Regent "Movie" Manager Wins Out in Injunction Brought by Victoria

Strenuous efforts by one moving picture manager to prevent the production of "Tillie's Punctured Romance" on the screens of a rival playhouse fell flat in the Dauphin county court today when President Judge George Kurland dissolved the preliminary injunction, instituted by James and Athens George, proprietors of the Victoria, against Peter Magaro, proprietor of the Regent.

The title of the punctured romance of Tillie was shown Tuesday and yesterday at the Victoria, although Mr. Magaro had scheduled it at his playhouse for an earlier date. The George's contended that Magaro had no right to show it first, however, because they, too, had secured the film for an earlier date. Magaro, thereupon changed his date to tomorrow, Saturday.

The petitioners and the respondent were in court this morning when Judge Kurland issued the order against the George's.

THE BEST THINGS

The world is old, but the heart is young. And its sweetest songs are yet unsung; Earth's richest treasures are yet unsought; Earth's bravest battles are yet unfought.

Down deep in the earth—in the blackened soil— Shut out from the light does the miner toil; But, see, at the sound of each ringing blow, How the factories hum and the hearth fires glow!

A black browed man in a humble room Sits patiently tending an ancient loom; But, see, from his hand what hues Of tapestry rich in eastern dyes!

The farmer wakes with earliest light, And toils in his field from morn till night; No king could a worthier service yield, "For even the king is served by the field."

Then, work and win! for the world is wide, And its doors will open on every side; Look not on the path with vain regret, For "the best things haven't happened yet."

YOUR BIRTHDAY

(Three Score and Ten) That "distance lends enchantment to the view," In life is true. In radiant youth our hearts and hopes transcend. Our daily trend, The future charms us, and we build so fair.

Our castles there. We walk through flowery meads of expectation. With rare elation. And choose far hills o'er which the rainbow glows.

For our repose. There comes the day when all enchantments fall. Our dreams avail! Our heedless youth has vanished, and at last, We have a Past!

The undimmed beauty so fair, so far, Lies now behind us where youth's roses are! Here, many sit them down to weep and sigh. Nor days gone by. But you, dear friend dwell not with such as these.

'Neath cypress trees: But all illusions be so fairly past, You know at last The true existence; thus with clearer gaze You spend your days, Beneath the palm trees where the horizon. Blends earth and sky in one. J. S. B.

DIETING TO KEEP WELL

Some people are born with a tendency to certain diseases. What they eat either aggravates this condition or tends to correct it.

Anybody can see the importance of a proper diet, but human beings, unlike the lower animals, lack the instinct that tells them what to eat and what to avoid.

It is a fact that proper diet and a good tonic will keep people well under most conditions and restore them to health except in acute diseases where the need of a physician is imperative.

Start to-day by writing to the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of the diet book, "What to Eat and How to Eat." It is full of useful information and describes the tonic treatment with Dr. Williams' Pink Pills for indigestion, nervous dyspepsia, for those conditions of flatulency or gas on the stomach, discomfort after eating, caused by lack of tone in the digestive organs. Dr. Williams' Pink Pills supply the stomach with well-oxygenated blood without which good digestion is impossible. Dr. Williams' Pink Pills are a non-alcoholic tonic and are free from poisons.

A short course of treatment with these pills will show in an improved appetite, better digestion, refreshing sleep and quiet nerves. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.

The Strongest Man in the World is only a baby when he lies on his back and takes orders from a rebellious stomach and a trained nurse. The best food to coax back the digestive organs to natural vigor is

Shredded Wheat

a food for invalids and athletes, for youngsters and grown-ups—contains all the body-building material in the whole wheat grain made digestible by steam-cooking, shredding and baking. The delicate, porous shreds of baked wheat are retained and digested when the stomach rejects all other foods.

Made in America

Two Shredded Wheat Biscuits, heated in the oven to restore crispness, served with hot milk or cream make a complete, nourishing, satisfying meal at a total cost of five or six cents. Also delicious with fruits.
