HEAVYWEIGHTS ARE PREPARING FOR FIGHT

Slow Up in Their Training; Johnson Is Offering a 20 to 15 Wager on Himself

Special to The Telegraph. Havana, April 3.—Willard and Johnson, entrants in the heavyweight championship bout, are gradually slowing up in their training for the fight. The runs in the morning and rounds of practice in the ring are becoming less each day. Willard is apparently keeping closer to his training system than Johnson. Johnson and Willard have only met a few times in the city. Both declare that they are not fighting for the love of battle, but for the money that can be made. M. J. Hinkel, of Cleveland, was named alternate referee for the fight next Monday. He will referee in case Jack Welsh cannot reach Havana in time for the bout. The fight is scheduled to start at 12:30 Havana time, or 1 o'clock in the afternoon eastern time. Johnson, in case he wins, will first tour South America and give exhibitions. Should he lose, it is believed that he will go directly to France, where he will settle down. Willard says that the fight is a business proposition. Should he win, he will make a trip around the world. He has no plans if the black beats him. Each of the fighters daily receives hundreds of letters from the United States from persons who wish to offer advice on how to win the fight. It is reported that Johnson will offer a 20 to 15 wager that he will win the battle. Bob Vernon, of New York, will be official timekeeper of the bout, with Ben Harris as alternate. Leonard will be Johnson's timekeeper. Willard has not announced his man.

Collegiate Oarsmen Meet at Philadelphia Today

Philadelphia, April 3.—Yale and Pennsylvania oarsmen cross oars in the first intercollegiate rowing races of the 1915 season to-day on the Schuylkill river. The varsity eights of the two institutions will meet in a mile and a half race and the junior crews will race over the same course. All four crews completed their preliminary preparations yesterday and are in good condition for the contest. Both Guy Nickalls, the old Oxford oarsman and coach of the Yale crew, and his brother, Vivian, tutor of the Pennsylvania eights, expressed confidence.

SHANG'S SINGLE WINS Athletics Win at Richmond; Phillies Trim Norfolk Club

Richmond, Va., April 3.—Wally Shang's single in the ninth gave the Athletics a 3-2 victory over the Richmond International team. The local team took the lead in the second, scoring two runs on two wild throws by the Mackmen. "Stuffy" McInnis and his brother Albert, who is after a job on the Richmond team, both were in the game. Myers and Wyck-off were moundsmen for the Mack bunch, while Morrisette and Jarman twirled for the home team. After another game to-day the Athletics will leave for Raleigh for a game Easter Monday. At Norfolk the Phillies won the last game of the series from the Norfolk club, score 7 to 1. Every player wore a sweater, and a biting wind made the weather more on the football order than baseball. Other big league scores follow: Houston 1, New York 15; Yale 4, Washington 1; Chattanooga 1, Cincinnati 0; Nashville 4, Pittsburgh 7; New Orleans 4, Cleveland 9.

Haverford, Pa., April 3.—Pagin Kin, racehorse, fox hunter and jumper at horse shows, and one of the best known and the best animals in the three counties, tripped in a hole on a steeply sloping course on Brandywine Springs Farm, near West Chester, yesterday, breaking a leg and throwing Victor C. Mather, of Haverford, his owner, who was schooling him over the course in preparation for the race meet at White Marsh. Mr. Mather was unhurt. The splendid horse, who has figured as winner in numerous races, will never run a course again.

DICKINSON HAS MUCH EXCELLENT MATERIAL

Baseball Candidates Are Working Hard; Many Students Try For Track Team

Dickinson baseball candidates have been out for practice each afternoon this week despite the cold weather. Coach Oyler had the boys working hard yesterday and to-day and is having a little trouble choosing an infield. Much of the new material is good, he reported, but just how well the new men can stand the rapid-fire college games he cannot tell. Captain Potter, Moose, Goldstein, Wilson, Scribner, Spitznas, Evans and Goodhart are the "D" men who are out on the diamond. Other men seen in togs are: Warfield, Spong, Eppley, Price, Walters, Gance, Neely, Roerbach, Holmes, Read, Bagenstose, Brady, Ede, Ingram, Vaughn, Maurer, Honner. The track men will have a big event in the triangular meet that has been arranged with Bucknell and Franklin and Marshall, to be held at Carlisle. Coach Traver, president of the Middle States Intercollegiate Track Association, is working out a good team in the hopes of capturing the big three-track meet. All of the men are coming up to the usual standard. Several of last year's best stars remain, making the prospect for a winning team at the Carlisle school good. In the hurdles, Smith and Yates, both "D" men, remain. In the jumps, Warfield will be well seconded by Welsh and Palm. Dalton, Carter, Dysart, Johnson and Harle are some of the pole-vaulting candidates. For weight events there is a host of candidates. Dalton, of last year's "D" men, is backed by McGregor, Palm, Schell, er, Wallace, Greenig, Myers, McCabe, Carson and Evans. Meets with Lebanon Valley, Muhlenberg, and probably with the Indians will be held during the Spring.

Girl Athletes Want to Enter Boston Marathon

New York, April 3.—Many girl athletes, it was learned to-day, are making applications to the Amateur Athletic Union headquarters in this city for permission to register there and participate in the Boston and other marathon races to be held this Spring. They argued that if girl swimmers were allowed to register, the same privilege should be given to runners, but they were informed that the athletic authorities would not sanction the participation of women in running events.

SELL AN AURAND STORE

Little Realized for Creditors of Minister Who Left Many Notes. Altoona, Pa., April 3.—Yesterday the Standard Grocery Company store at Martinsburg, of which the Rev. C. M. Aurand, who died at Seinsgrove recently, was the principal owner, was sold by Sheriff Harry Holland. It came to light to-day that Dr. Charles F. Aiken, president of Susquehanna University, paid a visit to the Union Bank to inspect the contents of the Rev. Mr. Aurand's safety deposit box. Aurand, after his alleged recent notes were discovered, told Dr. Aiken, it is said, that he had ample security to protect his creditors. Dr. Aiken asked him to produce his security and Aurand said he was ill and could not go to Altoona to get it. He gave Dr. Aiken the key to his safety deposit box. When the box was opened it was found to contain 1,000 shares of copper stock and 350 shares of gold mining stock, having a face value of about \$20,000. The stock is pronounced virtually worthless. With this information in hand Dr. Aiken was about to confront the retired minister and demand an explanation, but Aurand died that night.

TESTING COAL CONVEYER

A new combination coal conveyer and breaker for locomotives is being tried on large freight engines at the testing plant of the Pennsylvania Railroad at Altoona. Great interest is being shown in the experiments, which show a much greater uniformity of coal distribution in the furnace than was obtained by other forms of stokers. The first step toward greatness is to be honest, says the proverb; but the proverb fails to state the case strongly enough. Honesty is not only the first step toward greatness, it is greatness itself.—Bovee.

Dictionary Demand Keeps Clerks Busy

For nearly a week there has been a steady run of coupon holders at the various distribution counters, where copies of The New Universities Dictionary, being offered to the readers of this paper, are to be obtained. It has kept the publishers busy to supply dictionaries to meet this demand, but they have been equal to the emergency, and all the coupons presented have been sent without delay. The distribution has been on a scale exceeding expectations, and as yet the demand shows no signs of abatement. That there will be another rush of coupon holders anxious to secure dictionaries is certain, and readers who wish to avail themselves of the offer will do well to be on the ground early. As an indication that the New Universities Dictionary is answering a popular demand is found in the uniform call for the book. Many businessmen who have secured a copy downtown for office use have returned home at night to find one on the drawing-room table obtained by members of the family. A large number of "repeaters" have been detected in the lines of coupon holders. One businesslike-looking person who was among the first to secure a dictionary on the initial day of distribution offer, reappeared to-day with a handful of coupons. "This is the best bargain I have come across in many a day," he said. "This is a splendid dictionary, and I am going to make several of my friends a present of one. It will be most acceptable to them."

Mr. Stuart was 66 years old.

"More Ammunition" Is Cry of Lord Kitchener

Bethlehem, Pa., April 3.—Charles M. Schwab, head of the Bethlehem Steel Works, has been recovering so satisfactorily, at White Sulphur Springs and other Southern points, from his nervous indisposition that he has changed his plans, and instead of going to Florida and Cuba, intends to return home next week. Mr. Schwab is not constitutionally ill, but his nerves were temporarily shattered by the terrific pressure of the work he assumed when he landed the war orders from Lord Kitchener. Their extent can be imagined from the fact that of shrapnel alone 6,000,000 shells are to be manufactured. About 3,000 shells are being made daily, but so great is the demand for ammunition by the British army, that Lord Kitchener is constantly calling for more. Preparations are now well advanced to increase the output to 7,500 shells a day.
