Advance Copies Here of Mrs. Martin's New Book

"Martha of the Mennonite Country," the latest work of Mrs. Heien R. Martin, will be placed on sale March 1. Advarve copies of the book have reached this city and the reviewers, as well as Mrs. Martin's friends who have read it, are delighted with the tale.

The story is woven about a prominent novelist who goes to a small town of Pennsylvania as principal of the high school to secure local color for his forthcoming novel; Martha, the gifted daughter of a Pennsylvania Dutch family; his school assistant, a New York society girl who wants a career; his artist friend and illustrator, and Martha's stepmother. Lucy Marsh Will Sing

Lucy Marsh, a favorite lyric soprano, who is coming to this city Thursday, March 18, first attracted attention as a church singer. The manager of a leading talking machine company heard her sing and asked her to make a record for him. This "Villanelle" has been one of the best sellers on the company's lists, and concert engagements have rapidly followed. Lately she has been unable to make many concert dates because she must make two visits a month to the Victor laboratories at Camden, N. J., where she has now more than fifty records to her credit.

STUDY AND EXERCISE

Study does not hurt a child unless the study time is taken from time that should be spent in out-of-door exer-

cise.

Overstudy and lack of exercise make thin, bloodiess children. It is a combination that provokes St. Vitus dance. If your child is thin and pale, listless, inattentive, has a fickle appetite and is unable to stand still or sit still, you must remember that health is even more important than education. See to it at once that the patient does not overstudy, gets at least two hours out-of-door exercise every day, sleeps ten hours out of every twenty-four and takes a nonalcoholic tonic like Dr. Williams Pink Pills until the color returns to cheeks and lips and the appetite becomes normal.

For growing children who become pale and thin Dr. Williams Pink Pills are not only safe but in the great majority of cases they are the very best tonic that can be taken. They build up the blood and strengthen the nerves and assist nature in keeping pace with Tapid growth.

The Dr. Williams Medicine Com-

and assist nature in keeping pace with rapid growth.

The Dr. Williams Medicine Company, Schenectady, N. Y., will send you two books on the blood and nerves if you mention this paper. If your child is very young ask for the booklet "The Care of the Baby." Your own druggist sells Dr. Williams" Pink Pills.—Advertisement.
