wearing qualities that combine to give the most economical mileage in actual service.

Recently we conducted a test by mail to find out what jobbers and tire dealers had to say about 1914 Diamond Tire records. The hundreds of letters received from them show that Diamond Tires have more than made good.

These letters from dealers in all parts of the country, show that Diamond Tires in 1914 established a service record which stands supreme. We have put these letters into a book. They furnish concrete evidence of the big mileage Diamond users get and the freedom from tire troubles they enjoy.

Write to Akron. Ohio, for this remarkable book of letters. It's a wallop!-and we want you to have a copy.

In addition to the extraordinary mileage and freedom from trouble that you get in Diamond Squeegee Tread Tires, you can buy them at the following
