ENDORSE

Thompson's Soup Flours

Thompson's Pea and Bean Soup Flours are used by Uncle Sam, by hospitals everywhere and by such clubs as the Union League of Philadelphia.

THOMPSON'S SOUP FLOURS are the pure unadulterated meat of the pea and bean reduced to powdered form.

THOMPSON'S SOUP FLOURS are recommended by physicians for invalids because all indigestible hulls and a large percentage of starch has been removed, leaving only the rich nutritive food elements that can be easily digested.

Thompson's Soup Flours may be had in two varieties, Pea and Bean. Sold in 10c and 25c cans. 10c can will make one gallon of rich puree (25c can—3 gallons), in quantities as desired.

'FRAT' MEN BARRED FROM CENTRAL TEAM

Basketball Players and Argus Staff Members Forced to Resign

City school authorities mean business in enforcing the rule preventing students of the high school who belong to fraternities from holding an office or representing the school organizations in any manner.

This fact was proved recently when it was learned that several seniors at the Central high school who held positions on various school organizations were taken from their offices.

Samuel Froelich, former manager of the basketball team, was one of the boys removed by the school authorities. Harold McNamee, assistant, was chosen to fill his place and is now the manager of the team. Froelich also was social editor on the High School Argus staff. He has also resigned from this position. Edward Roth, prominent in athletics during his school life and sporting editor of the Argus, also was taken off the staff. Walter Smeltzer, prominent in athletic and class circles, another one of the students, will not be O. K.'d as a candidate for any class office.

This morning it was rumored at the school that Karl E. Peters, editor-in-chief, and George Fox, observation editor, had resigned as an outgrowth of the "frat" trouble. Fox stated, however, that he had not resigned and that he did not think he would. It was said, however, that he had considered giving up the position.

The girls recently formed an organization, but they announced at once that it was not a secret society and invited several members of the faculty to attend the next meeting.

LAW EXAMINERS WOULD BE OUSTED

New Bills Would Put an End to the System as It Is Now in Vogue in the State

The State Board of Law Examiners would be abolished and the present system of qualifying lawyers not only to practice before the Pennsylvania Supreme Court, but to become members of the county bars will be revolutionized if a bill that has been introduced by Senator Charles A. Snyder, of Schuylkill, shall be enacted into law.

Senator Snyder's bill, in brief, provides for the revival of the old system of separate county examining boards for admission of members of the bar. With a single paragraph it sweeps away the elaborate system now in operation for admission to practice before the Supreme and Superior courts upon presenting a certificate from the prothonotary of his county to the effect that he has been in active practice of law in that county for one year.

The State Board of Law Examiners whose services would be dispensed

with consists of Samuel Dickson, of Philadelphia, president; Richard B. Coe, of York; William U. Hensel, of Lancaster; Thomas Patterson, of Pittsburgh, and Edward J. Fox, of Easton. The assistant examiners are William Lighter Fisher, of Philadelphia; Thomas Stephens Brown, of Pittsburgh; John M. Harris, of Scranton, and Paul A. Kunkel, of Harrisburg. The secretary and treasurer is Charles L. McKeahan, of Philadelphia.

This board, appointed by the Supreme Court, conducts examinations under rules laid down by the Supreme Court. The preliminary examinations cover all the subjects of a general education, and the applicant is then required to register with a practicing lawyer or a law school and spend three years in the study of law before the final examinations. The examinations are said to have been growing more difficult from year to year. Many of the counties have in effect largely done away with local examinations, preferring to accept the decision of the State board as to educational qualifications and to have the local boards pass merely on the moral and personal character of the applicants.

The Snyder bill would do away with the preliminary examination. An applicant who had studied law for three years would be eligible for the final examination before a committee of five members of the county bar appointed by the courts in each county. The examinations are to be conducted in subjects specified in the bill, and the applicant shall pay a fee of one dollar instead of twenty-five dollars as now required in the State board examination.

Mustarin Conquers Sore Throat and Chest Colds

Just Rub It On and Away Goes Lambo, Neuralgia, Lame Back or Sorecans. Will Not Blister

Go to any live druggist to-day, lay down 25 cents; say: "I want a box of BEGY'S MUSTARINE," and stop worrying about aches and pains.

Rub it on to-night and you won't have any chest cold in the morning. It stops coughs the same way, and sore throat, stiff neck, pleurisy and tonsillitis. It relieves croup speedily and draws out inflammation anywhere.

It drives away rheumatic pains, relieves neuritis, stops lumbago almost instantly and cures every swollen joint and muscle.

Money ask if BEGY'S MUSTARINE isn't the best remedy you ever used to immediately banish headache, earache, tooth ache and neuralgia.

Splendid for lame back, sprains, bruises, sore muscles, chilblain's, callouses, bunions, frosted feet and to turn cold feet into warm ones. Be sure it's BEGY'S MUSTARINE in the yellow box. It's the original mustard preparation and a box is equal to fifty mustard-poultices.—Advertisement.

THREATS MADE TO TAKE JUDGE'S LIFE

Notice Found Today Says Bowling Green, Ky., May Also Be Destroyed by Fire

By Associated Press

Bowling Green, Ky., Feb. 12.—"We hate to kill him but we will," was the concluding sentence of a notice found posted to-day threatening death for County Judge H. H. Denhardt, the destruction of Bowling Green by fire and its public utilities by explosives.

The notice was the second within two weeks promising punishment for Judge Denhardt unless he was instrumental in freeing Thomas Burns, a wrestler, of Ironton, Pa., and Clarence Stem, of Springfield, Tenn., who are awaiting trial before him on the charge of highway robbery. It was found on the approach to a wooden bridge spanning the Big Barren river here. The structure was saturated with kerosene and destroyed by fire early to-day.

The first warning was regarded as a hoax, but in a statement to-day the authorities say they are convinced the situation is serious, so much so that Judge Denhardt has ordered an investigation.

The remainder of the \$25,000 estate was given to Johns Hopkins University, Baltimore.

DAMAGE SUIT DISMISSED

By Associated Press

New York, Feb. 12.—A jury trying a suit for \$250,000 damages brought against E. N. Breitung, millionaire owner of the Steamship Dacia by Max Kleist, who married Miss Juliet Breitung, the defendant's daughter, was discharged to-day in the Federal Court because of the publication yesterday of stories that Kleist had been twice assaulted since his wife had ceased to live with him.

LEVI H. PATTERSON SERIOUSLY ILL

Word has been received here that Levi H. Patterson, a well-known printer and proofreader in the Government Printing Office at Washington, D. C., is critically ill at his home in that city. About a week ago Mr. Patterson had a severe attack of acute indigestion and this was followed by a stroke of paralysis. Mr. Patterson is an old enemy of the Telegram, and left Harrisburg for Washington many years ago.

Dr. Osler on Tuberculosis

Dr. William Osler, one of the foremost of living medical men, formerly of Johns Hopkins, Baltimore, and now Regius Professor of Medicine at Oxford, says in his "Practice of Medicine" (1902), on page 249:

"The healing of pulmonary tuberculosis is shown clinically by the recovery of patients in whose sputa elastic tissue and bacilli have been found. * * * In the granulation products and associated pneumonia a scar tissue is formed, while the smaller caseous areas become impregnated with lime salts. To such conditions, alone should the term healing be applied."

Many eminent medical authorities have testified to the efficacy of lime salts in the treatment of tuberculosis, and the success of Eckman's Alternative in this and allied throat and bronchial affections may be due partly to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Widespread use of this remedy in numerous cases of tuberculosis—many of which appear to have yielded completely to it—justifies our belief that it is worth a trial, unless some other treatment already is succeeding. It contains no opiates, narcotics or habit-forming drugs. We make no promises concerning it any more than reputable physicians give promises with their prescriptions, but we know of many cases in which IT HAS HELPED.

Your druggist has it or can get it, or you can send direct to Eckman Laboratory, Philadelphia. Advertisement.
