DIES VISITING DAUGHTER

Special to The Telegraph
New Bloomfield, Pa., March 25.—Mrs. D. H. Shelby, of Spring township, near Landisburg, died Tuesday at the home of her daughter, Mrs. H. B. Rhinesmith. Mrs. Shelby came here several weeks ago, to visit her daughter, but a few days after her arrival, she suffered a stroke of paralysis, which was the cause of her death. She was the widow of David H. Shelby, formerly a member of the State legislature, who died about a year and a half ago. She was 78 years old.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. I refused to have one. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 311A Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Advertisement.

Physician, Blinded by Delirious Patient, Tries to Operate on Himself

Special to The Telegraph
Chicago, Ill., March 25.—Dr. Walter P. Pauly, a Spartan-like osteopath, of Kanoka, Mo., is in Chicago awaiting strength to perform a second operation upon himself in order to save his sight. The physician, now suffering from stricken eye and an incessant sneezing that began, the doctor calmly ordered the woman tended and set his nose. An intense pain caused by what seemed a ruptured blood vessel in the head followed. This was on Thursday.
By Monday, the sight of the right eye was gone. Doctor Pauly carefully manipulated both eyes and in a measure restored the sight of the right eye. Shortly after, however, he became totally blind. The force of the blow had paralyzed the crossing nerves of the two eyes.
He intends to operate on himself as soon as he recovers his strength.

Demonstrators to Explain and Adjust New City Scales in Market Places for Week

City market patrons will be instructed as to the proper method of using the new scales that are to be installed in the Hill, Verbeke and Chestnut street marketplaces by competent officials, who will be on duty for the purpose for the first week or two the equipment is in service. The men will adjust the mechanism, from time to time until the weights are working readily. They will be maintained at the city's expense and will likely be on duty one Wednesday and Saturday at each market place.
City Sealer Harry D. Reel, who has already placed his order for the three sets of scales, expects them here within a few weeks and in the meantime he will arrange for the construction of proper places for boxing them in the local markets. The scale houses will be of wood and will be locked when not in service, the keys being placed with the marketmasters. By May 1 Mr. Reel hopes to have the systems working in all three markets.
When the scales are working properly anybody can use them for testing the accuracy of their dealer's scales for commodities. Live poultry and certain other articles which will be designated by the City Sealer will not be permitted on the scales.

"The Model Woman" Will Be Subject of Address by Wife of Evangelist Hillis

Special to The Telegraph
Marysville, Pa., March 25.—Three meetings were held in connection with the Hillis campaign yesterday. The first was a cottage prayer meeting attended by about 200 persons, and a meeting of 500 women was addressed by Mrs. Hillis in the afternoon. Evangelist Hillis addressed a meeting for men only on the subject of "Stepping Stones to Success." In the evening the subject of the sermon was "First Things First." Twenty conversions were reported. This evening there will be a delegation of railroad shopmen at the tabernacle.
Hereafter the Sunday afternoon meetings will be for men only.
Mrs. Hillis will address the women of the United Evangelical Church on the subject of "The Model Woman."

New "Twilight Sleep" Now Billed as Delusion

Special to The Telegraph
Philadelphia, March 25.—"Twilight sleep," the method of "painless" child birth widely advertised as a boon to motherhood in a number of recent publications of popular magazines, has been characterized by Dr. Edward P. Davis, director of the maternity ward at Jefferson Hospital and professor of obstetrics at Jefferson Medical College, as a delusion. The claims put forth in its behalf by the magazine writers on the subject, says Dr. Davis, are wholly from the unprofessional standpoint, and, failing to represent the views of the medical profession, are "entirely without scientific value."

Smallpox Epidemic Grips New Jersey Town; 35 Ill

Special to The Telegraph
Millville, N. J., March 25.—All children in the public schools here were ordered, at a mass meeting, to be vaccinated forthwith—that is, all that have not been vaccinated within the last five years. A committee was named to visit all factories and demand that all employees be vaccinated if they had not been so treated in the last seven years. All dogs were ordered tied up and all rummage sales prohibited in the future in the town. These orders followed a meeting of the Board of Health to discuss the smallpox here.
There were thirty-five cases reported to-day to the Board of Health. The town has a population of 15,000. The cases are spread all over the city.

Chicago Mayor's Life Threatened by Woman

Special to The Telegraph
Chicago, Ill., March 25.—Mrs. Leonard Dornling, 50 years old, was arrested yesterday in the office of Mayor Carter H. Harrison, in the City Hall, after she had shouted that she would kill him. She would not give any reason. She said she was once the wife of a Pittsburgh banker named Montgomery, who was sentenced to prison after the failure of his business.
Mrs. Dornling became violent when seized. The police said she had been arrested before for causing disturbances in public offices.
Mayor Harrison's father, also named Carter H. Harrison, was assassinated October 28, 1895, while serving his fifth

PLAN JITNEYS FOR WOMEN

Atlantic City Mails Propose to Run Line For Female Sex Only
Special to The Telegraph
Atlantic City, N. J., March 25.—Something new in public transportation is promised in jitneys "for women only." Two young women called at City Hall, ascertained the cost of licenses and other details and declared their intention of placing in service cars that will have women for drivers and draw the line upon masculine "fares."
The "women only" jitneys will take care of theater parties and carry passengers to church and Sunday school, as well as handling regular traffic. Store girls are expected to provide a good part of their patronage.

RAZING QUAY HOMESTEAD

Dillsburg, Pa., March 23.—Workmen began yesterday to remove what is known here as the old Quay house, one of the last old landmarks in Dillsburg. The house was built more than a hundred years ago and had not been occupied for some time, and was ordered torn down by the State fire marshal. In this home the late Senator M. S. Quay was born, at the time his father was pastor of the Monaghan Presbyterian Church.

FARMER HANGS HIMSELF

York, Pa., March 25.—Albert Ginzrich, farmer, aged 57 years, residing in Springettsburg township, hanged himself in a stairway at his home to-day. Sickness was the cause.

Hucksters Must Use Standard Measures

Fancy-shaped baskets which are being used by some local hucksters and vegetable vendors have been tabooed by City Sealer Harry D. Reel.

From several wagons yesterday Mr. Reel confiscated prettily shaped little receptacles of the kind which the genial dealers were using to dispose of the basket was held out as an inducement. The baskets, however, did not contain the required depth or width necessary to hold a half or a quarter of a peck and the sealer ordered them in.

"The safest plan for all dealers," said Mr. Reel to-day, "is to use the regular standard measures for their goods. That's the law and no one can go wrong by complying with it."

CONTROLLER'S REPORT SENT BACK

Sunbury, Pa., March 25.—Judge H. W. Cummings and F. B. Moser yesterday refused to accept, approve or confirm the first annual report of County Controller Aaron Raker, claiming that it did not comply with the fifth and sixth sections of the act of assembly of 1895. The report was sent back to the controller with instructions to prepare a new one. The controller, a Democrat, went to a great expense to get the report published in book form.
