## EMPEROR FRANZ JOSEPH OF AUSTRIA, WHO REFUSED ITALY'S REQUESTS

The refusal of the Emperor of Austria, Franz Joseph, even to consider the proposal to return to Italy the Trentino and other former Italian territory which has been coveted at Rome even as Alsace and Lorraine have been coveted in Paris, is expected to send Italy to the support of the allies before summer. The Kaiser, endeavoring to placate Italy, and win the Austrian Emperor's consent to the return of the Trentino to Italy. It is reported that the Austrian ministry supports the Emperor in his decision.

## PREPARE TO START BIG PAVING JOBS

Improvements Will Provide Employment for Hundreds of Men

Commissioner Lynch has notified the Central Construction and Supply Company, contractors, to at once assemble material for paving sections of Emerald, Nineteenth and Market streets.

Unless the weather and river conditions prevent it, work will be begun on the river dam; the interceptor sewer protective wall and the Paxton creek job during the first week in April. These jobs will give employment to hundreds of men. Work on the smaller jobs, such as sewers, laying of water pipe and street grading also will be carried on, evidencing the assurance that the present hard labor conditions soon are to be relieved in part.

William H. Opperman, a contractor on several city jobs, this week established a record by completing within four days, a 450-foot section of 12-inch sewer pipe. Opperman employed forty-eight men on this job, fully 50 per cent. more than he would ordinarily employ. The contractor also completed work to-day in the Twentieth street sewer.

The first big paving job to be done this year will take in that section of Derry street from Twenty-third to Melrose, which is nearly a mile long. Jobs which Lynch to-day ordered the Central Construction Company to prepare for paving are: Emerald street, Front to Fifth; Market street, Nineteenth to Twenty-first and Nineteenth street, Regina to Chestnut.

## Will Water Cure "Dope" Fiends With Imaginations?

Sterilized water is the latest cure being tried on "dope" fiends, and doctors at the county almshouse find that it is a good one. Several days ago a woman was sent to the almshouse to be cured of the drug habit. She was stubborn and refused to give up her favorite "medicine."

The physicians were at their wits' end and finally told her that she could not have any more "dope." She then tried to end her misery but was caught and once more confined. At last the doctors decided to give her the much-loved "dope" in the form of sterilized water. She was given several injections of the new cure, and has improved since, not knowing that any change has been made. The other patients at the institution are improving and yesterday two were sent home cured.

## ROBERT RENO KAPP DIES

Robert Reno Kapp, aged 42, assistant manager of the Gately and Fitzgerald Supply Company, 31 South Second street, died at 1 o'clock this morning at the home of his brother, S. B. Kapp, of Wormleysburg. He is survived by his wife, one son, Vernon; his mother, three sisters and three brothers. He was an employee of the Gately and Fitzgerald Company for seven years, coming to this city from Baltimore, Md. He has been ill for several months and recently moved from his home, 1124 Montgomery street, this city, to his brother's home, in Wormleysburg. Funeral arrangements will be announced later.

## 2,800 LICENSE TAXES

Upwards of 2,800 license taxes will be chargeable against county merchants for 1914, according to a report just compiled by Joseph A. Miller, the mercantile appraiser.

## VETERAN PRINTER ILL

John Felker, aged 75 years, a veteran printer, was taken seriously ill this morning at No. 21 South Second street. He was taken to his home, 1411 Wallace street.

## OYSTER SUPPER

Members of the West End Republican Club enjoyed an oyster supper last night at their home, 1410 North Third street.

## PENNSY PLACES LOSS IN WRECK AT \$18,000

Issue Statement, Telling How Accident, in Which 30 Autos Were Damaged, Occurred

The following statement was issued from the office of the Pennsylvania Railroad Company in connection with the freight accident on the Northern Central Railroad, south of New Cumberland yesterday morning in which two cars loaded with Pullman automobiles were completely destroyed, causing a loss of over \$18,000.

"The train having the accident was known as preference freight train B-5, engine 699 running from Baltimore to Marysville, having a schedule of four hours and thirty minutes between these points and at the time of accident the train was running at a speed of thirty miles per hour.

"The train was composed of twenty-eight box cars and 'cabooses' in charge of Conductor Theodore Sheaffer; engineer, George F. Shamer; fireman, C. M. Tracey; flagman, Robert McLaren; brakemen, C. Ruby and H. W. Tracey, a total of six men.

"About a mile south of New Cumberland station, a rod connecting with the brake beam underneath the seventh car from the engine was broken, allowing the brake beam to drop to the rails, derailing one truck of this car, which ran over the ties without the knowledge of any of the members of the crew, for a distance of one-fourth of a mile, until it struck the iron girders of the bridge where the Northern Central railroad crosses the Yellow Breeches south of New Cumberland, the force of the impact causing the five following cars to leave the track, and it was only due to the fact that when the derailed car struck the bridge girders the train parted, causing the airbrake hose to be separated, which caused the automatic air brakes to apply on both portions of the train. In emergency that a more disastrous accident did not occur.

"When the accident occurred, Conductor Sheaffer and the front brakeman were riding on the engine and the rear brakeman was riding in the caboose with the flagman, and the first knowledge of these employees was that an accident was when the automatic air brakes were applied and in accordance with the rules of the company the flagman immediately protected all trucks on which north-bound trains might be moving and the firemen went ahead of the engine and protected all trucks on which south-bound trains might be moving."

## Market Square Church Endorses Local Option Stand of Governor

A resolution was sent to Governor Brumbaugh, yesterday, expressing the endorsement of the Sunday school of the Market Square Presbyterian Church on his local option stand. The paper was signed by the officers, including Judge McCarroll, superintendent of the school. Copies of the resolution, signed by the voting members of the school, were also sent to the Dauphin county Senator and the members of the House.

## ALGERIAN DANCER SHOT

By Associated Press  
San Francisco, March 19.—An Algerian dancer, known as the "Princess Turkait," a member of a ballet in a Russian amusement concession at the Panama-Pacific Exposition, was shot and instantly killed last night by her brother, Isaac Lizrakli. Lizrakli then began firing indiscriminately at the entertainers on the stage and into the audience, causing a panic.

PLANS TO ABOLISH BAR PROHIBITION IS DEFEATED

Regina, Sask., March 19.—Premier Scott of this province announced last night that his government will propose measures to abolish the bar for the sale of liquor and have the government take over the wholesale liquor traffic.

Wellington, N. Z., March 19.—National prohibition was defeated in the voting on the liquor question last December, according to complete returns which have been announced by the government. Supporters of local no-license also lost their fight.

## Working Women Are Too Busy to Be Strong Suffragettes, Say Two Leaders of Female Employees

New York, March 20.—That working women in large cities place their unions above suffrage in value and that they think more of the pay envelope than the ballot is the belief of Miss Helen Marot, former secretary of the Woman's Trade Union League, and Miss Melinda Scott, president of the same organization.

"Women are too much involved with their work to have much time for suffrage, and they think their unions command to all of that anyway," is the consensus of these two women's opinion.

## KINSHIP

(By Angela Morgan)  
I am aware.  
As I go commonly sweeping the stair,  
Doing my part of the every-day care—  
Human and simple my lot and share—  
I am aware of a marvelous thing:  
Voices that murmur and others that ring

In the far stellar spaces where  
Music that mates with the pulses of God.  
I am aware of the glory that runs  
From the core of myself to the core  
Of the suns,  
Bound to the stars by invisible  
chains,  
Blaze of eternity now in my veins,  
Seeing the rush of ethereal rains  
Here in the midst of the every-day  
air—  
I am aware.

I am aware,  
As I sit quietly here in my chair,  
Sewing or reading or braiding my hair  
Human and simple my lot and my  
share—  
I am aware of the systems that  
swing  
Through the aisles of creation on  
heavenly wing,  
I am aware of a marvelous thing,  
Trail of the comets in furious flight,  
Thunders of beauty that shatter the  
night.

Terrific triumph of pageants that  
march  
To the trumpets of time through  
Eternity's arch.  
I am aware of the splendor that ties  
All the things of the earth with the  
things of the skies,  
Here in my body the heavenly heat,  
Here in my flesh the melodious beat  
Of the planets that circle Divinity's  
feet.  
As I silently sit here in my chair,  
I am aware.

**16-INCH GUNS FOR VESSELS**  
Washington, D. C., March 19.—The two battleships provided for in the current naval bill may be armed with 16-inch rifles, the heaviest naval guns ever designed.

While tentative plans for the new ships contemplate vessels similar in general design to the 32,000-ton vessels of the California class now building, details of armament and engine equipment are being given unusual attention by navy designers and the results obtained from the 15-inch main batteries of the newest British and German battleships are being closely watched.

**FILE DAMAGE SUIT**  
A damage suit to-day was brought by Nikola, Josef and Maria Latus against the Pennsylvania Steel Company. John A. Herman, the attorney, has not yet filed a statement of the cause of action although it is said to be the result of an accident in which the father of the Latus children was killed.
