Public Service Commission Is Having Data Gathered About Those in the State

Warren H. Manning, the landscape architect who planned Harrisburg's public park system, today began work on plans for the development of the Normal school park tract of nine acres just east of the borough.

STATE POLICE ARE BUSY

Local Cases to Be Heard by the Public Service Commission During Next Week

Data regarding a tunnel in Pennsylvania, being gathered by a transportation company, is being gathered by the Public Service Commission and will be the subject of a special report to the commission.

Local Cases to Be Heard by the Public Service Commission During Next Week

The gathering of this data was begun last Fall and the accident in the tunnel at Phoenixville emphasized the necessity for information that would enable the commission to take up reports on such occurrences.

Youth Accused With John Gibbs of Holding Up Ex-Sheriff Higgins Tells His Story

Two "other fellows" whom Albert Hagy and John Gibbs were with before and whose names they do not know, planned the attack and robbery of ex-Sheriff J. F. Higgins, of Austin, Potter county, in Whitehouse lane below Highspire during the night of February 19, and for which Hagy and Gibbs, Steelton, must answer to charges of highway robbery.

Youth Accused With John Gibbs of Holding Up Ex-Sheriff Higgins Tells His Story

The agreement, according to Hagy, was that he, Hagy and Gibbs were to share the extent of a diamond cluster pin and the gold watch.

Youth Accused With John Gibbs of Holding Up Ex-Sheriff Higgins Tells His Story

Just what happened on the way to the Whitehouse lane in the trolley car Hagy said isn't quite clear. All he remembers is that Higgins was delivered to the other pair who were waiting at the lane.

ASST. CHIEF HURT IN FALL DURING FIRE

The origin of the fire is unknown. No one was working in the building. William Harvey was cutting stone on the outside. Mr. Black, who has been ill for several weeks, was at his home nearby, and noticed the red glare of the flames near the motor which drives the machinery.
