## MAN NEARLY DEAD IS FOUND IN CAR

### Gives Harrisburg as His Home When Revived From Effects of Drug and Exposure

Special to The Telegraph  
Hagerstown, Md., March 4.—Suffering from the effects of an unknown drug, and unconscious from exposure, Roy Sanger, 21 years old, of Harrisburg, who boarded a freight train on the Western Maryland Railroad in this city and rode to Cumberland, was taken from a car to the Western Maryland hospital for treatment.

While at times perfectly conscious, Sanger suffered from hallucinations from the effect of the drug which, he said, was given to him by a person whom he did not know.

Sanger said he met two men in Hagerstown, who, like himself, were looking for work and the trio left on the train, taking refuge in an open boxcar. One of the men offered Sanger something in a powder form, telling him it would protect him from the weather. When the train left Hancock, the two men jumped from the car. Shortly after Sanger said he was seized with severe pains and his tongue became numb. He was so cold that condition by the train crew before the train reached Cumberland. After being treated at the hospital, Sanger improved and it is thought that he will recover.

The Harrisburg directory does not contain the name of Sanger. Sanger is the only name similar. Efforts to locate relatives were futile.

## MILDREDINA HAIR REMEDY GROWS HAIR AND WE PROVE IT BY HUNDREDS OF TESTIMONIALS

It never fails to produce the desired results. It cleanses and invigorates the hair glands and tissues of the scalp, resulting in a continuous and increasing growth of the hair. Letters of praise are continually coming in from nearly all parts of the country stating that Mildredina Hair Remedy has renewed the growth of hair in cases that were considered absolutely hopeless. A lady from Chicago writes: "After a short trial my hair stopped falling and I now have a lovely head of hair, very heavy and over one and a half yards long."

Mildredina Hair Remedy stimulates the scalp, makes it healthy and keeps it so. It is the greatest scalp invigorator known. It is a wholesome medicine for both the hair and the scalp. Even a small bottle of it will put more genuine life in your hair than dozen bottles of any other hair tonic ever made. It shows results from the very start.

Now on sale in every drug store and toilet store at the land. 50c and \$1.00.

Mildredina Hair Remedy is the only certain destroyer of the dandruff microbe which is the cause of 93 percent of hair troubles. These pernicious, persistent and destructive little devils thrive on the ordinary hair tonics. For sale by George A. Gorgus—Advertisement.

## Rubbers with Extra Strong Heels

A Rubber is no claimant for merit if its heel be weak. Hub-Mark Rolled Edge Overs are made with extra strong and extra thick heels and soles that give unusual wear. In fact, the heels and soles wear much longer than those of ordinary rubbers. A trial will convince you that this is true.

Also made in storm cut style. Buy Hub-Mark Rubbers for your children—for yourself.

303 Franklin street, three-story frame, owned and occupied by John Dundoff.

The general store, a three-story frame structure, owned by Mr. Dundoff, Franklin and Myers street, and which adjoins his residence, was damaged by smoke and water.

Mr. Reist could not be reached to give an estimate of his loss but it will reach at least \$4,000. Mr. Dundoff estimated his loss at about \$100.

The alarm was turned in from Box 52, Francis and Myers streets, at 11:15, when flames were seen issuing from the upper stories of 305 Franklin street.

**House Falls With Man**  
In responding to the alarm Albert Downey, a member of the Eastway Hook and Ladder company, narrowly escaped serious injury when one of the company's horses fell as it was coming down the steep Lincoln street hill. North Front street. Downey was driving the horse to the firehouse when the horse touched the firehouse wood block paving it fell. In some precarious manner Downey kept his place on the animal's back and escaped injury. The horse was uninjured.

The fire raged the fiercest in the upper stories of the buildings. This leads to the belief that sparks from an engine might have started the blaze. George Craver, who occupies 307 Franklin street, declared there was no fire in his house.

**Endangers Gas Plant**  
When the first streams of water were turned on the buildings burned shingles arose and fell from buildings for a half block. For awhile grave fears were entertained over a spread of the blaze to the Harrisburg Gas Company's plant only a few hundred feet away. Prompt work of the firemen, however, checked the flames. Fire Chief John E. Shupp, Jr., signaled that the flames were under control at 11:50.

Bursting hose and flying glass menaced the safety of the firemen for several minutes, but none was injured.

whom he could find necessary tools. To-morrow the ten-day limit for beginning the 1915 street repair work by Repeating Contractor E. Walter expires and if the contract shows that he has made no effort to comply with Commissioner Lynch's order, his bondsman, the Title Guaranty and Trust Company, Scranton, will be informed of the alderman's failure to get busy. The company had put up a bond of \$10,000.

April 15, Walter's contract with the city expires and Commissioner Lynch will insist that the streets are in all good shape before the city releases him.

## OIL STEAMER DETAINED

London, March 2, 2.15 P. M.—(Delayed in Transmission)—The Standard Oil Company steamer Platania bound for Malmo, Sweden, has been detained at Kirkwall, Scotland, by an investigation of the Platania, a steamer of 2,204 tons, under command of Captain Carpenter, sailed from Philadelphia on February 3 bound for Malmo and Helingsborg.

**How to Have the Best Cough Remedy and Save \$2 by Making it at Home**

Cough medicines, as a rule contain a large quantity of plain syrup. A pint of granulated sugar with 1/2 pint of warm water, stirred for 2 minutes, gives you as good syrup as money can buy.

Then get from your druggist 2 1/2 ounces Pinex (50 cents worth), pour into a pint bottle and fill the bottle with sugar syrup. This gives you, at a cost of only 54 cents, a full pint of really better cough syrup than you could buy ready made for \$2.50—a clear saving of nearly \$2. Full directions with Pinex. It keeps perfectly and tastes good.

It takes hold of the usual cough or chest cold at once and conquers it in 24 hours. Splendid for whooping cough, bronchitis and winter coughs.

It's truly astonishing how quickly it loosens the dry, hoarse or tight cough and heals and soothes the inflamed membranes in the case of a painful cough. It also stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent louse cough.

Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiacol, and has been used for generations to heal inflamed membranes of the throat and chest.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

## RAILROAD NEWS

### COURT DECISION IS OF INTEREST HERE

#### Vice-Chairman S. L. Curry, Legislative, Contributor to Railroad Insurance Fund

In the event of the United States Supreme Court deciding that the Railroad and Ohio Southwestern Railroad million-dollar insurance fund is illegal, one man now in Harrisburg, S. L. Curry, will be a party to the final distribution of funds. At Cincinnati yesterday in a common pleas court decision this insurance fund was declared illegal. Notice was given that the case would be taken to the United States Supreme Court.

This fund is raised by contributions from salaries of employees. S. L. Curry, who is vice-chairman of the legislative board of the Brotherhood of Railroad Trainmen, paid in \$2 each month for seventeen years and \$4 a month for ten years. Legality of this fund has long been questioned, but no decision was made until yesterday. Attorneys claim that the case will be carried to the Supreme Court of the United States and if the common pleas court's ruling is upheld the entire fund will have to be distributed among those who contributed to it.

The guns lost are said to include 23 batteries of 305 millimeters and a number of 185 millimeters.

## GOVERNOR STANDS BEHIND STATE VETERINARIAN IN HIS PROHIBITION OF SHIPMENTS NOW

It is regarded here as unlikely that any change will be made in the State quarantine against shipment of cattle from Chicago through Pennsylvania.

The State officials contend that it would be unwise as well as dangerous to allow cattle to pass through. State Veterinarian C. J. Marshall has been given full authority in the matter. Governor Brumbaugh declining yesterday to set aside the quarantine when asked by Joy R. Brown, of Chicago, representing shippers, and W. H. Noyes, of New York, representing the Pennsylvania Cattle Raisers' Association. They made strong pleas, but the Governor and attorney general held that the State was exercising power which it undoubtedly had and that Dr. Marshall would be the best judge. Investigations will be made.

Representatives of cattle shippers in Chicago and New York firms which are at the office of the State Veterinarian at New York, when asked by Joy R. Brown, of Chicago, representing shippers, and W. H. Noyes, of New York, representing the Pennsylvania Cattle Raisers' Association. They made strong pleas, but the Governor and attorney general held that the State was exercising power which it undoubtedly had and that Dr. Marshall would be the best judge. Investigations will be made.

The stand of the State Board in refusing to allow cattle to pass through Pennsylvania is being upheld by letting telegrams received by the Governor. One of them is from Percival Roberts, Jr., who says that as the owner of a valuable herd he cannot too strongly endorse the position of the State Veterinarian in refusing shipments through Pennsylvania.

**Dinner For Gov.**—Governor Brumbaugh will give the first State dinner of his administration on Monday night when he will be at the Superior Court at the Executive Mansion.

**Ex-Senator Here.**—Bayard Henry, of Philadelphia, was among the call-states Sunday. He was at the office of Governor Brumbaugh to-day. He just paid his respects.

by corporate security to the amount of \$200,000.

**Directors Met Last Night**  
J. F. W. Eversmann, cashier, issued a statement in which he said the directors last night were overjoyed at the decision of the institution to carefully decided to close because of generally unsatisfactory conditions and "certain paper which the bank held, paper which ordinarily would be at right." He expressed the hope that depositors would be paid in full but said he could make no promise.

The German National had a Pittsburgh Municipal deposit of \$40,000.

## STEELTON

### STEEL TRADE NOW SWINGING AROUND

#### Placing of Orders For 500,000 Tons of Rails Indicates Return of Normal Conditions

A large increase in the number of big rail orders placed by the railroads indicates a speedy return to former conditions in the steel trade, according to the current issue of the Iron Age.

Since January 1 the railroads have asked for bids on 500,000 tons of rails. It is likely that small companies will place at least some local part of these big orders.

The Iron Age says in part: "While disappointing as to cars and locomotives, there is no ground for complaint of railroad buying of rails, which for the first two months of the year has exceeded 500,000 tons. The Agglomera Steel Company's sales to railroads in the United States have exceeded more comment in view of a contract for 5,000 tons closed last week with the Illinois Central. Rumor made this sale considerably larger, but verification of a higher tonnage is lacking. Previous sales of the Sault mill on this side were over 20,000 tons, including two of 500 tons each ordered in the latter part of 1914, one of these being at \$29.40 delivered, or nearly \$3 under the quotation of domestic mills.

**N. P. Buys 20,000 Tons**  
"The Northern Pacific has bought 20,000 tons of rails, of which 8,500 tons was placed at Chicago, 7,500 tons at Buffalo and 4,000 tons at Pueblo. The Illinois Central will buy its Southern rails, amount not stated, from the Ensley mill. The Great Northern has given out 10,000 tons in the week and the Omaha road 5,400 tons. The International Great Northern has placed 1,500 tons at Ensley and the Pennsylvania has given the Illinois Steel Company a similar trial order (2,900 tons) to that placed with Eastern mills.

"British mills will furnish the 25,000 tons called for by Queensland. France is in the market for an amount put as high as 30,000 tons, but nothing has been placed in this country, as reported in London. Russia has bought several thousand tons of light rails.

The Burlington has bought 1,500 gondola cars. There are still pending about 2,500, or less than a week's work for the country's hungry carshops."
