HARRY K. THAW HEAR MATTEAWAN'S GATES

Supreme Court Justice Decides He Cannot Be Returned to New Hampshire

New York, March 16—Harry K. Thaw will not be sent back to New Hampshire by the state of New York as his counsel demanded, but must be returned to Matteawan Asylum, unless legal papers calling for his detention in New York county are served upon the warden of Tombs Prison. This was Supreme Court Justice Page's decision today in disposing of the formal motion to have Thaw returned to New England.

In the meantime counsel for Thaw, as if in anticipation of such a decision, had obtained from Supreme Court Justice Bljor a writ of habeas corpus which will keep Thaw at Tombs Prison till next Friday when he must be produced in court. It was a close call for Thaw as plans had been considered by the state for returning him at once to Matteawan. Asylum attendants were in the court room ready to rush him there by automobile, but the writ of habeas corpus prevented this.

Twenty Deputies Armed. Sheriff Griffenhagen, of New York county, had heard whisperings of a plot to abduct Thaw during the brief interval when he should be out of Warden Hanley's custody in going to and from the prison to the court room across the bridge of signs. Accordingly, the sheriff had twenty deputies with revolvers and scattered them throughout the crowd that packed the court room. Many more armed deputies were sprinkled among the crowds in the corridors. "I am taking no chances," the sheriff said. "I am well healed for an abduction."

Other bills presented: Dadds, Allegheny—To forbid the use of machines in the removal of mine pillars. Barnett, York—Resolution requesting the national Congress to provide pension for the Pennsylvania "Emergency Men" of 1862-63.

Stattler, Somerset—Permitting an appeal to court when a mine owner or man in charge refuses to file maps of workings on request of owner or lessee of adjoining property. The House referred the resolution calling for an investigation of the alleged presentation of a railroad mileage book to Representative Garner, of Schuylkill, for the supposed purpose of influencing his vote on the full crew law repealer, to the judiciary general committee. There was no comment.

It provides that when pelts are passed by a representative of the game commission the claim shall be certified to the auditor general for payment. Mr. Phillips, Clearfield, sponsor of the bill, stated that it was favored by the State Association of County Commissioners. The bounties are to be paid out of proceeds of hunters' licenses.

After passing finally the amendment to the fertilizer act requiring labeling of contents so that percentage of easily soluble constituents shall be set forth, the House took a recess until 4.30 p. m. The bill now goes to the Senate. The taxation code, which was presented at the same time, is the subject of a hearing by the House ways and means committee to-day.

ADJOURNMENT RESOLUTION IN SENATE COMMITTEE. On motion of Senator McNichol the Senate referred to the committee on executive nominations the House resolution calling for the final adjournment of the legislature on May 6. There was no debate.

Physician's Prescription For Indigestion

Important for All Those Who Suffer After Eating. If you suffer from indigestion after eating, a little Mi-o-na will do you good. It is a little peppin or soda pill you used to take, it now needs two or three to stop it. It is time you called a halt and did some hard thinking.

The plain truth is that there are thousands of men and women in this country whose stomachs are dead or dying from lack of exercise while they themselves still live. They can't go on this way much longer. It's wonderful to think that powerful drugs composed of heartburn, gas, belching, indigestion, and a pill will ever do a little while do the work of a human stomach. But no pill was ever made that could do it for long. A dead stomach can't be brought to life, but a slowly dying stomach can and must or its owner must, soon follow. Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them to-day. Most stomach remedies work on the food and digest it. Mi-o-na works on the stomach and digests nothing. Mi-o-na Tablets strengthen the stomach walls, stimulate the stomach muscles and vitalize the stomach machinery into instant and normal action. The stomach starts at once to churn its food and strength in a pill will ever do a little while do the work of a human stomach. But no pill was ever made that could do it for long. Advertisement.

ACID STOMACHS ARE DANGEROUS

Common Sense Advice by a Distinguished Specialist. "Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesium, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisulphated magnesium, which can be obtained from any drug-gist, and should always be kept handy.
