BOROUGH CODE IS PREPARED OUT

Put Into Shape and Proposed Amendments Will Be Carried in Separate Bills

\$800,000 FOR PENSIONS

Interesting Actions by Committees of the Legislature Last Evening

The bill codifying over 300 laws now relating to boroughs was reported to the House from the judiciary general committee with some few amendments made on minor parts yesterday by Mr. McVicar, Allegheny. Copies of the proposed code were mailed to borough officials throughout the state and the answers received have been favorable. The Association of Pennsylvania Boroughs recently gave the code its approval, suggesting some few amendments which are now made a part of the code. If this bill becomes a law, the law in relation to boroughs will be more clear and, of course, much easier of reference than it has been in the past.

The amendments offered in committee providing for a general manager for boroughs, changing the method of fixing the salary of burgesses and conferring on burgesses the power to appoint and discharge policemen were not included in the code for the reason that there is a considerable division of opinion on these matters. It is understood that separate bills will be offered covering these subjects.

\$800,000 for Pensions

Application was made to the House appropriation committee for an appropriation of \$800,000 for mothers' pensions for the coming two-year period and the committee will take action within the next few weeks. The speakers involved, Mrs. T. J. Molampy and Mrs. E. Spiro, Pittsburgh; Mrs. Paul W. Houck, Pottsville, and Miss Davies, Philadelphia. In the course of the discussion, Chairman James F. Woodward suggested that as only twelve counties had taken advantage of the act of 1913 and had organized pension systems, the appropriation committee in favor of the bill to appropriate \$150,000 to extinguish the Carbondale mine fire.

Game Fund Bill Out

The House game committee favorably reported the bill to appropriate to the Game Commission for game propagation and other expenses \$334,000 paid in for hunters' licenses, \$1,000 for the act of 1913, and the bill to permit establishment of game preserves on leased land.

The bills to permit second class cities to tax automobiles in order to raise additional city revenues were held over by the House municipal corporations committee after extended hearings. Mayor Armstrong, City Solicitor O'Brien and other Pittsburghers appeared in behalf of the bills and exception was taken to the automobile taxation bill by L. B. Kent, Pittsburgh; E. P. Hoover, Philadelphia; Edwin Kneeland, Pittsburgh; H. L. Wolf, Reading. The automobile owners contended that they already paid licenses to the State.

Alricks Association to Hold Monthly Meeting

The Alricks Association will hold its March business meeting at 8 o'clock to-morrow night at St. Andrew's Parish house, Nineteenth and Market streets. The association has some important matters to consider.

ACCIDENTS FROM THE FOG

Many accidents are reported as the result of a dense fog that settled down over the east Atlantic coast, the other morning. A house across the street could not be seen. There were collisions on the railroad, the elevated and the surface lines; ferryboats ran into each other, and into wrong landing places; ships went to wreck, all because the people could not see. No matter how keen the physical eye it cannot see unless the atmosphere be clear. Men are often lost in intellectual fog, and flounder about aimlessly, and without purpose. Some are enveloped in a foggy moral atmosphere. They do not see the moral quality of an action, and suffer many collisions. There are theological and playing a fog which sometimes settles down over ministers. Luckily they are few, and clear vision returns when the sun rises higher up in the heavens. The Rev. Dr. Hugh Black, in an encouraging article, advises ministers who have doubts to "burn their own smoke" and not work out any of their unbelief into the sermon to act as a black cloud of smoke to darken souls. As the sun drives away the fog in the natural world, the Sun of Righteousness scatters the fogs of unbelief, and opens the Bible, of crosses, and life to the eye of faith.—The Christian Herald.

TRUE TO HER SEX

An old colored woman was sitting with knees crossed in the shoe department of a large store when a young woman clerk stepped up to her. "Aunt, what size of shoe do you wear?" she inquired.

HIS PLACE OF WORSHIP

When on his way to evening service the new minister of the village met a rising young business man of the place whom he was anxious to interest in the church.

IMPROVEMENT ASSOCIATION Takes Exception to Fares

Fred N. Bradley, secretary of the Belmont Improvement Association, residing at 4133 Mantua avenue, Philadelphia, has filed a complaint with the Pennsylvania Railroad Commission in relation to the fares charged by the Pennsylvania Railroad Company at the 46th street station. It is alleged that the company's fare is too high, being the same as "round-trip" fares. The White Oak Light, Heat & Power Company petitions the commission to restrain the borough of Benson, Somerset county, from constructing an electric light plant for the purpose of lighting the streets of the municipality and furnishing current for the lighting of residences and business places within the borough.

ACTIVITIES IN THE LEGISLATURE

COMPENSATION IS TO BE DISCUSSED

Senator Crow Will Suggest Some Changes to the Act Before It Goes in Monday

Senator William E. Crow, who has been asked by the Governor to present the administration's workmen's compensation bill, conferred with Attorney General Francis Shunk Brown yesterday about amendments the senator wants incorporated. After the conference Mr. Brown said he had not decided what he will do.

The amendments Mr. Crow wants provide for reducing the period of compensation from 500 to 400 weeks; that when the employer elects to accept the compensation law and the employer does not, the employer should have the right of the common law defense; that where an employee is re-entranced after disability in a position other than his original occupation the salary paid him is to apply to compensation.

The bill places the burden of administering the law on the State for the first two years. Mr. Crow wants the State to continue indefinitely and make the transfer of obligation to the employer a matter of future legislation.

GOVERNOR WOULD HAVE VOTERS VOTE

State Executive Makes Interesting Comments Upon the Plan of Snyder Bill

Legislation which is a near approach to compulsory voting is being thought of by Governor Martin G. Brumbaugh. His discussion of the subject was occasioned last night by a bill introduced by Representative D. J. Snyder, of Westmoreland, who would impose an annual tax of \$3, of which \$2 would be returned if the elector participated in the primaries and election. Governor Brumbaugh said he had the proposed legislation in mind for some time and did not know the Snyder bill was to be introduced. He will study this measure and may be able to have it amended to meet his ideas. He wants to penalize the nonvoter, but does not desire to make the scheme a revenue raiser. Yesterday the Republican state organization had a resolution introduced proposing an amendment to the Constitution abolishing the poll tax. This is not in harmony with the plans of the Governor.

In discussing his proposition he said: "Every citizen of this commonwealth who is entitled to vote should participate in elections. I have not read Representative Snyder's bill and am therefore not familiar with its provisions. What I say upon this subject must not be construed as criticizing the features of the Snyder bill. But I have definite ideas upon the subject.

"My plan is to have a law which would not in any sense be a revenue producing measure, but which would penalize the qualified elector who refuses to participate in elections. There should be a tax of \$2 imposed upon every qualified elector, half of it to be returned when he has voted at the primary election and the remainder when he votes at the general election. The return of the money should be upon the basis of a certificate from the election officers.

"Such a law would impose a penalty upon the man who fails to perform one of the essential duties of citizenship. I am in favor of legislation that will tend to bring the stay-at-home voter to the polls. There is no use in moralizing about such a proposition. The way to solve the problem is to make it cost the voter something to stay at home on election day.

"Reference to the election returns upon constitutional amendments will show that in eight years no amendment has been adopted by a vote representing the majority of the electors of the state. The fact is that the fundamental law of the state is being changed by a minority of the electorate. This is a distinct menace to our democracy.

"There are plenty of stay-at-home voters in the suburban wards of Philadelphia and Pittsburgh and, in fact, interest in public affairs so far as their votes are concerned, but they are usually the loudest and most intransigent in their criticisms when anything goes wrong. Politics in our states and cities would be quite different if all citizens voted."

JITNEY FRANCHISE BILL IS DRASTIC

Would Require Payment of 10 Per Cent. of Gross Receipts to Municipality

Legislation which will regulate the manner in which jitney lines and possibly motor bus lines and taxicabs following routes or covering certain territory was presented in the House yesterday afternoon just before adjournment for the day by Representative E. E. Jones, of Susquehanna county, chairman of the public roads committee. By terms of the bill all cars must be given regulation state license and file with the State Highway Department a list of all routes by streets or roads, a \$10,000 bond for each machine operated for recovery of damages for death or injury and a statement of capacity of all vehicles operated. All operators must be of full age.

Before operating in any municipality the lines must arrange to pay 50 cents a month per car to the treasurer of the municipality as a license fee. Cars operating on State highways only are not required to have an extra license. Thirty days after January 1 each line must file with the municipality grant license a statement of gross receipts and pay 10 per cent. for street maintenance.

The Public Service Commission is given authority to regulate lines. Fines are provided for violations.

REMODELING BANK BUILDING

Special to The Telegraph.
Lykens, Pa., March 11.—The Miners' Deposit Bank of Lykens, one of the most flourishing institutions of its kind in Central Pennsylvania, will erect a large addition to its present building. The new structure will be 17 feet longer with an additional ell of 7 feet, and will be one story higher. The accounting room will be twice its present size, with several additional offices, and the new building will also have a new modern vault.

EXERCISE AND GRECIAN BEAUTY

WHAT IT MEANS

Many thousands of women are nowadays paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greeks, both men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. To the minds of some women the idea of physical exercise conveys only the idea of hard fatiguing work. Mild exercise continued day after day is best for the body and spirits and health. Without proper exercise there can be no health, and without health there can be no real beauty.

There is no stronger proof of the sound remedial value of Dr. Pierce's Favorite Prescription than that it restores the wasted form to its wonted roundness.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes the cause of nervousness and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared only from Nature's roots with glycerine, with no alcohol to falsely stimulate. It banishes pain, headache, low spirits, hot flashes, dragging-down sensations, worry and sleeplessness surely and without loss of time.

Sick women are invited to consult Dr. Pierce, by letter, free. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.—Advertisement.

COMPLETE LANCASTER TRIP PLANS MONDAY

Big Evangelistic Chorus Will Hold Final Rehearsal in Ridge Avenue Church

NO MORE RUNNING SORES

George A. Gorgas Sells An Ointment Called San Cura That is a Positive Relief

It matters not how old, persistent or poisonous the sore is, San Cura Ointment the powerful antiseptic, will draw out the poison and promptly heal the sore.

So sure of this are the owners, the Thompson Medical Co., that they have authorized George A. Gorgas to return the purchase price of San Cura Ointment doesn't do all this paper says it will do. No faifer offer was ever made.

B. D. Dutton, Titusville, Pa., says: "My arm was covered with twenty-four running sores and swollen to twice its natural size. San Cura Ointment relieved the pain, drew out the poison and healed the arm in an incredibly short time. It is the greatest compound for healing I ever used."

The healing powers of San Cura Ointment are little short of marvelous. It gives relief and is guaranteed to help salt rheum, eczema, bleeding, itching or protruding piles, ulcers, boils, carbuncles, chapped hands and chilblains. In cuts, burns, scalds and bruises, it allays pain and is healing. 25c and 50c a jar.—Advertisement.

RIVER FRONT HIKE LED BY VARE NOW

Philadelphia Senator Likes to Get Out Early and Enjoy the Breezes of River

Men walking in pairs along the path which skirts the bank of the Susquehanna may have caused people here to wonder what institution sends its inmates out for exercise at the early hour of 7 o'clock. Frequenters of the "Hike," however, who encounter this party know that its members are plain legislators. The pedestrians are not aimless and their stroll is not an unpremeditated happening, for they compose the E. H. Vare Hike Club. The object of this recently formed organization is to get up some "pep" between breakfast and the resumption of legislative tasks.

The club's formation grew out of an inclination some Philadelphia legislators had for a stroll one pleasant morning about three Tuesdays ago, Senator Edwin H. Vare, after he and Representative William H. Wilson had breakfasted, suggested a walk along a m. with a fresh breeze coming far before they were joined by Representative James A. Dunn.

In the bracing morning air of 7 a. m. with a fresh breeze coming down the river, they walked several miles up the riverside, as far as Division street. When they turned around and headed for the Capitol Senator Vare remarked, "That's fine. Let's do this every Tuesday morning, boys." "We're with you," said Wilson and Dunn.

Tuesday a week ago they again met at 7 a. m. and had not gone far before they were joined by Representative James A. Dunn.

DEATH OF POHN H. RITTER

Mechanicsburg, Pa., March 11.—John H. Ritter, one of the oldest residents of the town, died at his home this morning. He was 92 years old and had only been ill for several days. Mr. Ritter was born at Philadelphia and had lived at Mechanicsburg for the past 25 years. He conducted a tailoring business for many years, retiring some time ago on account of age. He is survived by his wife and two daughters, Mrs. M. M. Daugherty, wife of Postmaster Daugherty, and Mrs. W. J. Pittman, of Washington, D. C. The body will be taken to Philadelphia and burial made in that city.

Wilson Names Fletcher, Howard and Cowles as Navy's New Admirals

Special to The Telegraph.
Washington, D. C., March 11.—President Wilson yesterday designated the three new admirals of the United States Navy provided for in the naval appropriation bill. They are:

Frank Friday Fletcher, commander-in-chief of the Atlantic battleship fleet now in Cuban waters.

Thomas B. Howard, commander-in-chief of the Pacific fleet, now on the Pacific coast.

Walter C. Cowles, commandant-in-chief of the Asiatic fleet at Olongapo, Philippine Islands.

Secretary Daniels yesterday afternoon sent cablegrams to the three rear admirals informing them of their designation for this rank, directing them to assume the duties and to hoist the flag of admiral on March 10, 11 and 12, respectively. Thus Admiral Fletcher becomes the senior in rank, Admiral Howard the next senior and Admiral Cowles the junior.

MRS. MELTON'S LETTER

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have."

"I have a family of five, sew, cook, and do my housework and I became very much run-down in health. A friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers.—Mrs. J. N. Melton, Jackson, Miss.—Advertisement."
