ACTIVITIES IN THE LEGISLATURE

FOUR-LEAD TERMS FOR ALL CITY COMMISSIONERS

Senator Clark Introduces Long List of Amendments to Third Class City Act

Senator Clark, of Erie, author of the law under which Harrisburg and other third-class cities are now operating, introduced in the Senate last night a long series of amendments to the measure.

It is provided that the mayor and members of the council shall serve for a term of four years from the first Monday in January next succeeding their respective elections and shall each be eligible to re-election and all mayors elected in 1911 to serve until the first Monday of January, 1916, and all other mayors and councilmen now in office to serve for the terms for which they were elected.

Home Rule

Another notable amendment gives to each third class city "the exercise of full and complete powers of local self-government."

By one of them, when a city is enlarged by taking in territory from a town, township or borough the law is changed so that indebtedness of the annexed territory and the city combined, prior to the annexation, shall be paid by the enlarged city and the taxes uniform throughout the territorial limits of the whole city and the levying of separate rates of taxation prohibited.

License Taxes

Article V, Section 4, of 1913 act authorizing cities to levy and collect a license tax on licensed occupations, "pawbrokers, trading stamp or premium companies or dealers, warehouses or storage houses or places, wholesale meat dealers, garages and other places where the tax assessed shall be in addition to all other taxes levied or collected by the city, county or Commonwealth.

Sealer of Weights

It is also proposed that council shall elect or appoint a "sealer or inspector of weights and measures, precisely as his term, compensation and duties, who shall be elected by the council and qualified, have all the powers and perform all the duties which may have been conferred and imposed upon a sealer or inspector of weights and measures under and by virtue of the laws of this Commonwealth."

Appropriations Are Asked by Scores Now

SENATE

Wills Eye Hospital, Philadelphia, \$75,000.

Sylvan Heights Orphan Home, Harrisburg, \$10,000.

Huntingdon Reformatory, Huntingdon, \$2,000.

St. Luke's Hospital, Philadelphia, \$105,000.

Paradise Protectors, York county, \$10,000.

State Hospital, Fairview (deficiency), \$11,000.

Girls' Training School, Williamsport, \$6,000.

Home for Infants, Philadelphia, \$8,000.

Home for the Friendless, Williamsport, \$20,000.

COLD STORAGE AND CHILD LABOR BILLS

Uniform State Laws Commission Measure in; Phipps Has Supplementary Act

Several important bills were introduced in the Senate at last night's session, including the cold storage bill prepared by the commission on uniform state laws, presented by Senator Buckman, of Bucks, by request of the commission.

The bill makes it unlawful to keep in cold storage warehouses any article of food which has been held in cold storage either within or without the state for a longer aggregate period than twelve months, except with the consent of the Dairy and Food Commissioner.

More Codes Ordered

The State Legislative Reference Bureau is authorized to continue codifying the laws of the State by subjects by a bill presented by Mr. Roney, Philadelphia.

Mr. Jones, Lackawanna—Providing that the registration of plumbers in this state shall be under the jurisdiction of the chief of the bureau, who may employ such experts as are necessary.

Mr. Powell, Luzerne—Authorizing district attorneys in counties having between 700,000 and 700,000 population to appoint four county detectives at \$1,800 each.

Mr. Hess, Lancaster—Prohibiting the sale of any fire arms in this state containing fire under penalty of \$200 fine or sixty days imprisonment.

Mr. Drinkhouse, Philadelphia—Providing for registration of plumbers in first class cities.

Mr. Kuhn, Greene—Providing that judges in counties having an annual population of more than 100,000 shall be appointed by the State institutions may be sterilized on approval of trustees.

Mr. Evans, Luzerne—Amending the code to provide for appeal to court from action of a school board dismissing a teacher for certain offenses.

Mr. Walton, Lawrence—Authorizing public service corporations to take real estate of public lines of railroads.

Mr. Myers, Washington—Regulating practice in extinguishing ground rents, signs and other things on the premises of blackbirds when destroying crops.

Mr. Wilson, Jefferson—Allowing notaries public to administer oaths in estate proceedings to those having less than 150,000 population.

Mr. Dell, Huntingdon—Appropriating \$400,000 for "special aid" to school districts in which an annual school term of seven months cannot be maintained by a school tax of 13 mills.

Mr. Baldwin, Delaware—Amending the act of May 1, 1913, regulating the act of contracts for public buildings so that separate specifications shall be required when concrete, mason and brick work is equal one-fourth of whole contract price.

Mr. Myers, Washington—Requiring use in bituminous mines of lamps approved by the Federal Bureau of Mines.

Mr. Kuhn, Greene—Making county commissioners overseers of poor in counties having less than 50,000 population.

Mr. Walton, Lawrence—Requiring a license of \$2,000 for trading stamps, one-fourth to go to the State Treasury and three-fourths to the county for the benefit of the poor.

Mr. Milliron, Armstrong—Amending health act of 1895 so that certificates of successful vaccination shall be required by pupils only when small-pox exists in the county.

Mr. Campbell, Philadelphia—Regulating reciprocity with other States in certificates to practice pharmacy.

HOUSE ACCEPTS HIS AMENDMENTS

By a Decisive Majority Against Powell Plan

Representative Robert P. Habgood, fighting for the newspapers whose advertising bills have been held up by Auditor General Powell, won a notable victory in the House of Representatives last night and defeated a well-planned campaign to enable the Auditor General to continue his tactics.

Mr. Evans, Luzerne, introduced a bill that all places where liquor is sold must close at 11 p. m. and remain closed until 8 a. m. The penalty for violation is made fine of \$100 to \$500 and the offender barred from ever receiving a liquor license.

Mr. Baldwin, Delaware, introduced the bill to increase the State police force by 16 corporals and 100 men, all enlistments to run two years.

Mr. Jones, Lackawanna—Providing that the registration of plumbers in this state shall be under the jurisdiction of the chief of the bureau, who may employ such experts as are necessary.

Mr. Powell, Luzerne—Authorizing district attorneys in counties having between 700,000 and 700,000 population to appoint four county detectives at \$1,800 each.

Mr. Hess, Lancaster—Prohibiting the sale of any fire arms in this state containing fire under penalty of \$200 fine or sixty days imprisonment.

Mr. Drinkhouse, Philadelphia—Providing for registration of plumbers in first class cities.

Mr. Kuhn, Greene—Providing that judges in counties having an annual population of more than 100,000 shall be appointed by the State institutions may be sterilized on approval of trustees.

Mr. Evans, Luzerne—Amending the code to provide for appeal to court from action of a school board dismissing a teacher for certain offenses.

Mr. Walton, Lawrence—Authorizing public service corporations to take real estate of public lines of railroads.

Mr. Myers, Washington—Requiring use in bituminous mines of lamps approved by the Federal Bureau of Mines.

Mr. Kuhn, Greene—Making county commissioners overseers of poor in counties having less than 50,000 population.

Mr. Walton, Lawrence—Requiring a license of \$2,000 for trading stamps, one-fourth to go to the State Treasury and three-fourths to the county for the benefit of the poor.

Mr. Milliron, Armstrong—Amending health act of 1895 so that certificates of successful vaccination shall be required by pupils only when small-pox exists in the county.

Mr. Campbell, Philadelphia—Regulating reciprocity with other States in certificates to practice pharmacy.

Mr. Campbell, Philadelphia—Regulating reciprocity with other States in certificates to practice pharmacy.

PRISONERS MUST WORK, SAYS REPORT

For the Establishment of State Farm

Dauphin county is placed in the third district for the State farms for misdemeanants by the report of the penal laws commission presented to the Legislature last night.

Recommendations for the employment of inmates for the penal institutions in manufacture of articles for use in prisons and other State establishments; the purchase of a farm for the Eastern Penitentiary in the vicinity of Philadelphia and the establishment of six district farms to be worked by short term prisoners are contained in the report.

The commission presented a comprehensive report and recommended that there be further study, stating that it presented a report on work in prisons in institutions and on farms, but not on roads as it had not been able to find time to find a feasible plan for this time.

Employment of all inmates in the two penitentiaries all the reformatory instead of 25 per cent.

Creation of a prison labor commission of nine, one to represent each of the three penal institutions, one from the Board of Charities and five citizens to be named by the Governor at \$1,000 salary each and a business agent at \$7,500 to have charge of the whole administration of labor in the penal institutions and the sales to other institutions.

Purchase of a moderate sized farm near Philadelphia for the Eastern Penitentiary as is that at the Western Penitentiary.

Authority for counties to employ inmates in jails, workhouses, houses of correction, etc., in production of goods for use of county institutions or inmates thereof.

Creation of six industrial farms, the State to be divided into six districts, Allegheny and Philadelphia counties to be divided into three districts, Allegheny and Philadelphia counties to be divided into three districts, Allegheny and Philadelphia counties to be divided into three districts.

Transfer of prisoners and an appropriation of \$200,000 to buy sites and erect buildings.

The last House got a bill from the Secretary of the Commonwealth to limit this advertising to two papers in a county, but it never got out of committee, said he. "The last Legislature had a chance to say what it wanted one and that is what it did."

Mr. Habgood charged that the North American was paid \$1,500 and his bill not cut a dollar, but that other papers were held up by the Auditor General.

Mr. Habgood said that the Auditor General were beyond him and that he had lain awake nights trying to get the bill passed, but gave it up. Once he said he had no money, but he personally understood \$18,000 was available.

Mr. Wilson deplored absence of contract to the Commonwealth, to which Mr. Habgood replied there was no mixup, but gave the idea that there had been a holdup. Mr. Wilson then tried to have the Auditor General and Chairman Woodward of the appropriations committee, replied that there was no occasion to recommit at all.

The bill, he said, provided funds, but he was not sure of the amount. The House refused to recommit and after a colloquy between Baldwin and W. H. Wilson, in which the Delaware answered every way to the amusement of the members and the galleries, finally Wilson laughed himself and gave it up.

Mr. Baldwin called attention to the procedure in the Auditor General's office and the House adopted Habgood's amendments and passed the bill on second reading.

Senator Beideman Presents Two Bills

Senator Beideman presented two bills last night, one for the appropriation of \$10,000 to the Sylvan Heights Orphan Home in this city and the other providing for the payment for the keep of indigent insane at the beginning instead of the end of the term.

Other Senate bills read in place: Mr. Vare—Extending the jurisdiction of the Philadelphia municipal court over civil cases to \$1,200.

Mr. Gerberich, Lebanon—Regulating the sale or disposal of opium, cocaine and chloral.

Mr. Snyder, Schuylkill—Directing the Legislative Reference Bureau to establish a system of municipal reference information; requiring foreign insurance companies to invest in approved securities issued in Pennsylvania at least 20 per cent. of the total amount of insurance which they have in force in this State.

Mr. Trappin, Cambria—Requiring that attorneys be admitted to practice in the Supreme and Superior Courts shall have five years' practice in the county courts.

Mr. Snyder, Schuylkill—Authorizing a commission to investigate the change or proposed change in the corporate plan of the Prudential Insurance Company of America and the Metropolitan Life Insurance Company of New York.

Mr. Patton, Philadelphia—Providing for appeals to the common pleas courts in cases of assessment of real estate or taxable property.

WOMAN'S EVIDENCE

Says: "I Wish All Nervous, Weak, Rundown Women Could Have Vinol, It Did So Much For Me"

Beallville, Ohio.—"Vinol has done so much for me I wish all nervous, weak, rundown women could have it. I was so nervous, weak and nervous I could not sleep nights. Everything I ate hurt me, and the medicine I had taken did me no good. I saw Vinol advertised and decided to try it. I had not taken it long before I could eat anything I wanted without hurting me, and I could sleep all night. Now I am well and strong, and in better health than I have been for years. I never spent money for medicine that did me so much good as that I spent for Vinol."—Mrs. Anna Millison, Beallville, Ohio.

Get a big 25-cent box of BEGY'S YELLOW MUSTARDINE in the yellow box and get rid of cold in chest, coughs, sore throat, pleurisy, bronchitis and tonsillitis in a few hours. Keep it on hand at all times, for with it you can end the misery of toothache, headache, earache, backache and neuritis in a few minutes when nothing else seems to do any good.

BEGY'S MUSTARDINE is better than any liniment, plaster, poultice, hot water, or any substitute. It promptly reduces the swelling and draws out agony from rheumatic joints and muscles. It relieves neuralgia and rheumatism, sprains, strains, bruises, soreness, lameness, stiff neck and joints, cramps in leg and pain anywhere. Its action is little less than magical.

LOGICAL DYSPEPSIA TREATMENT

Importance of Eliminating Acidity and Food Fermentation

During the past two or three years reports have frequently appeared in the Press concerning the remarkable results of a new method of treating acidity and its ability to promote normal, healthy digestion by preventing dangerous stomach acid has often been demonstrated. Until recently dyspepsia was treated by the use of a grain powder form only, from one to two spoonfuls of which, taken in a little water, would be taken three or four times a day after a meal. This new method of treatment is a very convenient form. This new tablet of bisulphated magnesia can now be obtained of drug stores everywhere and many physicians are already prescribing them instead of the powder form.—Advertisement.

Do Your Teeth Need Attention?

We will be glad to have you visit our office and our honest advice will save you money by showing you the best way to take care of your teeth. No charge for examination.

We make teeth that must fit and look natural and give satisfaction. Painless extraction included. When plates are ordered, your old plates made over or repaired. Gold or porcelain crowns, bridge work and all kinds of fillings.

Large, comfortable offices, sanitary throughout. Lady attendant.

Local Bills Show Up in the House

The third judge bill for Dauphin county was not called up in the House last night owing to absence of Mr. Nissley, its sponsor.

Mr. Nissley's bill, presented by Mr. Wildman as follows: Sylvan Heights Orphanage, \$10,000.

Purchase of the Harry E. Hoke collection of 1,500 relics for the State Museum, \$5,000.

Mr. Goodyear put in bills as follows: Brethren Home at Grantham, \$4,000. Todd Hospital, at Carlisle, \$2,000.

Mr. Nissley offered a bill for \$7,500 for publishing the State railroad map by the Department of Internal Affairs.

Rheumatism Advice

Here is a prescription for rheumatism (to be mixed at home) used all over the U. S. for many years and said to be the surest remedy. It neutralizes acid in the blood and gives results after first dose: "One ounce of Toris compound and neutralizing dangerous stomach acid has often been demonstrated. Until recently dyspepsia was treated by the use of a grain powder form only, from one to two spoonfuls of which, taken in a little water, would be taken three or four times a day after a meal. This new method of treatment is a very convenient form. It's Cheaper to Smoke

Moja 10c Cigars

Because an all Havana cigar has the "body" and the other essentials that make a full, satisfying aroma. One MOJA at 10c will positively give more downright keen enjoyment than 10c worth of nickel cigars. Smoke several Mojas a day and you'll break away from the habit of "smoking like a chimney."
