NEW YORK DETECTIVES BREAK UP ANARCHISTIC PLOT TO ASSASSINATE RICHEST MEN IN AMERICA

ATTEMPT TO BLOW UP BIG CATHEDRAL FAILS; CHECK **REIGN OF TERROR PLANS**

Metropolitan Police Trail Bomb Thrower and Place Him Under Arrest as He Hurls Explosive at Main Altar of St. Patrick's; Destruction of Edifice Was Intended as Signal For Lawless Gang to Inaugurate an Epoch of Murder and Pillage

New York, March 2.—An attempt to blow up St. Patrick's Cathedral with a bomb to-day and the arrest of two men by detectives who had been informed for months of their activities was followed by an announcement made at police headquarters that the arrests had balked an anarchist plot to kill with bombs Andrew Carnegle, John D. Rockefeller, John

SIGNAL FOR OPENING OF CAMPAIGN OF MURDER

The wrecking of the cathedral was to be the signal for the opening of the elaborate campaign of murder and looting. The next move, according to the police, was to place bombs in the homes of Andrew Carnegie, the Rockefellers and Cornelius Vanderbilt. So far had the plot progressed, toward this end, that the manufacture of the bombs, the police say, had already been started.

With these and other capitalists disposed of, the anarchists planned, according to the police, to invade the financial district and lay their bombs in the city's biggest banks. General looting was to follow.

Abarno Under Arrest
Abarno realized the identity of his companion a moment after he had lighted from the glowing end of a cigar the fuse of the bomb which he carried under his coat. The missile had barely left his hand, to lie for a moment on the carpet at the foot of the altar, when Baldo pinioned Abarno's arms behind him, told him that he was under arrest and started to leave the church. Abarno permitted himself to be handcuffed to his captor without resistance and walked meekly down the alse with other detectives surrounding him.

Baldo had lived with the alleged unarchists since last December. He had obtained Abarno's complete confidence and had discussed with him, and others, the police assert, the details of the widespread plot. From

Concerning the latter engagement French and German reports disagree sharply. Berlin states that the allies have been driven back, while Paris claims that the French have repulsed strong German counterattacks and gained more ground.

In Poland the Russians are on the offensive along the entire front. In the most important operations around Prasnysz the Germans are said to have been defeated decisively and forced back across the border.
