FARMERS' INSTITUTE

POSITIVE RELIEF FOR CONSTIPATION

The progress of modern medical science is, perhaps, no more forcefully evident than in the simplifying of many of the old time remedies of past generations. For instance, the harsh catharties and violent purgatives used by our forefathers to relieve constipation are now known to be not only unnecessary but really harmful. Constipation can be more effectively relieved without the discomfort and pain these old-time remedies occasion.

pain these old-time remedies oc-casion.

A combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Cald-well's Syrup Pepsin is most effec-tive, yet mild and pleasant. It's absolutely free from opiates and narcotics and equally as desirable a remedy for the tintest babe as for rugged manhood. A free trial bottle can be obtained by writing to Dr. W. B. Caldwell, 452 Wash-ington St., Monticello, 111s.

"Thank You" From Evangelist to Harrisburg Telegraph For **Publishing News**

Special to The Telegraph

Mechanicsburg, Pa., Feb. 22.—When the tabernacle service closed last night, after six weeks' campaign of evangelistic work in this place, conducted by the Rev. E. C. Miller, the result was 1,318 souls won for Christ, being almost thirty per cent. of the entire population of Mechanicsburg. The converts occupied the middle section of seats in the tabernacle, when they marched there in a body, and were greeted by thunderous applause, as they entered. All classes were represented in the group, including business men, educators, rich, poor, moral men, booze hoisters, indifferent and scoffers. After a service of song, when Prof. Huhgatt and Miss Cree brought down the house with a duet, "Glory in My Soul," which was so impressively sung as to bring tears to the eyes of the peopie. The Rev. Mr. Miller commenced to thank all persons who had in any way assisted in the great work, and he had a iong list. He uttered nothing but good words for the Mechanicsburg people, who showed their interest by coming night after night, and doing whatever they were asked. There were tear-stained faces everywhere in the crowd of about 2,600 people, who realize the debt of gratitude they owe to the Miller party. Among the "thank you's" was one for the Harrisburg Telegraph for kindness in publishing the work of the campaign and carrying the news of the meetings to homes throughout Central Pennsylvania.

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat If You Feel Backachy or Have Bladder Trouble

Meat forms uric acid, which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with litha, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless, and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder disseases—Advertisement.
