

ACNE BROKE OUT ON NECK AND JAW

Big Pimples Came, Itched Nearly All Time, Could Not Go Anywhere. Face Awful Looking, Used Cuticura Soap and Ointment. In Six Months Face Well.

Clark Green, Pa.—"About two years ago acne broke out on my neck and jaw bones. Great big pimples would come and they would look awfully. They would itch nearly all the time. I had to scratch them. Sometimes I could not go anywhere for my face would be sore and awful looking. "I was given some salve and told to get green soap and use it. I did that for a while and it went away but came back just as bad. Last spring I thought I would try Cuticura Soap and Ointment. My face stopped itching and in three weeks it began to clear up. I would wash my face with just as hot water as I could stand and use the Cuticura Soap, and I applied the Cuticura Ointment every afternoon and evening before going to bed. In six months my face was entirely well." (Signed) Mrs. Earl White, June 19, 1914.

Besides soothing and healing skin troubles Cuticura Soap and Cuticura Ointment are superior toilet preparations.

LONG CHASE AFTER AUTO

Youths Confess to Having Ran Away With Machine From Berwyn Special to The Telegraph York, Pa., March 3.—After an exciting chase, which covered a distance of 50 miles, three automobile thieves of Wayne, Pa., were captured last evening by Detective Charles S. White, of this city, and Officer Stock of Hanover. The prisoners are Walter Fritz, Harold Hogan and Raymond Murphy. The stolen automobile in which they were traveling was the property of Dr. Thomas Atkins, of Berwyn, Pa. The youths have confessed. They also stated that they were implicated in the theft of an automobile last Sunday night at Berwyn, which was owned by Dr. Hobson, which car was later recovered. The prisoners say they were on their way to Baltimore. An offer to sell a blanket to pay toll Detective White on their trail.

FIREMEN HAVE PIG ROAST

Mechanicsburg, Pa., March 3.—Last evening the members of the Washington Fire Company enjoyed a pig roast at the enginehouse. The pig was taken to the Dillsburg Fire Company fair by the local company, who gave it to be chanced off. E. W. Eckels, of the Washies, won the pig and it was brought back and furnished a feast for the members.

TEMPERANCE UNION MEETING

Blain, Pa., March 3.—Last evening the Woman's Christian Temperance Union held its regular monthly meeting at the home of Mrs. Samuel Reen.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapepsin" is the quick and surest Stomach relief

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heart-burn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation. This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery. Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Advertisement.

COAL RATES CASE BEFORE SERVICE BODY

Lancaster and York Manufacturers Declare Pennsy Charges Too Much For Hauling

Much interest was shown yesterday in the argument before the Public Service Commission on the complaint of the Manufacturers' Association of Lancaster and York as to the rates assessed by the Pennsylvania Railroad Company for the transportation of bituminous coal from the Clearfield district to York and Lancaster. Jere S. Black, of York, representing the complainants, contended that the rate from the coal districts to Harrisburg is \$1.19 a ton, \$1.10 to Lancaster and York and only \$1.69 to Philadelphia and Baltimore. He could see no reason for an increase of twenty cents between Harrisburg and York and Lancaster, a distance approximately of thirty miles and only an increase of ten cents above the Lancaster and York rate to Philadelphia—a distance approximately of sixty-five miles. George Stuart Patterson appeared for the Pennsylvania Railroad Company. Testimony was taken in the matter of the Businessmen's Association at Hagerstown against the Philadelphia and Reading Railway Company concerning night passenger service on the North-east Pennsylvania branch. The company introduced testimony to show that the train which formerly left Philadelphia at 1:35 was taken off because it failed to produce sufficient revenue. Additional testimony was taken on the complaint of the city of Chester against the rates of the New Chester Water Company, but because of the absence of material witnesses postponement for two weeks was decided upon. Attorneys Bunting and Harvey represented the respondents and were assisted by Messrs. McDonough, Howell and Taylor the complainants.

TWO WAREHOUSES BURNED

Lancaster, Pa., March 3.—Two destructive fires occurred in Lancaster county towns last evening. At Ephrata Jacob Keller's big two-story frame tobacco warehouse was burned. The fire started, it is believed, by a spark from a Reading Railway engine. Three hundred cases of 1909 tobacco and 37 empty cases ready for filling were burned. Loss, \$17,000, nearly covered by insurance. The other fire was at Quarryville. E. B. Fritz Sons' feed warehouse was destroyed. Loss, \$12,000, partly covered by insurance.

By-product Discovered in Drainage From Mine

Concessionsville, Pa., March 3.—A process of treating sulphur drainage water from the mines, by which a rich yield of chemicals, principally iron oxide pigments, used in the manufacture of certain kinds of paints, has been discovered by Chief Chemist J. R. Campbell, of the H. C. Frick Coke Company. Experiments carried on for several months have shown conclusively that not only are these chemicals extracted from the water, but that the water is purified in the operation. According to Superintendent C. C. Bower, of the Davidson plant, a modern plant to treat sulphur water from the mines is soon to be erected. It is probable that other plants of like kind will be erected at the larger mines and the drainage water treated by the same method. Exhaustive tests have shown that not only iron oxide pigments can be recovered, but ferro-hydrants, useful in the purification of artificial gas, are also yielded. Coal men, aside from the relative value of the chemicals extracted from the water, are greatly interested in the purification of streams now polluted by sulphur water from the mines.

TWO WIVES, CHARGE SAYS

Divorce Reveals Queer Matrimonial Adventures Ebensburg, Pa., March 3.—Papers filed by L. Verd Ithue, master, yesterday, in the divorce case of Nonie Noon vs. Fred L. Noon, of Conemaugh township, allege that February 1, 1913, Noon married Nonie Dickel, his uncle's housekeeper, in Pittsburgh. The same day he persuaded her to go to her parents' home in Savage, Md., until he could provide a home for her in Johnstown. Noon on February 10, 1913, married Bertie Hammer, of Johnstown, in Uniontown, and took her with him to his home north of Johnstown. The Dickel girl remained with her parents until her baby was born and then went to Johnstown to find her husband, when she found him with another wife and baby. REFUSED BY GIRL HE TRIES THE GAS ROUTE

Harold Bonawitz, aged 20, 403 Walnut street, made an alleged attempt to commit suicide, last night at his home, by gas. He was found by fellow-boarders, who searched for the odor of escaping gas. Bonawitz was sent to the Harrisburg Hospital, but revived just as he reached the institution. His condition is not serious. It is alleged that he had been driven to despair because a girl refused him. A note explaining his action was found, in which he asks forgiveness for the awful thing he was about to do. LET 'ER SHOOT! "Allow me to introduce Mr. McKan cal, inventor of the letter chute." "Glad to know you. But why do you inventors spend all your genius inventing war engines?" — New York Evening Mail.

MOTHER! IT'S CRUEL TO FORCE OIL OR CALOMEL INTO A SICK CHILD

"California Syrup of Figs" can't harm tender stomach, liver, bowels

Look back at your childhood days. Remember the "physic" that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing give "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach and that a teaspoonful given to-day saves a sick child to-morrow. It should be the first remedy given as it always does good, never any harm. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.
