CHILD LABOR AGREEMENT

Governor Shows That He Is Willing to Meet the Manufacturers More Than Half Way

Enactment of the workmen's compensation law is practically as outlined by the Governor and Attorney General is assured. Republican organization leaders have given the Governor to understand that they are for it and the measure which is in sufficiently complete shape to permit of its being reported out at the next meeting of the judiciary general committee of the house.

Popular Support. It was declared to-day that Senator William E. Crow, chairman of the Republican State committee, and Senators McNichol and Vare, Philadelphia, had agreed that Attorney General Brown had whipped the proposed compensation act into the shape that made it acceptable to them and to other Republican senators.

No More Hearings. Confidence in the "acceptance" of the compensation bill has reached the stage where it is asserted that another public hearing will not be necessary.

To Discuss Bill. The Governor stated yesterday afternoon that he would meet representative manufacturers at the Bellevue-Stratford next Saturday and take up with them the objections raised against his child labor bill.

A Historic Fight. "No concessions will be made in the matter of hours. That has been settled by competent medical opinion by the judgment of people who have studied the subject, and it is no longer a matter of debate. I stand shuttling the heels in the box with me."

Vare For Governor. Senator Crow gave this version of his talk with the Governor on the child labor bill.

This is a truly remarkable new variety. In trials of fifty of the new and standard sorts it stood head and shoulders above the rest. If you grow late Celery, by all means give this variety a trial. If you are not satisfied with it, your purchase money will be returned, but the situation will doubtless be that you will wish that you had planted ten times as much. STEPHEN N.
