Shares of Motor Companies Again Active in Advancing Prices in Wall Street

By Associated Press

New York, March 1.—A point advance in Union Pacific and two-point decline in Louisville and Nashville to 110, its new minimum, were the principal features of to-day's early stock market. Prices otherwise inclined to irregularity.

Reading responded favorably to a moderate inquiry, while Pennsylvania was heavy on its poor statement of earnings for January. Shares of the motor companies were again active at advancing prices. Americans, with the exception of Canadian Pacific, were lower in the London market.
