SONGS IN ENGLISH BY EVAN WILLIAMS

Great Tenor Will Sing Famous Record Numbers and Handel Oratorio Songs

EVAN WILLIAMS

Evan Williams, America's greatest concert tenor, who will be heard in joint recital with Maud Powell the renowned violinist, Thursday evening, April 8, in the Chestnut Street Auditorium, is one of the leading disciples of the singing in English.

It has been Mr. Williams' opinion for a long time that it is not absolutely necessary for a singer to sing in foreign languages, when with proper translation most of the songs are equally effective and far more enjoyable in an understandable tongue.

His program in this city will be devoted entirely to English, and on the list are songs made famous by records, and through many requests he has kindly consented to sing Bartlett's "A Dream," Neidlinger's "Sweetest Miss Mary," and his two well-known record songs, "A Perfect Day" and "Open the Gates of the Temple" in one group.

He will also sing a number of Handel songs from the famous oratorios, in which he excels, and as encores he has promised, "All Through the Night" and "O Dry Those Tears."

Mr. Williams' voice is a wonderful one, alternating from a silvery to a golden timbre and absolutely flawless in tone emission; the Boston Advertiser says: "It is rare to find the dramatic and the lyric style so well proportioned as they are in Mr. Williams' art."

Sale of seats for this popular musical event will open to-morrow morning at the J. H. Troup Music House and the prices are within the reach of all.

Says Indigestion Results From an Excess of Hydrochloric Acid

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a notable authority. We also tell us that indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach, which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach, like garbage sours in a can, forming acid fluids and gases which inflame the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate, our heads ache, we have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent, and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.—Advertisement

HAVE YOU HAD THE GRIP?
The debility and depression following an attack of the grip is not a fanciful disorder. "Post-grippal neurasthenia" is the medical name for this condition and its seriousness is recognized by all medical writers.

One authority says: "Broadly speaking, every victim of the grip will suffer from post-grippal neurasthenia also. Lowering of nervous tone, with increased irritability is the most striking effect of the disease, with languor of mind, and body, disturbed sleep and vague pains in the head and elsewhere."

Every sufferer will recognize the symptoms. What is the remedy? After the fever has passed and the influenza has subsided the diet should be more liberal but be limited to articles easily digested; rest and sufficient sleep are essential and Dr. Williams' Pink Pills are the only medicine required in most cases. This treatment should be continued until the patient is completely restored to normal health and spirits. It is a specific treatment and rarely if ever fails.

Send to-day for the booklet "Building Up the Blood." It is free if you mention this paper. Address the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.—Advertisement.
