Bryan to Run For Senate,
Say Washington Gossips

Special to The Telegraph
Washington, April 3.— Coincident With the announcement that Senator Hitchcock will return to Nebraska next Monday, a strong current of political gossip has set in, to the effect that Secretary Bryan will become a senatorial candidate in the 1916 Nebraska primary. The bitterness between the Hitchcock and Bryan factions in Nebraska is well known.

Secretary Bryan and his followers are bent on preventing the return of Senator Hitchcock to the Senate. Mr. Bryan's friends think he is the most available man to defeat Senator Hitchcock and in the type of Senator Hitchcock in the sabout the only man who can do it.

This country is in a peculiar position in regard to dyestuff that is not paralleled by any other product. Germany has always produced the world's supply of aniline dyes, which are made by an expensive process. American manufacturers could make the dyes to establish the manufacturing plants unless they can be assured of tariff protection for their wares after the war, when the German supply will be resumed and their expensive plants be closed down. At ordinary times, they say, they cannot compete with the low German prices. Practically all the fault of President Wilson in his "bullheaded" policy of insisting on free trade.

No Compromise on Suit

Urge Extra Sessions to Make United States Dry

No compromise can be agreed upon between the city and owners of the properties which sunk into their own a foundations a few years ago in Naudain street when a sewer burst and the surformed the city will defend suits for damages totaling more than \$16,000 at the next session of common pleas court, April 12.

Four houses were seriously damaged, but it is understood that a test case will be made on the action begun by C. J. Mahoney. He owns two of the properties and has demanded \$10,000. The other is John M. Diener, who wants \$5,000. Howard S. Smith, a tenant, has demanded \$15,000 for ruined furniture. The fourth complainant has not yet filed a suit and it is understood that he is awaiting the result of the Mahoney case before proceeding. Special to The Telegroph
Chicago, Ill., April 3.—A letter requesting President Wilson to call a special session of Congress for the purpose of passing a law prohibiting roughts the manufacture and sale of intoxicating liquors in the United States was adforessed to the White House to-day by E. W. Chafin, former Presidential can pleadidate for the Prohibition Party; ex-Governor John P. St. John, of Kansas, and others.

The letter points out the example set by Russia in stopping the sale of intoxicants, restrictive measures in France and the agitation in England, and remarks that if the country waits until the next regular session of Con-rui States will stand alone among civilized is nations as permitting the use of alcoholic beverages.

LEARN HOW TO PRESERVE EGGS

New York, April 3.—The National Housewives' League will inaugurate next week a campaign designed to teach women how to preserve eggs in times of plenty so as to be independent of the hen in days of scarcity.

16,666% DOZEN EGGS WILL BE EATEN HERE TOMORROW

Conservative Estimate Totals 200,000; Markets Abloom With Hyacinth, Tulip, Daffodil and Lily

A conservative estimate on the number of Easter eggs bought at the city markets to-day is 16,6662-3 dozen.

How is this arrived at, you ask? Just plain arithmetic does it. To begon with, there are at least 15,000 children of egg-eating age in Harrisburg; ane each kid can do away with at least six hard boiled on Easter morning. Then there are 60,000 more adults in town, and each of these will eat at least an average of two eggs. So there you are, take a pencil and figure it up for yourself. The total makes 210,000; knock off 10,000 to be conservative and you have 200,000 eggs which divided by 12, makes 16,-

AUSTRIANS MAKE GAINS

Vienna, via London, April 3, 10.30 A. M.—The fighting in Bukowina, according to information obtained from private sources, appears to be of more importance than is evident from the surface indications in official reports. Apparently the Austrians have gained there a success on considerable proportions.

Gladdest Day of History to Be Fittingly Observed Throughout Church World

DAY OF "THE BIG PARADE"

Florists, Milliners and Seamstresses Breathe Heartfelt Sigh at End of Busy Day

If folks only knew definitely about to-morrow's cnear-or-cloudy possibilities, a large and important, albeit a tille weary portion of Harrisburg's populace would lie down to-night in a cheerful mood after all.

By the same token an equally large, if less important part of the citizenry could also go to bed with a sigh of relief. (Seamstress and millinery bills are much the same as other bills; they needn't be paid as a rule before the first of the month.)

So much for the preliminaries incident to the expected "Easter parade."

But while the city will do its share via pretty hats and gowns and flowers and faces to make the gladdest day of history colorful and beautiful as always, the truer significance of the day will be observed in church and Sunday schools throughout Harrisburg with special programs. with special programs.

FLOWER PRICES DROP

FLOWER PRICES DROP

By Associated Press

New York, April 3. — New York churches will spend less money for Easter flowers this year than usual owing to the fact that the demands for charity during the winter have been great. The flowers, however, are much cheaper than in former years. The Easter lily, use of which had almost been abandoned, has again been adopted, the florists say. Prices for the lilies this year average 12 cents a blossom.

LINER LUSITANIA HELD UP

New York, April 3 .- The liner Lusitania due to sail a 10 o'clock to-day for Liverpool was held up at her dock by thick weather and a heavy snowstorm through which ob jects 500 yards away could not be seen. The vessel lay at her dock awaiting abatement of the storm. Her officers said she would be held so long as the storm lasted.
