Many Foxes Killed in Seven Mountains Region This Winter

Special to The Telegraph
Lewistown, Pa., March 2.—A few days ago a train in the Narrows east of town killed a fox, and Clarence Long, poultry fancier, of Granville, four miles west of this place, has killed three of these animals within a week or two. Foxes are getting more plentiful in this section. Mr. Long, who is a well-known sportsman, is also somewhat of a taxdermist, and he has eured and mounted the hides, with heads and talls attached, for floor decorations.

This has been a hard winter on game in this section and sportsmen have been feeding turkeys and other game. Deputy State game protectors of Belleville have fed wild turkeys and

AFRAID OF KIDNEY TROUBLE—THE REMEDY

In 1908 I was taken very sick with Kidney trouble and being afraid, I wene to a prominent physician at Libertyville, Iowa. After doctoring for some time without cure or relief I began the use of Swamp-Root and found immediate relief. After using several bottles which I bought of Jericho's Drug Store of Fairfield, Iowa, I became a well man and can honestly say that I have never had any signs or a return of any Kidney trouble. I am so grateful toward your medicine that I never hesitate to recommend it to anyone I know who is suffering with Kidney trouble.

LEVI ZIMMERMAN'S BIRTHDAY

Derry Church's Oldest Resident Celebrates Anniversary at His Home
Hershey, Pa., March 2,—Levi Zimmerman, the oldest resident of Derry Church, celebrated his eighty-third birthday at his home. Mr. Zimmerman sold the first land upon which the famous chocolate town is built and has seen the community in all its stages of rapid growth. He has been a resident of Derry Church for thirty years. He is a trustee of St. John's Lutheran 'Church, of Palmyra, and was one of its organizers. He is a native of North Annville township and in his young manhood was a boatman on the Union canal, making trips to Philadelphia. He drove the mules along the towpath, receiving 50 cents' a day for such services. For a number of years he was engaged in the store business at Bindnaugle's Church and at Derry Church.

Stomach Troubles Due to Acidity

So says Eminent specialist. So-called stomach troubles, such as indigestion, wind, and stomach-ache are in probably nine cases out of ten simply evidence that fermentation is taking place in the food contents of the stomach, and acids. Wind distends the stomach, and causes that full, oppressive feeling sometimes known as hearthurn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the fermenting food. Such fermentation is unnatural, and acid formation is not only unnatural, but may involve most serious consequences if not corrected. To the stomach is not only unnatural, but may involve most serious consequences if not corrected. To the stomach is not only unnatural, but may involve most serious consequences if not corrected. To the stomach and harmless, a teaspoonful of the stomach known, should be taken in a quarter of a glass of hot or cold water immediately after eating, or whenever wind or acidity is feit. This stops the fermentation, and neutralizes the acidity in a few moments. Fermentation, mind and acidity are dangerous and unnecessary. Stop or prevent them by the use of a proper antacid, such as bisurated magnesia, which can be obtained from any druggist and thus enable the stomach to do its work properly without being hindered by poison.

Auto at Firemen's Bazar

John R. Herbein, 434 South Seventeenth street, is in Hagerstown to-day, making arrangements for the transportation to this city of an Overland Touring car awarded him, by the Pioneer Hook and Ladder Company No. 1 of that place.

The fire company held a bazar recently and among the many prizes given away was a model 80, Overland, retailing for \$1,075. Mr. Herbein is an engineer on the Philadelphia and Reading Railway, and is on the run from this city to Philadelphia.

A dapper little chap did a regular land office business in the vicinity of Cherry and Court streets this morning when he offered little red balls wrapped in white paper as a sure cure for exploding lamps. He sold them for 10 cents per.

A housewife accidentally dropped one in a bucket of water, which immediately turned red. A close view showed that it was candy of the variety that sells for 10 cents a pound.

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2½ ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a ceugh and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phiegm in the throat and bronchial tubes, thus ending the persistent locse cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in guaiacol, which is shealing to the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex,"—do not accept anything else. A guarantic of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.
