## LITTLE BOY BURNED TO DEATH IN FIRE

Left Behind When Dwelling Caught, Body Was Burned to Crisp

Waynesboro, Pa., March 5.—Elmer, son of George Thompson, 18 months old, was burned to death yesterday in a fire that destroyed the Thompson home. The child was in the house with its three young brothers, and when the fire broke out they ran leaving the child behind. When help reached the scene the fire had gained such headway that to enter the house was impossible, and the child died in the flames. After the house had been completely destroyed the firemen found the body burned to a crisp. The house which was a two-story one, was burned to the ground together with its contents.

## Constipation a Penalty of Age

Nothing is so essential to health in advancing age as keeping the bowels open. It makes one feel younger and fresher and forestalls colds, piles, fevers, and other dependent ills. Cathartics and purgatives are violent and drastic in action and should be avoided. A mild, effective laxative- tonic, recommended by physicians and thousands who have used it, is the combination of simple herbs with pepsin sold by druggists everywhere under the name of Dr. Caldwell's Syrup Pepsin. The price is fifty cents and one dollar a bottle. For a free trial bottle write to Dr. W. R. Caldwell, 451 Washington street, Monticello, Ill.

## COAL MINING SHOWN IN MOVING PICTURES

Williams Valley Institute to Present Splendid Exhibition at Lykens and Williamstown

Lykens, Pa., March 5.—Through the efforts of the Williams Valley Mining Institute, moving pictures, showing the production of anthracite coal, will be exhibited in the Budd Theatorium at Lykens, on the afternoon and evening of March 11, and at Williamstown on March 12, under the direction of the United States Bureau of Mines. These pictures show all phases of the anthracite mining industry from the time the fire boss makes his daily inspection to the loaded trains on their way to the markets of the country. The interesting pictures are unique in that they will show to all not actually engaged in this industry just how the work is done in and about the mines at a first-class colliery. The films were produced by real miners in a real mine of Pennsylvania for the Panama Exposition at San Francisco, but on account of teaching of different methods in the various collieries they will be shown to both adults and children throughout Pennsylvania. Arrangements are under way to have the Lykens and Williamstown school children view the pictures in a body on the afternoon of March 11.

**BULLET INJURES MARKSMAN**  
Projectile From Rifle Rebounds and Strikes National Guardsman  
Lewistown, Pa., March 5.—Jesse Picketts, 21 years old, a member of company M, National Guard of Pennsylvania, while engaged in target practice at the west end of the Narrows, near Jack's creek bridge, late yesterday afternoon received a scalp wound from a rebounding bullet. Young Picketts fired his rifle at a target in line with the bridge, and the bullet from a high pressure cartridge deflected from an iron girder on the bridge and plowed its way through the scalp of the marksman above the right temple. Joseph Dreese, rushed the young man to a physician's office in this place where the wound was dressed.

## Resinol

certainly does heal eczema. In our file of reports, covering a period of twenty years, literally thousands of physicians tell how successful the Resinol treatment is for eczema and similar skin troubles. Reeser, of Lewisburg, was again selected conference secretary.

## DEDICATED SONG TO BAND

Boy Scout Musical Organization Honored by "In Dear Old Frisco"  
Lewistown, Pa., March 5.—The famous First Boy Scout Band of this place is getting a lot of publicity through having a very popular song dedicated to it. On the title page of this song, "In Dear Old Frisco," appears the caption "Dedicated to the Boy Scout Band of Lewistown, Pa., first Boy Scout Band of the United States." The title page is by Peffer, a New York artist, and the song was written by H. H. Hain, a former resident of Newport, and for many years editor and proprietor of the Duncannon Record.

## A Beautiful Complexion

May Be Obtained by the Use of Stuart's Calcium Wafers, the Greatest of All Blood Purifiers.

No need for anyone to go about any longer with a face covered with pimples, blotches, eruptions, blackheads and liver spots. These are all due to impurities in the blood. Cleanse the blood thoroughly and the blemishes will disappear.

"Stuart's Calcium Wafers will give you an excellent skin and remove all facial eruptions."

That's what Stuart's Calcium Wafers are intended to accomplish and do accomplish. Their principal ingredient is Calcium Sulphide, the quickest and most thorough blood cleanser known.

These wonderful little wafers get right into the blood and destroy eruptive substances present in it. In some cases a few days are sufficient to make a marked improvement. And when the blood is pure the whole system is a hundred per cent. better. Go to any drug store and get a 50-cent box of Stuart's Calcium Wafers. Get them to-day.

Don't fret any longer about those blackheads, pimples, boils, tetter, eczema spots or skin eruptions; they all go and "go quick" if you use Stuart's Calcium Wafers. A small sample package mailed free by sending coupon below.

## THE AMERICAN DISEASE

Neurasthenia may be called a distinctively American disease because the condition of the nervous strain that produces it is more prevalent here than in any other country. Overwork and worry, ambition, haste, the high tension at which business is conducted, all use up the nerve force and produce neurasthenia, for the disease is simply exhaustion and excessive irritability of the nerve centers.

A tendency to neurasthenia is inherited by many Americans whose ancestors had but a small stock of nervous energy to bequeath. Grief, excessive worry or disappointment in love, business or school work may cause neurasthenia.

The symptoms include a feeling of exhaustion upon rising in the morning, of disturbed sleep, headaching, with a sense of weight and tightness about the head. The patient is irritable, difficult to please, and suffers from depression.

The treatment is to remove the cause if possible (as when overstudy is responsible) take abundant rest, spend ten hours in bed out of every twenty-four, eat as much nourishing food as possible and take Dr. Williams' Pink Pills to restore the nerves. Send today for our free booklet on "Nervous Disorders." Address: Dr. Williams' Medicine Co., 232 Broadway, N. Y. Our own druggist sells Dr. Williams' Pink Pills.—Advertisement.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff gone, scalp itching and falling hair stops. This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

## How We Weigh Coal

You may rest assured when you get a load of coal from us that the weight is correct.

We are just as particular about weighing our coal as your grocer is when he weighs sugar.

Each load is carefully weighed before it leaves our yard. We have a large box at the side of our scales filled with the different kinds of coal. If the driver does not have enough on his wagon he takes the necessary amount out of the box to make the scales balance. If he has too much coal on the wagon he takes some off. Every order is exactly right—there is no guess work.

Our scales are balanced several times each day and they are inspected at intervals by the Harrisburg Scale Inspector.

Furthermore, we are just as careful about the quality of the coal as we are about the weight.
