You Can Increase Weight

Thin men and women who would like to increase their weight with 10 or 20 pounds of healthy stay there. Fat should stay eating a little Toniline with their meals for a while and note results. Here is a good test worth trying. First weigh yourself and measure yourself. Then take Toniline—one tablet with every meal—for two weeks. Then weigh and measure again. It isn't a question of how you look or feel or what your friends say and think. The scale and the tape measure will tell their own story, and most any thin man or woman can easily add from 5 to 10 pounds in the first two weeks by following this simple direction. And best of all, the new flesh stays put.

Toniline does not of itself make fat, but mixing with your food, it turns the fats, sugars and starch of what you have eaten into rich, ripe, fat producing nourishment for the tissues and blood—prepares it in an easily assimilated form which the blood can readily accept. All this nourishment now passes from your body as waste. But Toniline stops the waste and does it quickly and makes the fat producing contents of the very same meals you are eating now develop pounds and pounds more of healthy fat. Toniline is safe, pleasant, efficient and inexpensive. As it costs only \$1.00 for a 50-day treatment. Mail orders filled by American Proprietary Co., Boston, Mass. For sale by George A. NEWELL ALBRIGHT IN PIANO RECITAL

Sixth Concert by Talented Young Musician on Monday Evening, March 22

NEWELL ALBRIGHT

The only piano recital to be given this season by Newell Albright on Monday evening next, the twenty-second of March, at Fahnstee Hall, contrary to his usual custom of giving at least one program devoted exclusively to the compositions of a single composer, as witness the Liszt recital with which he opened last year's concert season, will, in this instance, consist of characteristic miscellaneous groups.

The magnificent Tausig version of Bach's famous D Minor organ Toccata and fugue, with the interesting and picturesque third of the three Sonatas op. 21, by Beethoven, will open the program. This to be followed by a group of five exquisite old French clavier pieces of the period of Louis the fourteenth. Then the ultra-modern Debussy, first Arabesque and Minstrels, with a group—an étude, English air, and negro dance—by his most talented elev. Cyril Scott.

Those two most poetic of the Liszt studies, Forest Murmurs and Dance of the Gnomes, precede the brilliant Concert Arabesque by Schulz-Evler on themes from Strauss' Blue Danube waltzes with which the recital is to close.

Substantially this is the program Mr. Albright played—eliciting so much appreciative commendation for Rafael Joseffy recently in New York.

URIC ACID POISON Undermines Health Rhema Drives It From the System and Eliminates Rheumatism
Ever since Rhema has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This is due to the fact that Rhema is guaranteed to eliminate rheumatism or money back.

It is a quick acting remedy, too. You do not have to wait a long time for results. Rhema starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous uric acid, the chief cause of rheumatism, has begun to pass out of the body through the regular channels. AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through girlhood, widowhood and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervousness, which are telltale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—cannot undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.—Advertisement.

For Beautiful Hair, Nourish the Scalp

Dandruff must be removed and the hair roots nourished to stop falling hair and itching scalp. It is unnecessary to have thin, brittle, matted, stringy or faded hair. No matter how unsightly your hair, how badly it is falling, or how much dandruff, simply rub Parisian Sage well into the scalp and it will be all that is ever needed. The hair roots are nourished and stimulated to grow new hair, even all dandruff is removed with one application and itching scalp and falling hair ceases; the hair becomes soft, fluffy, abundant and radiant with life and beauty.

Parisian Sage, a daintily perfumed liquid, is one of the most pleasant, invigorating and refreshing hair tonics known, yet perfectly harmless and inexpensive. After the first application you will be surprised and delighted with Parisian Sage, for there is nothing that will so help to double your present attractiveness as luxuriant, glorious hair, and this tonic treatment is all that can possibly be desired. Be sure to get Parisian Sage from H. C. Kennedy or at any drug counter, as there is no other so effective.—Advertisement.

Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this to-night, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Advertisement.
