lowed to exist. A decision of the United States court is, 'no legislature has the right to bargain away the public health and the public morals; the people do not possess that right, much less their servants.' The liquor traffic does bargain away the health of the man who is a drinker, it endangers the morals of the public, and it is therefore illegal.
Boozer, Poor Workman
'Objections are raised to the passage of the local option measure. One dealer says that the liquor traffic is too strongly entrenched, it cannot be overturned. Temperance victories in the past few years contradict the statement. Half of the people in the country are living under dry laws.
'Another person says that it would throw too many people out of employment if the liquor traffic was stopped. Investigations show that the liquor business pays low wages compared with other legitimate business. The objection that if the liquor traffic were stopped the market for grain would be closed is weak. Only two per cent of the grain grown in this country is used to manufacture booze.'
The Rev. Dr. Curtis then went on to say that the drinker was an inefficient employe and manufacturers who give him employment lose the efficiency that they demand.
Resolutions drawn up at the three meetings will be sent to the Governor and the representatives.
In Grace Methodist Episcopal Church the following resolutions were unanimously adopted:
'Resolved, That the voters here assembled commend the action of Governor Brumbaugh in the course he has taken to secure the enactment of a local option law, and pledge him their individual support in his efforts.
'Resolved, That a committee be elected by this committee to inform Governor Brumbaugh of the action

taken commending his stand, and that the said committee advise the two members of the Legislature from the city of Harrisburg, Augustus Wildman and Joshua W. Swartz, of the action taken, present to them copies of these resolutions and ask that their votes be given in favor of the passage of a local option law.'
Grace M. E. Brotherhood to Hold Stag Banquet
The Brotherhood of Grace Methodist Episcopal Church will hold a banquet for members and their friends this evening at 6.30. It is to be a stag affair, and is one of a series.
Professor Peet of Technical High school will be the toastmaster, and after dinner speeches will be made by Arthur E. Brown, headmaster of the Harrisburg Academy; Arthur D. Bacon, of the Bacon Candy Company; F. E. Dowds, superintendent of public schools, and by William S. Snyder, of the law firm of Olmstead & Stamm.
The Tech orchestra will play and popular songs of the day, as well as old favorite hymns will be sung. The motto of this banquet is, 'Get your share of eats and help make the fun.' Covers will be laid for 100 men.
CALAIS CHASES ZEPPELINS
By Associated Press
Calais, via Paris, March 22, 5.13 A. M.—The third Zeppelin attack of this city timed at almost the precise hour that the aerial raid was made upon Paris early Sunday morning, was made ineffective because the whirring of the airships' motors gave adequate warning of their approach. The Zeppelins came from the direction of the bay and received such a vigorous bombardment from French artillery that they retreated before they reached the

Evan Williams Is Fine Interpreter of Handel

Evan Williams, the greatest concert tenor of America, who will appear in joint recital with Maud Powell, one of the real great violinists of the world, in the Chesapeake Auditorium on Thursday evening, April 8, is said to be the finest interpreter of Handel songs and especially those of the oratorios. One of the numbers Mr. Williams will sing is 'Total Eclipse, No Sun! No Moon!' taken from Handel's 'Samson,' the oratorio to be sung by the Harrisburg Choral Society at its musical festival the latter part of April.
A leading critic says of Maud Powell and her wonderful playing: 'Between what an ordinary person can do and the feats of a genius like Maud Powell the gulf is immeasurable; there are plenty of men and women who can fiddle, but there never are more than two or three persons in the world at the same time who can work the miracles she can.'

Women of New Jersey and Pennsylvania
Imagination balks at the magnitude of \$2,000,000. Only when it is translated into terms of purchasing power does it become comprehensible.
Two million dollars, for example, will support more than 2000 families of moderate income for a year.
Two million dollars will buy more than 200,000 barrels of flour, more than 50,000 sewing machines or 80,000 suits. It will give work for an entire year to 2000 men and women engaged in various productive industries and other occupations that add to the common welfare of the people in all walks of life.
It is \$2,000,000 a year that the Full Crew—"excess man crew"—Laws compel the railroads of your States to pay in unearned wages. These laws deprive you of improvements for safety and comfort in travel that this money, now used unproductively, would provide.
How much longer in these times when economy is a universal necessity are you willing to endure this tremendous waste? In the end the cost bears upon you, either in increased rates or decreased service.
Will you use your influence in urging that the people's elected Representatives at Trenton and Harrisburg work and vote for repeal of the Full Crew Laws and place control of the proper manning of trains in the hands of the Public Service Commissioners?

THEODORE VOORHEES, President, Philadelphia and Reading Railway.
