## Neglected Kidney Trouble -- Serious Sickness

A year and a half ago I was taken with a severe attack of kidney trouble that pained me to such an extent that morphine had to be given me. I was attended by a doctor who pronounced it as Stone in the Bladder and prescribed Lithia Water. I took Lithia Water and Tablets for some time and received no relief from it. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and much relief. While taking the second bottle commenced to pass gravel until I had passed in all at least a half dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,  
H. W. SPINKS,  
Candy Hill, Ala.

Personally appeared before me this 16th day of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.

## BLACK CAT TRAIN RIDER

Big Feline Rode Hundreds of Miles Under Passenger Car  
Special to The Telegraph  
Hagerstown, Md., Feb. 23.—A big black cat is being held at police headquarters here on the charge of vagrancy and train riding, but under a suspension of sentence the feline will probably be adopted by the officers to replace "Old John," the police headquarters cat that died several months ago. The cat was found on the tracks of a coach when the passenger train on the Norfolk and Western railroad arrived here yesterday. The crew believes that the cat rode in that position all the way from Bristol, Tenn., as it was nearly starved and stiff from exposure to the cold. After being taken into the depot the "train rider" was held to headquarters by a policeman and charged with illegal train riding, but Justice D. W. Doub decided to suspend sentence if the officers would adopt the cat.

## FAMOUS EAGLE CASE IS ARGUED IN COURT

### State Game Wardens Had Asked For Arrest of Judgment After Conviction

Special to The Telegraph  
Lewistown, Pa., Feb. 23.—Argument court heard the famous Peffer eagle case yesterday. Sometime ago State Game Wardens Charles A. and A. H. Baum were found guilty of larceny of an eagle from Peffer, a Mifflin county hunter, by a jury and the wardens through their attorneys made a motion for an arrest of judgment. Attorney Fred Culbertson, argued the case for the Commonwealth. Among the principal reasons that he gave for his stand in the matter was that the law of 1909 placed eagles on the unprotected list of game birds and that the legislative act of 1913 only made the eagle a protected bird by implication. He contended that the act of 1913 is unconstitutional.  
Attorneys A. Reed Hayes and L. J. Durbin, argued that the court should set the verdict aside and not impose a sentence upon the wardens. Judge J. M. Woods announced that he would render his decision later.

## Mr. Lynch Calls Mayor Royal, Presiding Officer, Out of Order in Council

City Commissioner W. H. Lynch this afternoon coolly but decidedly called Mayor John K. Royal out of order as the latter presided at to-day's session of council.  
The simple little parliamentary tip was handed the presiding officer by Mr. Lynch when the latter had recommended the Reo motor truck, offered by the Harrisburg Automobile company for the successful award at the bid of \$2,275. The next lowest was the Morton Truck and Tractor company, another local concern which offered \$2,900.  
"I move to amend by substituting the Morton company," called out the mayor, "because it is a local industry and will provide work for our own people."  
"You can't do that," coolly observed Mr. Lynch. "You know you've either approve or disapprove my recommendation."  
"Ah, yes," promptly returned the mayor, "you're right, I was wrong."  
"I, too, would prefer to recommend the home industry," went on Mr. Lynch, "but both these cars are standard makes and I feel in duty bound to recommend the lowest bidder."  
A petition from residents of Nineteenth street, Chestnut to Mulberry, asking for opening of the street conditions and for sidewalks was referred to Mr. Lynch.

## SEVEN JUST DETEST THAT STONECRUSHER

### Fourteen There Were in Almshouse Basement; Door Is Missing; There Are Still Seven

Up until some extent before dawn this morning there were just fourteen tramps and others waiting for the stone crusher. Now there are seven.  
There's a little story about it, and here are the facts as explained by John Guyer, clerk of the poor board. It appears that only a few days ago the basement of the almshouse where the devotees of the "crusher" sleep o' nights, was cleaned and cemented and otherwise comfortably fitted up, albeit some iron bars were strung across the windows and an iron door was ordered to replace the wooden one. The story of the coming of the iron door seems to have precipitated that which makes the story "twas thus."  
The iron is due to reach here tomorrow morning. Rumor at the crusher had it that it was due to-day. During the night the frame door was forced open. The watchman early to-day discovered the little group that had remained loyal to the crusher.  
"How many are there of you?" called the watchman.  
"We are seven," responded the chorus. The other seven had scattered like the winds.

## Peruna for Colds

### Stubborn Cough Cold on the Chest Thick Yellow Sputum

Mr. H. E. Waterman, Brooklyn, Wis., writes: "I had a very peculiar cough for several months, the result of a cold on my chest, and I finally became aware that I had catarrh of the bronchial tubes. Every night and morning I would cough and raise a thick, yellowish matter which was very disagreeable. I took medicines which were prescribed for me, with little or no effect, and as my trouble grew worse and worse I became very much discouraged. The druggist advised Peruna, and as I had noticed it advertised quite freely I thought I would give it a trial. I soon found that it was doing me a great deal of good, and I took only a few bottles before I was perfectly well. I feel very thankful to Peruna."  
This is a typical case of bronchial catarrh. Many people are subject to chronic cough, caused by catarrh of the bronchitis.  
Those who object to liquid medicine can now obtain Peruna tablets.

## SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the quickest, surest dandruff cure known

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.—Advertisement.

## COUNCIL PAVES WAY TO CLOSE WALL GAP

(Continued from First Page.)  
3 to 2, Commissioners Bowman, Lynch and Taylor voting for and Mayor Royal and Commissioner Gorgas voting against it.  
Both of the latter had intimated from time to time that they were not opposed to the measure, but both said that they wanted to vote "no" because the City Planning Commission was not represented at the session.  
At last Tuesday's meeting Council upon Mayor Royal's suggestion, invited the Planning commission and representatives of the electric light company to attend to-day's meeting. The Planning commission stated in a letter last week that it did not consider the island location suitable.  
Not a member of the commission appeared at to-day's session. President Herman is in Florida. Secretary B. F. Umbarger was unable to be present because of a death in the family. George B. Tripp, C. M. Kaltwasser, R. W. Hoy and Engineer J. H. Thomas were present for the light company.  
Commissioner Taylor said he considered the absence of the commission and the lack of any notification of their purpose not to attend to mean that they were not "very aggressive" on the subject. Mr. Gorgas said he did not feel inclined to vote for the measure in the absence of the commission, however.  
"I am in favor of this ordinance," declared Mayor Royal when his name was called on final passage. Then he took a stand similar to Mr. Gorgas and voted "no."  
Before final action was taken it was discovered that through an oversight the \$50 required by an old ordinance had not been paid. This was to cost of printing, etc. A representative of the company paid the money and the receipt was produced before the roll call on final passage was taken.  
In speaking of the merits of the ordinance Mr. Tripp pointed out that the removal of the company's traffic, the heaviest haulers of coal at Market street, would allow ultimately of the unloading of all the coal by smaller concerns at Paxton street.

## Whether drugs are drank—

### Or shot into the arm— Results Are Harmful!

If you are a coffee drinker—have you stopped to think that with every cup of coffee, you are taking from two to three grains of caffeine, a slow, but powerful, drug?  
According to medical authorities, caffeine is a cause of nervousness, heart trouble, indigestion, constipation and other ailments. It's a cumulative drug, and what's more, a habit-forming drug.  
Sometime, when the coffee-drug gets in its licks, you'll realize the harm it does; but wouldn't it be better to avoid trouble—stop coffee now and use Postum.

It is a pure food-drink, made from selected wheat and a little wholesome molasses, carefully roasted, ground and skillfully blended. This gives it a snappy taste much like that rich, old Java, but Postum is absolutely free from caffeine, or any other harmful ingredient.

Postum comes in two forms:—Regular Postum, which requires boiling—15c and 25c packages; Instant Postum, soluble in hot water, and made instantly, in the cup—30c and 50c tins.

The difference is only in the form. Both kinds are equally delicious and the cost per cup is about the same.
