I will therefore not be back until some time after the middle of April. Under ordinary circumstances I would travel to the south to comply with such a request as yours, but just now I feel that I owe it to myself to take a rest. ELEVEN BEGAN LONG, LONG JOURNEY

Sheriff Wells Takes Record Group of Prisoners to Serve Varying Periods in Penitentiary

Eleven prisoners, probably the largest group to be taken to State's prison from Dauphin county at one time in many years, to-day started on their respective journeys which will cover varying periods, ranging from one to thirteen years. The prisoners were all sentenced after March quarter sessions and they left this morning, accompanied by Sheriff H. C. Wells and several deputies.

In the group were Albert Hagy and John E. Gibb, the two Steelton youths who held up and robbed ex-Sheriff E. P. Higgins of Potter county. Both got from two and a half to five years. The long-term man was George O'Gorek, who had been sentenced to a fourteen-year term a few years ago and was released on probation after having served three and a half years. During his parole he was convicted of felonious entry and the Dauphin County Court sentenced him to serve another two to four years—the term to begin after he finishes the other ten and a half years of his previously unexpired sentence.

The other prisoners were: Tony Bonavie and John Skidlu, burglary, year to eighteen months; Leroy Gilbert, felonious entry, two to three years; Charles Schultzbach and Milhaj Hangja, rape, four to six years each; John Filer, burglary, eighteen months to three years; Charles Dickson, assault with intent to rob, three to five years, and Charles Mollere, felonious assault, two to four years.

WANT LATER TRAIN ON READING LINE [Continued from First Page.] way are of the opinion that new trains may come with the summer schedule.

Trains Leave Too Early. One contention is that the last train leaving Harrisburg for eastern points on the Reading road to-day evening, leaves too early for connections with the incoming trains from points north, west and south on the Pennsylvania lines, compelling travelers from Lebanon, Reading and Allentown to remain in Harrisburg over night.

It is also said that many Harrisburg folks would attend social affairs at Lebanon and other points east of Reading; and that members of secret orders would also make numerous visits to these cities, if there was a train arriving in Harrisburg from the east at 11 o'clock at night, or later.

Reading and Lebanon people give the same argument, expressing desire to come to Harrisburg for an evening. At present Harrisburgers attending a function at either Lebanon or Reading must remain over night. The last train east now leaves Harrisburg at 9 p. m. and arrives from the east at 10:10 p. m.

WOMEN IN VIENNA

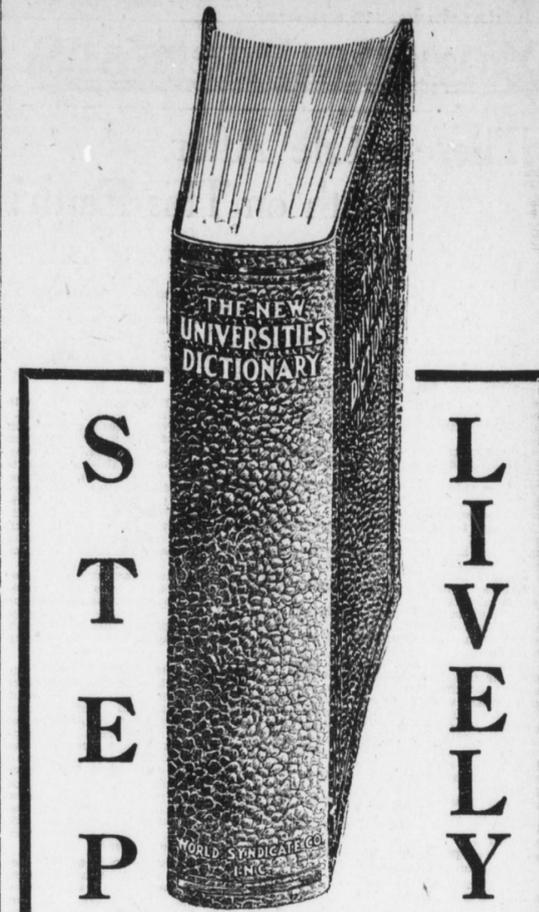

Vienna, March 30.—Everybody does their duty for the endangered fatherland. The poor woman on her way to factory contributes her mite to the collection boxes which women open their parlors, bedrooms and kitchens to the wounded officers and soldiers. Not only do the women of Austria, low spirits, sleepless nights, suffer from war's deprivations, but women in America are everyday suffering from the many ills that women are heir to.

The diseases which weaken and torment women, may in almost all cases be cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration, and cures womenly weakness.

Every woman who has reason to believe that backache, headache, unnatural pains, low spirits, sleepless nights, irregularities or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself and dear ones to speedily overcome the trouble before general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a temperance remedy that any ailing woman can safely take because it is prepared from roots and herbs with glycerine containing tonic properties and is not a secret remedy because its ingredients are printed on wrapper.

Fall of Snow to Usher March Out, Is Prediction

The old theory—that if March comes in like a lion it will go out like a lamb—isn't going to work this month, according to E. R. Demain, local weather forecaster. To-morrow will be cold and cloudy with snow or rain. All over the eastern part of the country, low temperature prevails and in some places more than an inch of snow has fallen. All of the weather reports announce that unusually cold weather exists. The lowest temperature for to-night will be about 25 degrees. Last evening the mercury took a big drop, and snow fell shortly before midnight.

Delay Has Been Dangerous in Harrisburg. Do the right thing at the right time. Act quickly in time of danger.

In time of kidney danger Doan's Kidney Pills are most effective. Plenty of Harrisburg evidence of their worth.

Mrs. L. W. Moore, 825 North Third street, Harrisburg, says: "My back always felt weak and pained me almost constantly. At times sharp pains darted through my kidneys. My kidneys were weak and I had very little control over them. I felt all run down and my nerves were in an awful condition. One of my family had taken Doan's Kidney Pills and had benefited so wonderfully that I decided to give them a trial. I am glad to say that they have done me a great deal of good. I am still taking them and am improving right along. Considering the condition I was in before I began using Doan's Kidney Pills, I can't help speaking a good word for them."
