Good-Looking Woman:

When Rex Beach wrote his most famous story, "The Spoilers," he little dreamed that the piece could be filmed so marvelously that it would rival the description of scenes and incidents from the author's pen, but this has really occurred as film playsoers, who visited the Regent Theater yesterday have already noted. The great pic-ture, complete in every detail and de-picting life in a quaint old Alaskan willage, was booked for the Regent by Manager P. Magaro for three days. It was given its first production here yes-terday and will be shown again to-night, to-morrow afternoon and even-ing. The story is told in nine reels. William Farnum, one of the most prominent "movie" actors of the pres-ent day assumes the role of Glenister, a rich native mine owner, in Alaska.

FOR WEAK, SOUR, GASSY STOMACHS

GASSY STOMACHS It's torture to sit down to a well filed dinner table and know that to eat what you want means misery afterwards. Eat ever so little of the forbidden foods and you have to take soda mints, pepsin pills or other artificial digestants to stop the bloating, heart burn, sourness, sas and stomach lump that always follows. But the more of them you take the more you must and soon the pills become a part of your regular diet. You think you can. There is an old time stomach prescription called Mi-o-na Stomach tablets that acts directly on the stomach itself and not on the food. One or two Mi-o-na tablets after sach meal not only prevents all stomach distress but stimulates healthy natural flow of digestive juices, strengthens, the muscular walls and makes the stomach strong enough to do its own work and that's the only way to stop indi-rest sell Mi-o-na on a guaran-tee of quick rellef or money back. The surplus of more than \$80,000 over the carnings, plus \$4,400 interest on the \$110,000 worth of 4 per cent. bonds and \$807.23 of the balance remaining after the construction of the high service station at Reservoir, less the deficiency December 31, 1913, of \$1,661.91, left the total net cash of \$84,441.25. The expenditures for the previous year (1913) totaled \$158,-608.99. How Profit Was Made previous year (1913) totaled \$153,-608.99. How Profit Was Made The report fills nineteen pages and deals with every phase of the depart-mental work, including the improve-ments, the results of Mr. Bowman's competitive bidding scheme, the amount of water and coal consumed, the cost to the consumer and the hun-dred and one other items relative to the conduct of the bureau. Attached to the report is the annual report of Dr. George R. Moffitt, city bacteri-ologist, the new department created by the department of public safety. "Most of the profit was made," re-ported Commissioner Bowman, "in purchasing supplies and in making repairs and improvements. Every effort was made to buy all supplies with the least possible outlay of time and morey. This result was accom-plished by competitive bidding and by discounting payment of bills."
