Pianos That Are Perfectly Safe to Buy

-are the only kind worth owning. What's to be gained by buying a Piano you know nothing about, when, for the same amount of money, wisely invested, you may procure an instrument of reputation and character, whose name is instantly recognized by everybody. Such Pianos are these:

Chickering Everett Hardman Kimball Merrill Bush & Lane Poole Shoninger and others sold here.

You know if you have a Piano bearing one of these names, there can never be any question about its quality, its value and its durability. These things are doubly guaranteed, by the maker and ourselves, and we are here to make good our guarantee, if necessary.

Prices for Quality Pianos Are Not High In This Store

Our immense business volume gives us first choice of all makes, just as it gives you the largest variety, lowest prices, strongest guarantee and most liberal payments. Investigation will convince you.

Grand Chief Stone Tells of Fictitious Securities

Special to The Telegraph
Chicago, Ill., March 3. — Warren S.
Stone, grand chief engineer of the
Brotherhood of Locomotive Engineers,
yesterday submitted to the board of
arbitration which is hearing the western railroad wage case a statement in
rebuttal to the testimony of the railroad managers. He charged that the
issuance of fictitious securities had absorbed past, present and future revenue
gains of the western railroads.

Mr. Spanlger, York—Extending time for filing reports of limited partnerships, joint stock associations or corporations with the Auditor General.

The resolution presented by Mr. Cromer, Allegheny, to fix March 17 as the last day for introducing bills was sent to the rules committee on motion of its sponsor, who declared that the House had not done as much as it should have done. The House, he said, was largely composed of business and professional men, who were giving of their time. He then reminded the Senate that the Legislature met here and not in Atlantic City or San Lucie, Florida.

# MINERS WILL GET

Companies and Men Will Each Submit Amendments to Committee; Both Sides Satisfied

phia; George H. Wray, Altoona, and J. Grant Schwarz, Harrisburg.
The House public health and santtation committee fixed Tuesday for hearings on optometry bills and Iald over for the present the bills for sterilization of idiots and feeble-minded in state institutions.

An extended hearing was given on the Spangler bill to place all county officers in counties having less than 150,000 population on a fee basis.

The bill to legalize incorporation of trackless trolley corporations was reported out by the municipal corporations committee. Senator Thompson's suggestion at the close of an all-day session of the Senate committee on mines and min ing last evening that the miners and operators in the anthracite region get together and agree upon an amendment to the mining code passed in 1891 that will make it possible for the miners to enjoy the benefits of a workmen's compensation act was favorably received by both sides. It was agreed between Roger Dever, a Wilkes-Barre lawyer appearing for the men, and Robert Quinn, of Wilkes-Barre, representing the companies, that they would each submit an amendment to the committee. Chairman Thompson is then to submit both changes to "an authority on workmen's compensation." whom the chairman said he already has in mind, and from this move it is expected the desired result will be brought about. At to-day's hearing Attorney Dever, Thomas Kennedy, of Hazieton, district president of the miners, and William Toner, former member of the House from Luzerne, made arguments favoring the passage of the Catlin bill. Opposing them were Mr. Quinn, from the Suquehanna Coal Company; Harry G. Davis and Patrick H. Devers, of Kingston, from the Lackawanna Coal Company, for the Erie and Pennsylvania. Coal Company, and W. W. Inglis, of Scranton, for the Erie and Pennsylvania. Coal Companies. Charles Enzlan, of Wilkes-Barre, presented a protest from the Engineers' Society of Northeastern Pennsylvania against that part of the Catlin bill which would disqualify college trained men foreman. The bill says only men having five years' practical experience in an anthracite mine can be made foreman. There will be another hearing before the committee reports out the bill. SHE DARKENED HER operators in the anthracite region ge Gray Hair and Stimulated Her Growth by a Simple Home Process City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To half pint of water add 1 ozo of bay rum, 1 small box of Barbo Compound and ¼ ounce of glycerine. These ingredients can be purchased at any drug store at very little, cost. Apply to the hair every other day until the gray hair is darkened sufficiently, then every two weeks. This mixture relieves scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."—Advertisement.
