DRESS WARM AND KEEP FEET DRY

Tells Rheumatism Sufferers to Take Salts and Get Rid of Uric Acid

Rheumatism is no respecter of age, sex, color or rank. It is the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water.

Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is sure to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

Stomach Troubles Quickly Cured

People go on suffering from little stomach troubles for years, and imagine they have a serious disease. They over-eat or over-drink and force on the stomach a lot of extra work, but they never think that the stomach needs extra help to do the extra work. If these people would take Tonaline Tablets regularly they would be a great big help to the stomach in its strain of overwork. No matter what you eat or drink Tonaline tabs sweep up your sour stomach and stop gas belching in five minutes. The heaviness disappears, and the stomach is greatly aided in its work of digestion.

Tonaline Tablets not only promptly relieves all distress, but if taken regularly will absolutely cure indigestion by building up the flabby, overworked walls of the stomach and make them strong enough to digest the most hearty meal. \$1 for a 50 days' treatment. Mailed by American Proprietary Co., Boston, Mass. Advertisement.

March Winds Chill the Home

You can't afford to grow careless with regard to your furnace and your coal supply, simply because it's March. March winds, especially if there's cold weather as often happens, will play havoc with the comfort of your home unless you keep the furnace doing full duty with Kelley's Coal.

Kelley's Hard Stove at \$6.70 is best for the average furnace.

CELEBRATE FULL CREW SAVES LIVES

Legislative Boards of Organized Trainmen Resent Petitions Signed by R. R. Employes

Legislative representatives of the Order of Railway Conductors and Brotherhood of Railroad Trainmen, in a statement to-day, reiterated their stand for "safety first."

Members of the legislative boards of these two brotherhoods claim that the expensive literature sent out by the railroads fails to exemplify in a single instance the desire to stick to this slogan.

To-day's statement from the conductors and trainmen also calls attention to the petitions for a repeal signed by many railroad employes as having been resented by the railroads, and gives notice that all unfair arguments made by the railroads will be refuted. The statement in part follows:

"Organized railroad employes of this country, especially in Pennsylvania where the legislative and executive bodies will soon be asked to consider 'the repeal of the full crew law,' are massing in force in one preliminary stand to acquaint their fellows and their neighbors with the real issue.

Arguments Fail "If 'humanity has more friends now than it ever had,' and these railroadmen are now claiming that it has, then the organized railroads' much adopted slogan, 'safety first,' fails to be exemplified in a single instance in the tons of costly literature sent out for the purpose of repealing this humane measure; and because this literature has been sent to the members of the Legislature through various channels, as well as to businessmen of the State, who are the real potent force back of all car wheel movements heretofore, these railroad employes have decided to jump on the vehicle of publicity to properly present their side of the issue.

"These organized railroadmen vehemently resent a line of so-called petitions circulated, which tend to show railroad employes' names as in favor of the repeal of the full crew law. They claim that many of these signers are clerks directly or near officials of the railroads and hundreds of female and foreign help, some of the latter uneducated and employed at excavation or in entrenched work.

"Whatever hurtful work this literature does, these petitions may do in their circulation throughout the State, the organized railroadmen have set about in vast numbers to refute, by sensible argument with the grocer, the baker and the candlestickmaker, as they believe, that reasonable investigation of their case before the real court of public opinion will keep their full crew law on the statute books of Pennsylvania for all time, and where it justly belongs.

"They argue that the full crew law in principle or in fact has not killed a single man, but with abundant railroad operating statistics, they show that the organized railroads' much adopted slogan, 'safety first,' fails to be exemplified in a single instance in the tons of costly literature sent out for the purpose of repealing this humane measure; and because this literature has been sent to the members of the Legislature through various channels, as well as to businessmen of the State, who are the real potent force back of all car wheel movements heretofore, these railroad employes have decided to jump on the vehicle of publicity to properly present their side of the issue.

"Organized railroadmen are humanely arguing to-day that the operation of the full crew law in this State is relieving Pennsylvania, at least, of the terrible toll of human lives that is being taken by the railroads. They claim that this full crew law stands for greater humanity and for man before money; that it takes account of the lives of the railroad wage workers, who are the fathers of all men, women and children who are the millions of paid passengers every day in the year.

"Are the men who operate the trains in this State, and who are entrusted to their care? Is the vital question being asked by organized railroadmen to-day in this State from Erie to Delaware, and many of these railroad employes vitally concerned in the endurance of the full crew law, who have consigned some of the railroad company's literature to their rear gardens, claim that they know more

Many Recoveries From Lung Trouble

Eckman's Alternative has restored to health many sufferers from lung trouble. Read what it did in this case: "I am in Wilmington, Del. 'Gentlemen—In January, 1908, I was taken with hemorrhages of the lungs. I was in bed for several weeks. I got very weak, and I had a cough that would not stop. I had a doctor, but he recommended Eckman's Alternative, but had done good. I continued faithfully, using no other remedy, and finally noticed the clearing up of my lungs. I firmly believe Eckman's Alternative saved my life." (Advertisement)

Get Rid of Rheumatism

An Easy Matter with Rheuma, the Marvelous Remedy for the Disease Drive out the uric acid from the joints. Get every particle of this poisonous matter out of your system, and keep it out. You can do it with Rheuma, a scientific prescription that acts at once on kidneys, stomach, liver and blood; dissolves the uric acid and causes rheumatic agony to vanish. Read this proof: "After treatment by three doctors, without result, I have been cured of a very bad case of rheumatism by using two bottles of Rheuma. It is now two years since I used the remedy, and I am still as well as ever. Previously I was a cripple, walking with crutches."—Judge John Barhorst, Fort Loraine, Ohio. H. C. Kennedy thinks well enough of Rheuma to offer it on the "no-cure, no-pay" plan at 50 cents.—Advertisement.

'HERO OF AN HOUR' DIES AT CARLISLE

Charles Hall, Honored Soldier of Spanish War, Passes Away in Poverty

Special to The Telegraph Carlisle, Pa., March 2.—Full of almost as many spectacular features as marked the career of "Butch" McDevitt, Wilkes-Barre "Millionaire for a Day," the story of Charles Hall, "Hero of an Hour," has been recalled by the death of the former soldier. Hall was found dead Sunday in the house of a friend where he had gone when driven from his own dwelling by the cold. Coroner Deardoff reported death due to neuralgia of the heart.

A participant in the attack on San Juan Hill, of the campaign in the regular army and marine force, of an hour, has been recalled by the death of the former soldier. Hall was found dead Sunday in the house of a friend where he had gone when driven from his own dwelling by the cold. Coroner Deardoff reported death due to neuralgia of the heart.

RELIEF WORKERS TO EXHIBIT SUPPLIES

Contributions continue to come in as a result of the urgent appeals made by the various churches and Sunday schools. A man from Dauphin visited the relief workers yesterday and made a close inspection. He declared he would give \$5 to the general fund and a similar amount to the Red Cross division. A contribution that has been put to good use was in the form of a big box of clothing and supplies from the Globe store. Sweaters, caps, boys' suits, underwear and neckties, along with overcoats and mittens went exceptionally welcome outfits for a number of needy families, of whom the ladies in charge have names. A box of shoes from the Hauppauge Boot and Shoe Factory likewise came in for generous comment from the workers, who quickly disposed of those needful articles of apparel.

Subcontractor Carley Likely to Finish Work on New Shimmell Building

To Edward B. Carley, New York city, subplastering contractor on the new Shimmell school building on Allison's Hill, will probably be left the job of completing the long-delayed, much-discussed and sorely-needed structure. The school board in special session yesterday afternoon considered the Shimmell building situation and the proposal of the Fidelity and Deposit Trust Company, of Baltimore, the surety company behind the John W. Emory Company, the building contractor, to release Emory from his obligation because he couldn't finish the work. A balance of more than \$18,300 remains to be paid on the contract and because Carley, who has considerable money tied up in supplies and equipment as the subplastering and interior finishing and decorating contractor, his request to take over the uncompleted work will likely be granted. The board will act finally on this proposition at Friday evening's regular meeting.

Young Society Matron Lays Down Rules

In discussing the approaching social season a young matron says that the success of every event, whether in home, church or club, depends upon the foresight of the women months before. The brilliancy, charm and success of a party is dependent upon the physical condition of the hostess. She cannot be entertaining, witty or clever if she is loaded down with all the conventionalities of her hair; and very few are free from the functional troubles which bring with them dizziness, backache, sick headache, sleeplessness and intense nervousness. Thousands upon thousands of mothers, wives and daughters in every section of this great country, who have disposition after months of misery and even despair are the ones who truly appreciate the marvelous restorative power of Dr. Pierce's Favorite Prescription.
