENDED TEN YEARS OF SKIN TORTURE**

Oct. 28, 1914:—"I had eczema on my face for ten years. Little red pimples formed in a small spot on my chin and then spread all over my face. They itched and burned me awfully. It was certainly embarrassing to me, and I would not go amongst people. I tried almost every remedy and treatment that could be used for this trouble, but nothing did me any good. I used Resinol Ointment and Resinol Soap, and was relieved in a day or two. In one month I was cured. This was six months ago and the trouble has never returned."—(Signed) Mrs. C. C. Roberts, Weatherford, Okla.
