**HIGH VOLTAGE TESTS ON ELECTRIC BRANCH**

Officials of Telephone Companies Make Trips to and From Bryn Mawr; Results Satisfactory

Officials of the Philadelphia and Terminal divisions of the Pennsylvania Railroad, made a further inspection of the electrified branch to-day. Barring further wire trouble, trains will be making regular trips on and after Thursday.

Another test on high voltage was made yesterday. The results were highly satisfactory. Four new cars were run.

Tests were made yesterday in connection with a special inspection by Vice-President W. Heywood Meyers and Bell and Keystone Telephone companies.

In the party were: R. C. Wright, traffic manager; E. P. Bates, assistant freight traffic manager; C. D. Temple, A. W. Gibbs, chief of motor-power department; J. C. Johnson, W. B. Kraft, auditor of miscellaneous accounts; J. H. Ehle, Joseph Stockwell, Nathan Hayward, chief engineer Bell Telephone Company; E. C. St. Hart, C. M. Shearer, superintendent of freight transportation; Carroll M. Bunting, controller; R. H. Newberry, E. Hunt, C. W. Greenshaw, W. W. Willis, Robert E. De Russee, assistant to first vice-president, and R. C. Green, superintendent of Philadelphia Terminal Division.

the Eitel, and smoke was issuing from only one of her funnels.

One of the many reports current in Marine circles to-day was that British merchantships leaving here have been carrying coal to the allied warships lying off the capes to wait for the Prinz Eitel. It was said one of the reasons for sending the battle ship Alabama here was to enforce neutrality in all its phases.

**Wilson Says Eitel Will Not Travel to New York**

By Associated Press

Washington, March 29.—President Wilson has been informed that there is no chance of the Prinz Eitel going to New York inside the three mile limit. The President told callers to-day he had received apparently authentic word that it would be impossible because of the draft of the vessel and added that he saw no reason why the Eitel's captain should desire to go to New York.

The President indicated that he was not alarmed about possible complications.

good-by. He will give all possible aid to his successor.

The letters given out were as follows:

Pittsburgh, Pa., March 26, 1915.

Honorable Martin G. Brumbaugh, Governor of State of Pennsylvania.

Dear sir: Believing as I do that the work of the Highway Department for the ensuing two years will be principally maintenance work, and knowing that the man who has charge of the work should be in touch with the Spring work, I tender you my resignation to take effect on the first day of April.

Very respectfully,  
(Signed) EDWARD M. BIGELOW.

To this the Governor replied to-day.

Harrisburg, Pa., March 30, 1915.

Hon. Edward M. Bigelow, Pittsburgh, Pa.

My dear sir: I beg to acknowledge your letter of March twenty-sixth, tendering your resignation, and to say that I have in compliance with your request accepted the same, to take effect on the first day of April.

I wish to thank you for your courteous assistance to me in the initial days of my administration upon all matters bearing upon the effective administration of your department, and wish you great success.

Very sincerely yours,  
(Signed) M. G. BRUMBAUGH.

**PREPARE TO RESUME WORK ON RIVER WALL**

[Continued from First Page.]

will have the whole improvement ready to turn over complete to the city by July 1, the time specified.

With the exception of clearing away some of the debris outside the wall above "Hardscrabble" in order to keep the water at the two-foot point, as required by the specifications, all that yet remains to be done is to put down the fourteen-foot walk from Market street to "Hardscrabble" and from the northernmost end of "Hardscrabble" to Maclay street.

Finishing touches to the treatment of the River Front slopes above "Hardscrabble" are being made by the city park department, and all day yesterday half a dozen of the big motor trucks in the service of the Brown-King Construction Company, excavation contractors on the Pennys freight site, were busy hauling earth to the upper end of the city.

The motor trucks had all been sent away a few days ago, but those now in commission had been recalled from Baltimore in order to finish up the few thousand yards of dirt that remained to be removed.

**COUNCIL PETITIONED TO BUY PLAYGROUND**

[Continued from First Page.]

The measure, which is on the second reading calendar, was not called up, however, by Commissioner Taylor, as he pointed out that the City Planning Commission wanted an opportunity of inspecting the plot and he did not wish Council to consider the ordinance until the planners had had a chance to look it over. The Planning Commission will inspect the site in the next few days.

The letter of President Enders, of the improvement association, which accompanied the petitions, follows:

Hon. Board of City Commissioners:

We submit for your consideration the attached petitions as voicing the opinion of the residents of the West End of the city of Harrisburg. This, we believe, sustains the ordinance recently submitted for the purchase of the tract of land at Fourth, Fifth and Emerald streets for playground purposes.

The plot has previously had the endorsement of the undersigned body and we strongly urge the final passage of the ordinance.

Respectfully submitted,  
WEST END IMPROVEMENT ASSOCIATION,  
ROBERT A. ENDERS, President.

**Relief Delegates Discuss Constitutional Changes**

Constitutional changes occupied the attention of the Brotherhoods' Relief and Compensation Fund National Convention to-day. This afternoon many delegates attended the hearing on the Full Crow law at the Capitol.

To-night the delegates will attend a concert by the Brotherhood of Railroad Trainmen's band at Chestnut Street Auditorium. The concert is for the benefit of the Compensation fund. It is understood there is no opposition to the re-election of L. G. Smith, of Harrisburg, as president, and E. E. Smith, of Altoona, as secretary.
