Pays the Balance

Farmlyn is open for your inspection---A look means a lot in Farmlyn.

SATURDAY MARCH 27---SALE STARTS 1.30 P. M.

FARMLYN CO. INC. LOCAL OFFICE 610 KUNKEL BLDG.

### Showing How the Cloth Makes Up Into a Suit

A new device of special value to custom tailors has been invented and is now being shown in Harrisburg for the first time. A frame large enough for an average-sized man has the panel cut out the exact shape of a man's suit. Upon another section that fits into the cut-out panel the cloth is draped and the outer panel covers all fabric except that which is outlined in the shape of a suit. Wires are so arranged as to give the effect of seams and pockets, and buttons attached so as to give the appearance of a finished suit. The head, hands and feet are pointed on outer panel so as to give the impression of a fashion model dressed in the latest style. This makes it possible for a man about to select a

pattern for a suit to have any desired color, plaid or stripe draped within the frame and get an intelligent conception of how the material will appear when made up into a suit. George W. Geistwhite, custom tailor, at 22 South Fourth street, received one of these yesterday and is proving itself an object of interest to the many who have seen it demonstrated.

### KRAKUS SENTENCED TO DEATH

By Associated Press  
Wilmington, Del., March 26.—In the court of oyer and terminer this morning the motion for a new trial of the case of Peter Krakus, alias Melba, convicted of the murder of Policeman Francis K. Tierney on March 6, was withdrawn by his counsel, David J. Reinhardt. The court then sentenced Krakus to be hanged at the county workhouse on Friday, May 14.

## RAILROAD NEWS

### PLAN SAMPLE ORDERS PRIOR TO CONTRACTS

#### All Future Equipment of the Pennsylvania Railroad Must Be Up to Specifications

With a view to getting future equipment strictly up to specifications, sample orders in the future will precede all contracts from the Pennsylvania Railroad Company. This plan is now being followed in the orders for rails.

Five firms to-day are manufacturing sample orders of rails for the Pennsylvania Railroad. Two thousand tons each are being made by these firms, with Pennsylvania Railroad chemists at work in each plant carefully analyzing the ingots and the rails after the ingots are rolled. Reports of these tests are being sent to the purchasing department, and based upon these reports contracts are to be awarded.

According to the statement of an official, contracts will no longer be given to such-and-such a firm simply because it is such-and-such a firm, but awards will be made according to bids received for the material which has been turned out on the sample orders. In addition when the awards are made chemists will be continued at the plants and the same tests will be made as were made during the manufacture of the sample orders.

In this manner it is believed that the railroad company will receive better rails than ever before and will at the same time receive them at a lower price than has been paid in the past. The rails which are now being made on the test orders are of the 109-pound style.

The plants which have been given trial orders of 2,000 tons each are: Bethlehem Steel Company, Bethlehem, Pa.; Cambria Steel Company, Johnstown; Carnegie Steel Company, Edgar Thomson works, Pittsburgh; Lackawanna Steel Company, Buffalo, N. Y.; and Pennsylvania Steel Company, Steelton.

### General Manager Long Inspects Main Line

General Manager S. C. Long, of the Pennsylvania Railroad, accompanied by his staff of assistants in the Philadelphia offices, with Noel W. Smith, superintendent of the Middle division, and H. H. Russell, Middle division engineer, inspected the New Portage branch and the Middle division from Huntingdon to Harrisburg yesterday.

General Manager Long left Pittsburgh at 7 o'clock in the morning and inspected the Conemaugh division and the Creson branches, in company with the officials of the branches, and was met at the New Portage junction shortly before noon by a special train from Altoona bearing the Altoona officials. The inspection party reached Harrisburg at 5.30 p. m.

Mr. Long is on his final lap in the road inspection to-day and will complete the work this afternoon, when the party arrives in Philadelphia. The Pittsburgh division and branches were inspected Tuesday afternoon and Wednesday.

### New York Central Has Unprofitable Year

Special to The Telegraph

New York, March 26.—The annual report of the New York Central and Hudson River Railroad Company for the year ended December 31, 1914, made public yesterday, shows that the company's gross earnings decreased \$9,942,758, or 8 per cent., to \$112,741,951. Operating expenses were reduced \$9,581,339, so that net operating earnings decreased only \$361,427 to \$28,707,946. Decreases in nonoperating income, together with larger fixed charges, etc., brought down the net income available for dividends \$4,534,886 to \$8,688,672, equal to only 2.84 per cent. on the \$225,581,066 of capital stock, compared with 5.86 per cent. in the previous year.

### Norfolk and Western Has Disastrous Wreck

Special to The Telegraph

Hagerstown, Md., March 26.—One of the most costly wrecks on the Norfolk and Western railroad in recent years occurred early yesterday near Boyce, south of this city.

Seventeen cars loaded with merchandise on a northbound freight train were derailed and demolished. The track was torn up a distance of 500 yards. The road was blocked until late in the afternoon. A tramp who was seen on the train is missing and it is believed that he was buried under the wreckage. The derailment began with the third car from the engine. The train was a double-header, in the charge of Conductor Matthews. The engineers were F. R. Stall and F. H. Settle. None of the trainmen were injured. Passengers north and south were transferred around the wreck.

### RAILROAD NOTES

Long whistles when approaching junction points on the Middle division points have been cut out. The Norfolk and Western Railroad will make extensive improvements at Hagerstown this year. President Samuel Rea, of the Pennsylvania Railroad, with Mrs. Rea and daughter, Miss Ruth Rea, were in Altoona yesterday.

Charles T. Jones, 258 Verbeke street, inspector at No. 1 enginehouse, of the Pennsylvania Railroad, is ill.

Two more large steel girders for the Cumberland Valley bridge at Front street, arrived to-day and will be placed in position to-morrow.

Steel cross girders on the Cumberland Valley Railroad bridge were placed in position at Front and Mulberry streets this morning.

Funeral services for Mrs. Daisy F. Harris, aged 41, will be held Monday afternoon at 2 o'clock at the home of her parents, Mr. and Mrs. W. H. Rudy, Sr., 1212 1/2 North Seventh street. Burial will be made in the Harrisburg Cemetery. She is survived by one brother and one sister. She was a resident of Brooklyn and came to this city last October to visit her parents.

### CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

#### "California Syrup of Figs" can't harm tender stomach or bowels

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poisoning, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

#### TANZER CASE POSTPONED

By Associated Press  
New York, March 26.—The case against Miss Mae Tanzer, who was held in \$5,000 bail on a charge of using the mails to defraud after she had begun a \$50,000 breach of promise suit against James W. Osborne, will not be submitted to the federal grand jury before Monday next, according to an announcement by United States District Attorney Marshall.

### Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous and who have trembling, dizziness, heart palpitation, cold hands and feet, insomnia, fear without cause, timidity in venturing and general inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By preparing the treatment at home secretly, no one need know of another's trouble, while the ingredients are much used in filling various prescriptions, so that even the purchase of them separately need occasion no timidity.

If the reader decides to try it, get three ounces of ordinary syrup sarsaparilla compound, and one ounce compound fluid balsam-wort; mix and let stand two weeks (not vacuum) mix all together, shake well and take a teaspoonful after each meal and one at night.

This contains no opiates whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefit.

### MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, or you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and no one can make a mistake by taking a little occasionally to keep the kidneys clean and active.—Advertisement.

### Eat More Niana Peas and Less Meat—Save Money

Niana Peas have as great food value as meat. Ten cents worth of meat goes not far in the average family.

## NIANA Garden Peas

—Only 10c a can

And a ten cent can is a substantial addition to the meal, giving each one a liberal portion. No other brand of canned peas, no matter how high the price, is superior to Niana Peas. Niana Peas grown from Niana seed and put up by Niana process—that's the reason. If your grocer doesn't get them for you, we will if you write us.

NIANA PURE FOOD CO.  
Waukesha, Wis.

NOTE:—Niana Evergreen Corn—10c a can. Niana Milk—purest and best, 10c a can. Tastes just like pure, fresh Jersey cream.
