Patrons' Day at Public Schools of Mechanicsburg

Mechanicsburg, Pa., March 26.—Visitors in large numbers attended the Patron's Day exercises and exhibitions yesterday in the public schools. An enjoyable program was given in the grammar school, consisting of music and readings. In the high school, with Dorothy Ross as pianist, several choruses were sung. Helen Sowers read "Argb Steed," and the fifth grade girls and boys each sang a number. The principal feature was the play, "Comus," by John Milton, in five scenes, and the roles were exceptionally well taken by the young people, among whom were: Richard Schaffhirt, Lee Strock, Ethel Wister, Karl Busler, Wilbur Wertz, Margaret Stov, Paul Knous, Ruth Adams, Helen Bentz, Eva Arbogast, Jean Sample, Frances Koller, Margaret Orris, Cora Hertzler, Katharine Kimmel, Nada Kiefer, Beatrice Flohr, Margaret Smith, and Kathryn Springs. The music was under the direction of Miss Mary Bush, and the play, Miss Edith Pegley. The drawings and etchings in the various grades, which were on exhibition, showed training and talent, and were the admiration of the visitors. This is the first year, sewing was taught in the schools, and the work displayed was creditably done. Under the superintendency of Ralph Jacobs, the schools are high in standard and progressive.

Horrid Pimples Kill Dimples

But Stuart's Calcium Wafers Will Remove the Unsightly Blemishes in So Short a Time as to Seem Almost Impossible of Belief. The crowning beauty of a woman is her skin. She may have only ordinary features or even a coarse, heavy contour of face, but if she is the possessor of a fine, colorful skin, showing vigorous health and a pure blood, she will grow attractive to every eye.

The Girl: "Betty has a pretty face and cute dimples, but the pimples are horrid." The Man: "Stuart's Calcium Wafers would remove them in a jiffy." The great trouble with the majority of women is that they try to remove pimples by outside treatment, such as greases, massage, cosmetics, electricity, etc. These methods will not cure, nor even temporarily remove pimples and facial disorders. The difficulty is generally impure blood. The blood is a stream of waste matter filled with poisons. Its color is black or blue or brownish cast, instead of ruby red, as it should be. The best color always comes in youth, of course, but all the cosmetics in the world will not bring back the color if your blood is diseased or filled with impurities which it cannot remove or throw off. Go to your druggist, whoever he may be, and he will give you a box of Stuart's Calcium Wafers, price 50c.
