RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body. It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples. The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus causing them to filter the blood of impurities and clearing the skin of pimples. Jad Salts is inexpensive, harmless and free from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.—Advertisement.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH OF THE EYES AND HEAD NOISES. If you know someone who is troubled with catarrh of the eyes or head noises, cut out this formula and hand it to them and you will have the means of saving some poor sufferer perhaps from total deafness. Experiments conducted in England some time ago seem to prove conclusively that catarrh of the eyes, head noises, were directly caused by constitutional trouble. It was further brought out that salives, sprays, inhalants, etc., merely temporize with the complaint, and seldom, if ever, effect a permanent cure. This being so, time and money were spent in perfecting a pure, gentle, yet effective tonic that would quickly dispel all causes of the catarrh from the system. The prescription which was eventually formulated and which has caused the healing that catarrh of the eyes and head noises will soon be extinct is given below in understandable form so that any one can treat themselves in their own home at little expense. Secure from your druggist 1 oz. Parentin (Double Strength), about 75c worth. Take this home and add to it a pinch of hot water and 1/2 oz. of granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parentin is used in this way not only to reduce the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear. Every person who has catarrh in any form should give this recipe a trial and free themselves from this destructive disease.—Advertisement.

Practical Prescription Against Stomach Acidity

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased, but if the acid condition is allowed to continue, the acid is very likely to eat into the stomach walls and produce stomach ulcers which may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. It is utterly useless to take pepsin and ordinary stomach tablets. The excess acid or stomach hyperacidity must be neutralized by the use of an efficient antacid. For this purpose the best remedy is bisurated magnesia taken in teaspoonful doses in a fourth of a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the bisurated magnesia as other forms of magnesia make effective mouth washes but they have not the same action on the stomach as the bisurated.—Advertisement.

GOVERNOR TAKES MEMBERS IN HAND

Plans to Call in the People to Aid in Passing the Local Option Measure

Members of the House are beginning to learn that Governor Brumbaugh wants the local option law passed. Despite the fact the liquor interests are claiming control of 144 representatives, the Executive is hopeful of making dents in their lines. Legislators who saw him were informed that he was desirous of learning whether or not he could count on their support of the local option bill. He made it plain that he does not intend to use a club to force through the legislation, but intends to "reason" with the men who make the laws. The Governor expects to call in every Republican and bring every bit of influence at his command to break down the liquor majority. His attitude is causing the liquor interests a good deal of worry. Some of them admit that Brumbaugh has wonderful persuasive powers. The liquor men and their chief supporters in the Legislature are all talking the necessity for haste in disposing of the local option bill. They say it should be gotten out of the way with all possible dispatch so that other business would not be hampered. It is evidently not the intention of the Governor to have the bill hurried. He needs plenty of time to carry on his campaign. Chairman George W. Williams, of the law and order committee and the sponsor of the bill, simply says it will be reported out in "due" time. This necessarily does not mean this month or early in the next. The scheme of the legislative leaders to adjourn the Legislature on February 18 until March 1 fits in with the Governor's plan of getting more time to work among the members. This will also afford additional time for the "home" work among the legislators. The Governor naturally expects the support of the thousands of Pennsylvanians who favor local option.

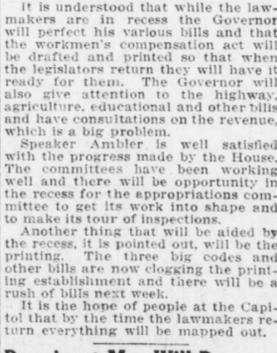

State Board Managers to Hold Estimates. Representatives of state institutions asking larger appropriations from the Legislature than have been recommended by the Board of Commissioners of Public Charities were here late yesterday afternoon conferring with members of the board. It is stated that as a result of the conference the Senate and House appropriation committees will have an easier time arriving at the amount that each institution is to receive for the coming two years. Governor Brumbaugh is said to have something to do with the meeting of the Board of Public Charities yesterday. The Governor, anxious that the appropriation bills shall be kept well within the estimates he has laid out, urged that every effort be made to have the Board of Public Charities and the managers of the various state institutions get together and agree upon the 1915-16 estimates. This will prevent any probable fights on the floor of the House or Senate and incidentally save Governor Brumbaugh from performing the rather unpleasant task of using the printing knife so that the appropriations will not exceed the revenues during the next two years. In almost every instance, the amounts being asked by the state institutions are in excess of the amounts recommended by the Board of Charities. It is quite probable, though, that the board, as a result of the arguments advanced yesterday afternoon, will agree to revise its figures in a few instances and that the appropriations be a little in excess of the original recommendations of the board.

Lawmakers to Take Big Recess; Prepare Bills

Both Senate and House will adjourn from February 18 to March 1. This arrangement was completed last evening, when it was announced that the leaders of the House were in sympathy with the idea advanced in the Senate on Tuesday. Speaker Amble saw Governor Brumbaugh in the afternoon and it is understood that the Governor saw no reason why the recess should not be taken. It is understood that while the lawmakers are in recess the Governor will perfect his various bills and that the workmen's compensation act will be drafted and printed so that when the legislators return they will have it ready for them. The Governor will also give attention to the highway, agriculture, educational and other bills and have consultations on the revenue, which is a big problem. Speaker Amble is well satisfied with the progress made by the House. The committees have been working well and there will be opportunity in the recess for the appropriations committee to get its work into shape and to make its tour of inspections. Another thing that will be aided by the recess, it is pointed out, will be the printing of the big codes and other bills are now clogging the printing establishment and there will be a rush of bills next week. It is the hope of people at the Capitol that by the time the lawmakers return everything will be mapped out.

Deaths and Funerals

BURY VETERAN RAILROADER. Funeral services for John H. Park, aged 66, 632 Race street, who died at the Harrisburg Hospital Sunday from burns received Saturday while working in the Rutherford yards of the Philadelphia and Reading Railway, were held this morning in the Sacred Heart Catholic Church, the Rev. W. V. Valley officiating. Burial was made in Mt. Calvary Cemetery.

HOLD SUMNER E. FRY SERVICES THIS AFTERNOON. The funeral of Sumner E. Fry, aged 23, son of Elias E. Fry, a clerk at the Harrisburg Post Office, was held at the home, 212 Crescent street, this afternoon, the Rev. Clayton Albert Snueker, pastor of the Stevens Memorial Methodist Church officiating. Burial was made in East Harrisburg Cemetery.

SERVICES FOR MRS. MCCLUNE. The funeral of Mrs. Sarah A. McClune, aged 73, widow of Thomas R. McClune, will be held at the home, 220 Harris street, Saturday afternoon at 2 o'clock, the Rev. John H. Daugherty, pastor of Ridge Avenue Methodist Church, officiating. Burial will be made in the Harrisburg Cemetery. She

is survived by these children, Mrs. C. S. Shuster, Mrs. S. L. Duncan, Mrs. J. R. Given, Mrs. H. M. Grove, Edward H. and John S. McClune, eight grandchildren and three great-grandchildren. Papers Prove Horn to Be German Reserve Officer. New York, Feb. 11.—Daniel T. O'Connell, a lawyer of Boston who has been retained in the defense of Werner Horn in the pending extradition proceedings for his transfer to Canada to face a charge of attempting to blow up a railroad bridge between Maine and Canada, visited a hotel in Tompkinsville, Staten Island, yesterday and took possession of Horn's trunk which had been left there. Horn stopped at this hotel for

a time. Before leaving for Boston Mr. O'Connell said that papers in the trunk prove that Horn is a reserve officer in the German army and on this he will base his defense of his act, claiming it is to be a political crime and not extraditable. Mr. O'Connell said Horn had served nine years in the German army before leaving the Fatherland and his

papers show that he had retained his standing as a reserve officer.

GREYSTOCK STAR TO WED. Cape May, N. J., Feb. 11.—Mr. and Mrs. Albert G. Bennett, of this city, yesterday announced the engagement of their daughter, Miss Ella Marie Bennett, to Raymond Ayer Cross, of Philadelphia. Cross is a member of the Greystock team of the Eastern Basketball League.
