A REMARKABLE MEDICINE

A few years ago I suffered from kidney trouble to such an extent I thought I was developing serious kidney trouble. I tried Lithia Water and Tablets without relief, then I tried several doctors without any help from them in the least. My kidneys became so bad that I made the remark at the time that I would not live until Christmas. I saw Swamp-Root advertised in a paper and having tried everything else without relief, I resolved to try it and obtained a bottle before taking the entire contents I was entirely cured and feel as if I had obtained a new lease of life. I am very thankful for what Dr. Kilmer's Swamp-Root has done for me and consider it a wonderful medicine. Yours very truly, GEORGE T. INGRAM, Opelika, Alabama. Subscribed and sworn to before me this 12th day of July, 1909. JOE H. SMITH, Notary Public, Lee County, Ala.

Mt. Holly Springs COUNCIL PROTESTS

Places Charges Against Trolley Company in Hands of Borough Attorney For Action

Carlisle, Pa., March 4.—Alleging that a ditch substitute for worn-out rails and other makeshift equipment is a menace to safety, residents of Mount Holly Springs have petitioned the council of that borough to order the Carlisle and Mount Holly Trolley Company to have their track repaired in the town and to endeavor to have other improvements made. By formal resolution the council at a meeting held Tuesday evening decided to act in this respect and has placed in the hands of its attorney the charges made. Petitioners declared that in Mount Holly where a worn-out rail had caused the cars to leave the track on each trip a ditch was constructed to throw the car on the rails again; that the power brakes are out of commission, and that the change in fenders recently ordered by the Public Service Commission following the death of Mrs. Appleton, mother of the Rev. Floyd Appleton, of Harrisburg, have not been made, are among the other allegations.

11 MILK DEALERS FACE PROSECUTION

Twenty-six Samples of a Total of Fifty-six Tested Show Deficiency of Butter Fat

Failure of cream sold in the city to come up to the standard amount of butter-fat required by State and city regulations may be the basis of prosecution and fines for a number of dealers whose samples were found lacking in the tests made in February by the food inspectors of the City Health Bureau.

According to the report issued last night by Dr. J. M. J. Raunick, city health director, twenty-six samples of cream from a total of fifty-six tested fell below the 18 per cent. of butter-fat required. It is expected that steps will be taken immediately to punish every dealer or producer responsible for the low grade cream. Dealers from whom the samples of cream with low amount of butter-fat were taken were as follows: C. H. Barnhart, 14 per cent. butter-fat; H. H. Cook, two samples, 18 per cent.; J. H. Fought, 14.50 per cent.; C. A. Hoak, fourteen samples, ranging from 15 to 14 per cent.; W. H. Myers, 12.50 and 16 per cent.; C. O. C. 14 per cent.; C. H. Sheesley, 14.50 per cent.; J. H. NEURALGIC PAINS

These may be felt in any nerve of the body but are most frequent in the nerves of the head. Neuralgia may be caused by a decayed tooth, eye-strain or a diseased ear, but the most common cause is general debility accompanied by anemia, or thin blood. For this reason women who work too hard or dance too much and who do not get sufficient rest, sleep and fresh air, are the most frequent sufferers from neuralgia and sciatica, which is neuralgia of the sciatic nerve. Nutrition for the nerves is the correct treatment for neuralgia and the only way to nourish the nerves is through the blood. Dr. Williams' Pink Pills supply to the blood just the elements it needs to increase its capacity to carry nourishment to starved nerves. They have proved helpful in so many cases of neuralgia and sciatica that any sufferer from these troubles is fully justified in giving these pills a trial. Dr. Williams' Pink Pills contain no harmful or habit-forming drugs and may be taken for any length of time with perfect safety. The pamphlet "Diseases of the Nervous System," is free to you if you mention this paper. Address: The Dr. Williams' Medicine Co., Schenectady, N. Y.
