Methodist Episcopal Sunday School had its annual election in the social room last evening.

The first thing on the program was a banquet served by Rutherford. Covers were laid for forty-five and the table was artistically decorated with hyacinths and ferns. Pink shaded candlesticks added to the beautiful arrangement. In place of after dinner speeches, the chairmen of the different committee and several teachers made reports on the work of the past year, and a definite plan was adopted to bring up the membership. After the reports had been made, Dr. Fox, chairman of the meeting, called for nomination of superintendent for the past twelve years, nominated Harry B. Saussaman, a prominent young lawyer. The election of W. S. Fisher as secretary, E. O. Shaffner as treasurer, Edward F. Paul as librarian and John P. Melick as historian followed.

The meeting was adjourned to meet

The meeting was adjourned to meet March 3 to make final plans for the coming year and to hear the appointments made by the new superintendent. Mr. Saussaman will be installed March 7.

The Governor held this bill the full ten days allowed him by the Constitution and he has been busy asking for explanations. Every department was requested to put in writing why it needs the money asked for and whether it was necessary.

The Senate and House items were identical, except one relates to the Senate and the other to the House. That for the Senate reads:

"For the payment of additional incidental expenses and the salaries and mileage, session of 1915, of such additional officers and employes of the Senate as may be necessary, to be expended by the chief clerk of the Senate, who shall render to the Auditor General accounts from time to time with specifically itemized vouchers, to be settled in the same manner as other accounts. Provided, that all vouchers for salaries and mileage of officers and employes shall be certified by the President pro tempore and the chief clerk of the Senate."

After these items the Governor wrote: "I withhold my approval from this item for the reason that I am not convinced of the necessity of this expenditure."
