

### Trixie Friganza Musical Comedy Star at the Orpheum

Local vaudeville devotees will likely take a keen interest in the announcement that Trixie Friganza is booked to appear at the Orpheum next week. Miss Friganza ranks with the highest lights in either musical comedy or vaudeville and the fact that this will be the first opportunity that Harrisburg theatergoers have had to see her at popular prices, makes her engagement doubly interesting here. She has

appeared at the Majestic theater a number of times but this will be her first appearance at the Orpheum. Miss Friganza will present her same glittering act of songs, humor and gowns at the Orpheum next week that she is offering with tremendous success as the headliner of the vaudeville show at Hammerstein's Victoria theater, in New York City, this week. —Advertisement.

### LOCAL OPTION IS STRONGLY BACKED

#### Governor Brumbaugh Supported by Men Without Regard to Party Lines in the State

#### PALMER GETS ABOARD, TOO

#### Statement Made at the Capitol Calls on the People to Line Up With Governor

Governor Brumbaugh's stand for local option is being backed by people all over the State and responses to appeals by committees for support for the Executive show that the people are really with him. Before leaving for Philadelphia last night the Governor sent letters to a number of clergymen asking them to give their help and also wired a number of men prominent in politics.

One of the rumors set afloat last night designed to force the Governor's hand. It was reported that an effort would be made on Monday night to take the Williams bill out of committee and to line up the House against the Governor's desire to have it remain for awhile. The Governor did not appear to be disturbed by the report and neither did anyone but the liquor lobbyists.

Ex-Congressman A. Mitchell Palmer, who was asked to line up the Democratic legislators, sent an answer to the Governor's telegram, promising his support, and wrote a letter to each of the forty Democratic members of the Legislature to redeem the party pledges made to the people of the Keystone State.

The telegram of Governor Brumbaugh to Representative Palmer said: "Will you personally appeal to every member of our Legislature to redeem your party pledge by voting for local option. If so, it will win. I appeal to you to do this service for Pennsylvania."

Mr. Palmer's reply to the Governor read:

"Your telegram received. I shall be very glad to personally urge every Democratic member of the Legislature to redeem our party's pledge and vote for local option, county unit, local option, self-government and home rule are fundamental principles of our government. The people of Pennsylvania are for local option by a large majority, and their will should prevail. Wish you success in your fight to give the people the right in each county to determine for themselves this important question."

Governor Brumbaugh's stand on the local option was commended in resolutions adopted at a meeting of the Men's Bible Class of Grace United Evangelical Church at Reading last night.

The organization is composed of more than 100 of the city's most prominent church workers. The resolutions urged that the Governor be given the moral support of all religious organizations, and steps were taken to have the churches of Reading and Berks county unite in a movement to procure support for the bill from the city and county representatives in the Legislature.

#### Statement on Situation

A statement issued at the Capitol last night on the local option situation, said:

"If the people of Pennsylvania really want a decisive victory for local option at this session it is time they quit their seats in the grandstand and come squarely and decisively into the arena to fight like men, hand and arm for the cause. The Governor does not need applause. He needs help. He is not asking for resolutions of fragrant phrases but for intelligent, energetic and instant work directly with the members of the Legislature. Good intentions and good will must be carried into good service in a good cause. If you are red-blooded and clean and patriotic, get busy."

#### Congratulations Given

The Governor has received the following telegrams:

"Accept sincere congratulations upon your speech to the local option committee to-night. Hoping for your success. (Signed) Harry K. Daugherty, Grove City."

"Congratulations on the stand you have taken on Local Option. (Signed) W. George Lord, teacher Bible Class No. 8, First Methodist Church, McKeesport."

"We, members of the Alexander Mack Bible Class of the First Presbyterian Church of Pittsburgh, Pa., are in sympathy not only as men but as servants of God with the county local option bill you have drafted in accordance with your pledge to the people, and we promise you our support as a body of men who seek the uplift of all mankind. We feel that you will be the victor because it is for righteousness and God, who is all holy and powerful. Doubtless, He is with you as well as the prayers of this body of Christian men. (Signed) Alexander Mack Bible Class, P. M. Kennedy, secretary, Pittsburgh."

"The executive committee of the Pittsburgh Baptist Brotherhood in session to-night unanimously expressed appreciation of your aggressive stand on the liquor question, and assure you our hearty endorsement and support on any anti-liquor measure. (Signed) Leigh Shields, secretary, Pittsburgh."

"The Men's League of Mercersburg in session in the Presbyterian Church assure you of our earnest support in your great fight for the passage of a county local option bill. (Signed) J. M. Myers, secretary, Mercersburg."

"Keep up the fight for local option. If any Republicans vote to force the bill out of committee before you are ready, I will help you in nineteen hundred and sixteen to canvass their districts against their nomination and if nominated will help you defeat them at the polls. (Signed) S. H. Miller, Mercersburg."

"The Christian Temperance League of Chester county wishes to express earnest approval of your position on Local Option, and urges you to stand firm, extending to you hearty support and co-operation. (Signed) Mrs. Halliday J. Price, president, West Chester."

#### A SENSE OF HUMOR

"Now, Silas," said the speaker, "I want you to be present when I do liver this speech."

"Yassuh."

"I want you to start the laughter and applause. Every time I take a drink of water, you applaud; and every time I wipe my forehead with my handkerchief, you laugh."

"You better switch dem signals, boss. It's a heap mo' liable to make me laugh to see you standin' up dar deliberately takin' a drink o' water." —Washington Star.

### MINE ACCIDENTS SHOW A DECREASE

#### State Department of Mines' Report For Soft Coal Field Shows Results of Inspection

Fatal accidents in the bituminous coal field in 1914 showed a decrease of 32 per cent, according to a summary of reports issued to-day by the State Department of Mines, the number last year being 413 as compared with 611 the previous year.

Details of the summary show that the accidents from falls of rock and car accidents amounted to 84.96 per cent, and a special effort to reduce these classes of accidents has been ordered by Chief Roderick, mine foreman, superintendents and inspectors being ordered to enforce the most stringent rules and to secure discipline among the men. The percentage of fatalities from falls of rocks, coal, roof, slate, etc., was 61.21, while from cars 23.75; from gas, dust explosions and suffocation, 2.11; by electrical accidents, 6.33 and all other causes, 6.60.

### CROWNING ACHIEVEMENT

"Was the inventor of the destroyer rewarded?"  
"They knighted him."  
"And the inventor of the destroyer-destroyer?"  
"He was created a baron."  
"But the destroyer-destroyer-destroyer's inventor—what was done for him?"  
"He was made an earl."  
"One more question, if you please—what reward, if any, fell to the author of the book which proves that war is a biological necessity?"  
"He was created a duke."  
"A duke?"  
"We are a cultivated nation, and but for his grace's book we should never have had the face to make use of the inventions of the others."—New York Evening Post.

### How to Be Strong and Fat

The trouble with most thin people who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy food, or following on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern science is called TONOINE and has been termed the greatest of flesh-builders. TONOINE aims through its regenerative, reconstructive powers to coax the stomach and intestines to liberally soak up the fattening elements of your food and pass them into the blood, where they are carried to every place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, harmless, inexpensive, efficient, TONOINE, now costing only \$1.00 for a 50-days' treatment.
