A CLERGYMAN'S STORY REV. G. W. ROBERTS

Hartsell, Ala., R. R. 2, Box 27

A BRIEF STATEMENT OF FACTS:

- May, 1902 — "I suffered three years with bronchial affection. I had got so weak I had lost my voice. My friends gave me up. I was persuaded to try Peruna."
April 2, 1901 — "After taking Peruna I feel well, eat hearty, sleep soundly, weigh as much as I ever did. Do work on my farm."
Sept. 22, 1906 — "I am a great friend of Peruna. I am here to-day with my family because of Peruna."
Nov. 22, 1909 — "Peruna gave me back my life ten years ago. I am certainly thankful."
Jan. 13, 1910 — "I shall ever be ready to speak in praise of Peruna. My cure was almost miraculous."
Sept. 5, 1911 — "I feel that Peruna has been the means of prolonging my life for more than ten years."
Jan. 2, 1913 — "I trust that Peruna may prove a blessing to many, as it has to me."

The above are but the briefest extracts from long and enthusiastic letters, which we have received from this distinguished clergyman. In his first letter he said: "I have tried the treatment of several doctors, also home remedies, but they failed and all hope had gone. My friends, like myself, thought I was in the last stages of bronchial disease. My daughter brought me a bottle of Peruna and plead with me to try it. I had got so weak that I had lost my voice. I thought it was of no use."

Who can doubt but that Peruna saved his life? Every home should be provided with the last edition of "The Ills of Life." Furnished by

The Peruna Co., Columbus, Ohio.

FIRST CITY FORESTRY ORDINANCE GOES IN

Medical Society Representatives Invited to Confer With Commissioners on Hospital

Harrisburg's first city forestry ordinance, regulating the care and treatment of trees, providing penalties for failure to make any cuttings, trimming, pruning and planting without a permit and consent of the City Forester forbidding the hitching of horses to shade trees; safeguarding trees and roots from damage by electric wiring or leaking gas pipes, and guarding against encroachment of paving or other material in such a way as to hurt roots—was introduced in City Council this afternoon by Commissioner M. Harvey Taylor, superintendent of parks and public property. The measure was prepared by City Forester Harry J. Mueller and City Solicitor D. S. Seitz. A penalty of \$25 fine with a thirty day in jail alternative is provided.

TENTATIVE SCHEDULE FOR ELECTRIC TRAINS

Cars May Be Run as Experiment by Saturday; Equipment Goes East Today

Eight of the twenty electric cars stored at Enola were sent to the Philadelphia terminal yards, of the Pennsylvania Railroad, to-day. They will be put in shape for the tests to be made Thursday. It is expected that a number of cars will be run between Paoli and Philadelphia by Saturday. According to official information from Philadelphia Division headquarters to-day, the electrified branch will not be in full operation before May 30. Cars and trains may be run between now and that time as experiments, but no effort will be made to conform to a regular schedule until the plans are thoroughly worked out.

According to the tentative schedule now being considered, baggage, mail and express matter will be carried largely on special trains running at intervals during the day. There are now forty-six trains from Philadelphia to Paoli and forty-seven in-bound trains. Under the tentative schedule there will be one east-bound and fifty-four west-bound trains.

STUDY AND EXERCISE Study does not hurt a child unless the study time is taken from time that should be spent in out-of-door exercise. Overstudy and lack of exercise make thin, bloodless children. It is a combination that provokes St. Vitus' dance. If your child is thin and pale, listless, inattentive, has a fickle appetite and is unable to stand still or sit still, you must remember that health is even more important than education. See to it at once that the patient does not overstudy, gets at least two hours out-of-door exercise every day, sleeps ten hours out of every twenty-four and takes a non-alcoholic tonic like Dr. Williams' Pink Pills until the color returns to cheeks and lips and the appetite becomes normal.

For growing children who become pale and thin Dr. Williams' Pink Pills are not only safe but in the great majority of cases they are the very best tonic that can be taken. They build up the blood and strengthen the nerves and assist nature in keeping pace with rapid growth.

The Dr. Williams' Medicine Company, Schenectady, N. Y., will send you two books on the blood and nerves if you mention this paper. If your child is very young ask for the booklet "The Care of the Baby." Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.
