B. & O. MEN TO GET BADGES OF HONOR

Summer Suits Will Be Marked With Gold Stars and Stripes, Showing Length of Service

When summer suits are donned this season by the uniformed forces of the Baltimore and Ohio Railroad the passenger trainmen, station employees and others who come in direct contact with the public will be decorated by the management with badges of honor upon the basis of length of service and as an evidence that the company appreciates the years spent in its employ.

This plan of the Baltimore and Ohio of decorating its uniformed employes carries out along broader lines the practice of railroad companies of extending pass privileges to employees and their families on the basis of years of service.

Many of the road's passenger conductors, stationmasters and other uniformed forces will wear the gold star on their uniforms this summer and a large majority will wear the gold bars.
