

"The Thinkers of the Country Are the Tobacco Chewers"—said one of the greatest thinkers this country ever produced.

Says the Engineer:

"Did you ever think what it means to run a train—signals jumping by every minute and several hundred lives depending on you not missing one of them?"

"Well, maybe you can guess what a help it is to an engineer to find a tobacco that sharpens you up and steadies you just right without any rebound."

PICNIC TWIST is made of the mild, mellow part of the leaf. You get real satisfaction out of this mild, naturally sweet, long lasting chew, without a dark, heavy tobacco's "come back."

BALDWIN CHANGES APPROPRIATIONS

Presents a Bill That Would Get Rid of the Numerous Separate Bills in Session

FLOOD OF BILLS KEEPS UP

House Receives Many New Measures, but Works Away on Its Calendar Just the Same

Representative R. J. Baldwin, of Delaware, last night presented a bill which would revolutionize methods of presenting bills for appropriations to State and State-aid institutions and all requests for State aid for hospitals or charitable institutions. It provides that they must appear as petitions to the president pro tem or speaker, setting out amounts requested and the purpose for which desired, the amount expended the previous year and for what purpose. These petitions are to be referred to the appropriations committee chairman who shall prepare separate bills for each class of institutions and shall include in one bill proper title the amount indicated by each separate petition and indicate by paragraphs the amounts for each institution. These bills are to be presented to the House not earlier than the second Monday of March and not later than the third Monday of March. The act also provides: "This act shall not be taken to prohibit the introduction of a bill or bills appropriating of a bill or bills appropriating to a single institution of either class."

To Register Farm Names Representative Gibson, Lycoming, introduced a bill providing that the owner of a farm may have the name thereof recorded with a description by metes and bounds in a register of farm names to be kept in the office of the recorder of deeds. The act gives right to exclusive use of a name so recorded. Names to be registered must be twice entered.

Other bills presented were: Mr. Harper, Lawrence—Authorizing boroughs to collect annual sewer rents from properties abutting on sewers constructed by the State. Mr. Swan, Allegheny—Providing for free distribution of maps by the State Highway Department. Mr. Maurer, Berks—Directing Department of Labor and Industry to investigate the working conditions of women and minors with special reference to minimum wages before September 1, 1915, and report to the Governor sixty days later.

Mr. Adams, Luzerne—Providing that anthracite coal tax, if held constitutional, shall be paid to school boards in townships where roads are maintained and repaired by taxpayers under contract.

Mr. Walsh, Philadelphia—A code governing fishing, classifying game fish and regulating waters.

New Shad Fishing Bill Mr. Bernthelzel, Lancaster—Making it legal to use floating gill nets during shad season at public expense.

Mr. Metzner, Crawford—Providing a one mill special State tax for road improvement on all property subject to State taxation, proceeds to be distributed to townships, according to mileage of public roads.

Mr. Habgood, McKean—Establishing a system of dog licenses under supervision of dog commissioner in townships, boroughs and cities. The tax is made \$2.

Mr. Bernthelzel, Lancaster—Establishing staff of the Adjutant General's Department and State arsenal.

Mr. Mearkie, Allegheny—The Pittsburgh Chamber of Commerce bill authorizing second class cities to construct and maintain subways.

Mr. Dieckenderfer, Lehigh—Regulating issuance of permanent certificates to teachers in certain cases.

Compensation in H. Wilson, Philadelphia—The administration workmen's compensation bills.

Mr. McVicar, Allegheny—Regulating fees of Allegheny county prothonotary.

Mr. Showalter, Union—Repealing section 1,715 of the school code which

ANOTHER "JITNEY BUSS" BILL IS IN

Permits Cities to Collect "Reasonable License Fee" and Regulate Operations

Another "jitney bus" bill turned up in the Senate last night, Senator Patton being its sponsor. It authorized cities to pass ordinances regulating the operation of motor bus lines like that proposed for Harrisburg by designating the streets on which they may operate and the fares to be charged. The bill also provides for a "reasonable license fee" to be charged by the city.

Among the bills introduced in the Senate last evening were: By Mr. Thompson—Exempting telephone operators from the general provisions of the female employment act by permitting them to occupy sleeping quarters in connection with their work, their sleeping hours there not to count as working hours. They are limited, however, to ten working hours a day and six days a week.

By Mr. Clark—To pay mortgages on normal school buildings taken over by the State.

By Mr. Phipps—Regulating the number, grade, appointment and assignment of employees in the Adjutant General's Department.

By Mr. Phipps—Relating to crude petroleum including products therefrom and compounds thereof and providing penalties.

By Mr. Salus—Resolution for constitutional amendment permitting the General Assembly to authorize assessments against all properties, whether abutting or not, which are actually

benefited by the construction, enlargement, laying out, widening, grading or improvement of public highways, parks, buildings or other public works by the State or any municipality.

By Mr. Smith—Requiring that all moneys appropriated by the State to the State Highway Department for the improvement of State highways shall be expended in each county in proportion to the total mileage of State highways therein; and providing a means of raising revenue for State purposes.

By Mr. Sones—To permit the city of Williamsport to acquire the dam across the Susquehanna at Heburn street, that city.

The Clark third class city law amendments were reported out of committee of the Senate last night and placed on the first reading calendar.

Senator Martin Would Establish Standards For Pa. Grown Apples

Apple growers of the State will ask for a hearing on a bill introduced by Senator Martin last night requiring that all apples packed in Pennsylvania be graded and marked according to certain specified standards set forth in the bill. The measure is designed to insure patrons against fraud and to set a standard for all fruit grown in Pennsylvania. Penalties for violations are provided.

Another Martin bill that is attracting the attention of the farmers is that making it a misdemeanor to sell or attempt to sell any domestic animal, chicken or egg not corresponding to the type or breed it is represented to be and making the Secretary of Agriculture the official judge in all disputes arising from the provisions of the bill.

Beech-Nut Beans with Tomato Sauce

STRANGE how hard it is to do the apparently simple thing! It might seem easy to put up beans.

Lots of people are doing it—as your grocer's shelves will testify.

But what we had in mind was to produce the Beech-Nut kind of Beans—to find the best beans grown in this country—to put snap and zest into the tomato sauce—to attain the Beech-Nut delicacy and flavor.

Now here are the Beans. Your grocer has them. Get a can from him today.

Just the finest of hand-picked beans, grown in New York State—with delicate bits of pork, like the famous Beech-Nut Bacon—blended with rich Tomato Sauce, or "Home Style" (plain), as you prefer. In the new Beech-Nut can. Three sizes, 10 cents, 15 cents and 20 cents.

Makers of America's Most Famous Bacon—Beech-Nut Bacon

Mountain Laurel to Be State Flower If Governor Signs Bill

When Governor Brumbaugh returns from Newport News, whether he went last night to attend the launching of

the battleship Pennsylvania, he will find on his desk a bill passed by the Legislature making the mountain laurel the official State flower of Pennsylvania.

The bill was introduced in the House by Representative Henry E. Geiser, of Northampton, and was passed by that branch of the Legislature after a hot debate. Last night

it was rescued from committee on motion of Senator McNichol after had been recommitted and passed. To-day it was sent to the Governor for his approval.

The botanical name of the mountain laurel is *Kalmia latifolia* and grows in great profusion throughout the hill and mountain sections of the State.

We Are Now Showing the New

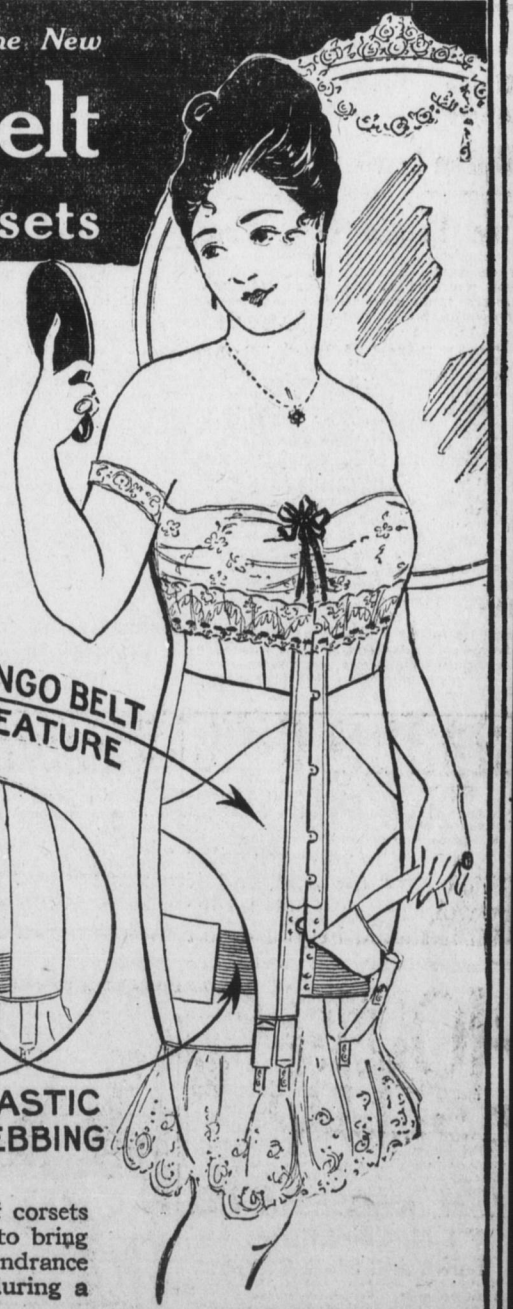

Rengo Belt Reducing Corsets

They introduce the much talked about "nipped"-in waist to stout and medium women; carry the last word in figure lines set forth by the leading modistes in their late styles, and bring comfort and reducing power to be found in no other garment.

Rengo Belt corsets are not intended for slender women. They are strong, sturdy corsets for medium and stout women, reinforced by a specially designed and exclusive Rengo Belt feature for straightening the abdominal line.

This feature perfectly achieves its purpose without discomfort and is found only in these corsets for which it is named. The elastic in the webbing inserts is of extra strength and throughout their entire construction Rengo Belt corsets exemplify a single thought—strength to bring style and comfort where size is a hindrance and maintain it with satisfaction during a season's wear.

For Sale By DIVES POMEROY & STEWART Prices, \$2.00, \$3.00 and \$5.00

NEWSPAPER BILL DEBATED

After a hot debate the Senate last night passed on second reading the McCaig House bill appropriating \$40,000 for the payment of newspapers advertising the constitutional amendment of 1912-13-14. Senator Hilton attempting to so load the measure with riders as to kill it. The measure was ably defended by Senators Beideman and McNichol.

JUDGESHIP BILL GOES BACK The Dauphin county judgeship bill was recommitted in the Senate last night, Senator Beideman seconding the motion. The Beideman county receiver of taxes bill was also recommitted.
