## THE GLOBE "THE FRIENDLY STORE"

### SAY WISHES OF WEST ENDERS ARE IGNORED

Persons living within twenty-four blocks, who would like to see a subway or larger bridge. In fourteen blocks are 14,000 people. The people residing in the twenty-four block section pay 52 per cent. of the city's taxes and ought to be considered. The lack of action on behalf of the West End Improvement Association is because the structure is being erected upon railroad property entirely, which consequently does not permit of a protest. When the citizens of the thoroughfare known as Division street to pedestrian and vehicular traffic by the Pennsylvania Railroad Company. When the citizens of the city realize that seven viaducts cross the Pennsylvania railroad property within the full length of the city, four miles, and that five of these are in fourteen city blocks, while for twenty-four blocks there are only two viaducts, is it not time to awake and preserve this existing one at the outskirts of the city? Make it the main entrance to our park known as Wildwood at Division street.

### ELECTRIC CARS RUN ON P. R. R. MAIN LINE

Break in Cable Prevents Complete Official Test Yesterday; Record Fifty Miles an Hour

A break in the mechanism controlling the current interrupted the first test of the new electrified road of the Philadelphia Division of the Pennsylvania Railroad. Before the break occurred a train of electric cars had been successfully run from Bryn Mawr to Overbrook and return, carrying a large number of passengers and officials, who expressed themselves as well pleased with the manner in which the train operated. Numerous tests were made and everything was found to be satisfactory, so far as the cars were concerned. As the train was about to make another trip, the power was suddenly shut off. The feed wires became dead and the engineers could not understand what was the matter. Linemen were dispatched and discovered a break in the feed wires below Bryn Mawr. They announced that it could be repaired in an hour, but the guests of the railroad could not wait, so the tests were declared off for the day. The first run over the road was declared a great success, meeting their high expectations. The train gave excellent results, showing that it could run easily at 50 miles an hour and stop very suddenly. Tests in stopping and starting were made at points along the line, and there was not a hitch.

### RAILROAD NOTES

The Philadelphia and Reading Railroad Company is planning a new station at Atlantic City. A contract has been let by the Gettysburg & Harrisburg Railway, part of the Reading system, for the erection of a reinforced concrete bridge to replace a wooden trestle structure south of Guernsey Station. Cambria Steels has received an order for 3,000 tons of rails from France, while Pennsylvania Steel has received an order for 3,000 tons of steel rails for standard section. Cambria Steel's order includes 8000 tons of girder rails, 6000 tons of portable track and 6000 light section rails. Improvement work will start Monday. (Continued from First Page.) shallow to take care of the drainage. The new sewer will run through Market Square and in South Second street to Vine. In Market street it will run from the Square to within 100 feet of Front street. Plan Park Work With favorable weather conditions on Monday Commissioner M. Harvey Taylor expects to start work on the improvement of the park. The first important work will be the erection of a reinforced concrete bridge in Cameron Park South Harrisburg. The bridge will cross Paxton creek near the Elliott-Fisher Typewriter Company's plant. Commissioner Taylor has also planned to resume work on the new entrance to Reservoir Park at Twenty-first and Market streets. Ashes are being hauled to Wildwood Park for the improvement of the walks. Two bridges will be constructed in Wildwood Park.

### P. R. R. MAY GET SCRANTON BRANCH

Will Connect With Delaware and Hudson on New Wilkes-Barre Line

Scranton, Pa., March 19.—When the Wilkes-Barre connecting line between Hudson and a point south of Wilkes-Barre is put into operation on Monday next and connects the Pennsylvania and Delaware and Hudson railways in a through route for freight traffic, it is believed by many that the first step north will leave the Pennsylvania Railroad. This has been the objective of the Pennsylvania for some years. On Monday the first trains will be run over the new section and Delaware and Hudson engines will take their trains to Buttonwood while Pennsylvania crews with trains for the north will leave the Pennsylvania Railroad, which is the terminus at this end of the connecting line. Through freight trains will pass around Wilkes-Barre.

### Western Maryland Has Increase in Income

The Western Maryland Railroad during the second week of March showed an increase in gross income of \$14,239 over the same week a year ago. For the first half of the month an increase of \$25,451 over the corresponding period of 1914 was recorded, and the fiscal year to date has brought a decline in gross of no more than \$7,923. It is known that the better traffic of March is accounted for in part by an increase in haulage of coal from mines of the Consolidation Coal Company, and this recalls the rumors heard some weeks ago that John D. Rockefeller had bought out by the coal company.

### DAUPHIN COUNTY HAS A QUARANTINE

Several Districts Included in the Foot and Mouth Regulations This Week

### GOVERNOR MAY STAY HERE

Possibility That He May Remain in the City For Week-end; Footman Appointed

Seven townships in Dauphin county are now under a state quarantine for foot and mouth disease. The latest quarantine order shows these districts to be Lykens, Millin, Lower Paxton, Upper Paxton, Washington and the Swatara. Lancaster county is now the only county in the state which is entirely under quarantine for foot and mouth disease. Lebanon and York have had the quarantine removed from certain parts. The State Livestock Sanitary Board quarantine order supersedes all previous ones, particularly that of February 25. Counties which up to this time have had parts of their areas under quarantine and which now are entirely free of such restrictions are Adams, Columbia, Cumberland, Fayette, Lycoming and Montour. Counties not under quarantine by the previous order and which now have such restrictions remain territory are Erie, Jefferson and Schuylkill. May Remain Here.—Owing to press of business, it is possible that Governor Brumbaugh may remain in Harrisburg over the week-end. The Governor has been going to Philadelphia on Friday nights and remaining until Monday. He will be here in order to clear up pending matters and to take a rest. Appointed Footman.—Walter McClain, of Philadelphia, has been appointed a footman at the Executive Mansion. Mr. Milliron Spoke.—Representative Miles A. Milliron, of Armstrong county, spoke last night at the meeting of the Parent-Teachers' Association at the Camp Curtin school building. Mr. Milliron, who was formerly county school superintendent of Armstrong, spent over twenty years in educational work and gave some excellent ideas about the way parents can help. Attended Exercises.—Dr. J. George Education, was one of the speakers at the California Normal School anniversary.

### Wheat at 70 Cents in 1916, Says James J. Hill

St. Paul, Minn., March 19.—James J. Hill, ex-president of Great Northern Railway company, appearing before the Senate and House Committee on Transportation at the House hearing this afternoon, predicted the speedy termination of the European war, and said that if it is ended this year, wheat will sell for 70 cents a bushel in 1916. He asserted that the Great Northern capitalization is \$115,000,000 less than the money invested in the property, said that his failure to develop the Great Northern ore properties was because capitalists were afraid to invest in Minnesota and have been "driven to the last ditch" by oppressive legislation.

### ARTILLERY GREETS AIRSHIP

Calais, via Paris, March 19, 5.10 A. M.—A shower of shrapnel from French artillery greeted the Zeppelin which raided this city Thursday night and dropped bombs which killed seven persons without damaging the railroad station at which they were aimed. The characteristic throbbing of the Zeppelin's engines gave warning of the airship's approach between midnight and 1 A. M.

### STEELTON MAY EMPLOY SKILLED MAN TO TRIM TREES

Commission Will Hold Meeting to Determine Proper Methods of Caring For Them

The advisability of employing a skilled tree trimmer to look after the shade trees of Steelton and get them in good shape before they bud forth in their new Spring "dresses" is being considered by members of Steelton's shade tree commission. C. S. Davis, president of the commission, today announced his intention of calling a meeting of the commissioners to consider plans for the care of the trees. The advisability of hiring a man to trim the trees under the commission's supervision is one of the plans that will be discussed. It is not planned to hire a forester, but merely to have a man to trim the trees under careful supervision. It is likely that the commissioners will meet within the next ten days to frame up a set of suggestions on the proper care of trees to be issued in cord form.

### Place Tickets on Sale For Home Talent Show

### Philadelphia Is Making \$12,000,000 For Cuba

Philadelphia, March 19.—There was shipped from the United States Mint to-day a package containing 4,700,000 nickel coins made for the government of San Salvador. The coins are of the denomination of one centavo and three centavos. The Mint will now begin work upon a contract to manufacture \$12,000,000 in coin for the government of Cuba. This coinage will go in 13 denominations of gold, silver and nickel, the gold coins being of \$20, \$10, \$5, \$4, \$2 and \$1 denominations. The silver will be ten, twenty and forty pesos. The nickel coins will be one, two and five pesos. This is one of the largest contracts ever undertaken by the local Mint for a foreign nation and will require from six to eight months to complete. A representative of the Cuban government will be stationed in the Mint and will supervise the making of the coins. SHIP SEIZED IN BLOCKADE London, March 19.—The first seizure made by Great Britain under the provisions of the recently announced blockade of the German coast as part of the allies' campaign of reprisal occurred to-day, when the Swedish steamship Geheland Dacon, carrying a cargo of provisions intended for a German port, was held up. The steamship was brought into Lee, a fishing village on the British coast, in the custody of a British patrol boat.

### EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once

### Even Cross, Sick Children Love Syrup of Figs

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, Mother! A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contents any other "fig syrup."—Advertisement.
