PUBLIC SERVICE

MEMBERS READY

Series of Important Bills Submitted to the House by Representative Forster

Seven bills embodying suggestions of counsel for the Public Service Commission for amendment of the public service company law of 1913 were read in place in the House late yesterday by Mr. Forster, Philadelphia. They will be sent to the judiciary general committee, which has referred all bills of that character to a subcommittee for study.

The bills presented by Mr. Forster include:

Conferring on the commission authority to suspend rates for ninety days.

Empowering the commission to appoint examiners to sit at any place designated and to receive testimony from litigants, thus enabling hearings to be held anywhere in the State.

Doing away with necessity of obtaining commission's consent to making of contracts between municipalities and public service companies, but retaining power of commission to regulate rates and service and to prevent useless and wasteful competition by acting on franchises.

Abolishing requirement of approval of contracts for joint use of poles, but retaining right to regulate and rule in complaints.

Providing for fees of witnesses before the commission.

Bills regulating damages for fires caused by locomotives and prohibiting trespassing on railroad tracks, rights of way and equipment were also presented by Mr. Forster.

Several members also introduced bills amending the public service act, including some from the borough league. They included:

Mr. Steidle, Allegheny—Amending public service company law so that municipalities may construct utility plants when a public service company has refused to take over the same.

Mr. Harper, Lawrence—Amending public service company law so that appeals may be taken to courts on all cases, taking away exclusive jurisdiction over grade crossings and prohibiting withholding of facts on which decisions are based.

Speaker Has a Bill

Speaker Amble presented a bill creating a suburban metropolitan district within a radius of twenty-five miles of the city hall of Philadelphia, exclusive of the city's right to exercise its own commission. The bill also permits levying of a tax and confers various powers. The act of 1913 on the same subject is repealed.

Mr. Hagood put in a bill to allow killing of dogs entering sheep pastures, a measure much desired by sheep raisers over the State.

Higher Auto Fees

Material increases in State fees for licensing automobiles are proposed in a bill introduced by Mr. Lipschutz, Philadelphia. The bill is one of a series of revenue raisers for the improvement of State highways. The fees for pneumatic-tired vehicles are graded according to horsepower, the increases being about 40 per cent., except on high-powered cars, which are advanced over 50 per cent. One dollar is added to the fee for motorcycles.

Other bills presented include:

Mr. Wildman, Dauphin—Making it the duty of the insurance commissioner to enter prosecution when prima facie evidence of violation of the law is presented.

Mr. Landis, Montgomery—Providing that lands shall be returned for unpaid school taxes the same as for other taxes.

Mr. Erdman, Lehigh—Establishing fee of 50 cents and 2 cents mileage for persons attending coroner's inquests on subpoena.

Mrs. Evans, Luzerne—Fixing salaries of mine inspectors at \$4,000 per year.

Mr. Showalter, Union—Regulating apprenticeship of minors and providing for credit for instruction in a vocational school.

Mr. Hubler, Luzerne—Providing for a State commission to revise the laws of Pennsylvania and report to the Governor by November 1, 1916, and appropriating \$3,000 for expenses.

Mr. Cumberland—Exempting all school loans from all taxes.

Mr. Bangard, Westmoreland—Regulating attachment of wages or salaries on judgments for necessities.

Mr. Gibson, Lycoming—Regulating affidavits of defense in prosecutions under pure milk act.

Mr. Barnett, York—Fixing pay of supervisors when working on roads at not over \$3 or less than \$2 per day.

Mr. Harlan, Wyoming—Providing that school directors shall determine questions regarding high schools in conjunction with school officials of district and State.

Mr. Milliron, Armstrong—Amending school code so that salaries of county superintendents shall be fixed by county directors before election of superintendents.

Employment Agencies

Mr. Glenn, Venango—Establishing a system of assisting employers to obtain labor and creating a bureau of employment in the Department of Labor and Industry.

Mr. Smith, Carbon—Making it a misdemeanor for anyone paid by tonnage to turn in short weight.

Mr. Forster, Philadelphia—Prohibiting persons or institutions having charge of children under 16 from giving, selling or disposing of children to anyone except blood relatives without court approval; authorizing the Auditor General to assign his office force to such duties as he may select.

Mr. McKay, Crawford—Prohibiting maintaining of grillrooms where persons of both sexes may drink liquors.

Bounty On Snakes

Mr. Luppert, Lycoming—Establishing bounties to be paid by county commissioners, who are to be reimbursed by the State, as follows: Garter snakes and water snakes, 10 cents; kingsnakes and green snakes, 25 cents; and coons, 50 cents.

Mr. Arnold, Clarion—Appropriating \$80,814.41 accumulated in State Treasury from forestry proceeds to State school fund.

Mr. Arnold, Clarion—Providing that all revenue from State forests shall go to the State school fund.

Mr. Walsh, Philadelphia—Amending school code so that in first and second class districts no person holding any elective or appointive office shall be eligible as a school director.

Mr. Robertson, Northumberland—Fixing salaries of clerks in county departments in counties having between 250,000 and 325,000 population.

Mr. Wagner, Allegheny—Making it unlawful for any fire insurance company to execute any policy exceeding 10 per cent. of its capital stock.

Mr. Lanus, York—The State Grange's highway bill.

Men's \$16.50 Hand-tailored SUITS will be sold Friday at \$9.99

LOCAL OPTION IS MARCHING ALONG

Governor Sure His Measures Will Go Through Legislature Without Trouble

The Williams local option bill is due to come out of committee next Tuesday. This is the latest word on the subject and the members of the House are preparing for the fight. The liquor interests are rattled over the outlook and the Governor and his supporters are confident.

Governor Brumbaugh said last night regarding the outlook:

"With the child labor bill through the House, and the workmen's compensation bills assured of passage in the lower branch, three of the big platform issues, if local option passes the House as I expect it to, will be put squarely up to the Senate.

"It will then be up to the Senate to act. The responsibility will be upon that body. I am satisfied that the Senate will meet that responsibility as it should.

"Tuesday's demonstration was the most convincing kind of evidence that the citizens of this State, regardless of party affiliations, want local option. When it is considered that 85 per cent. of those who received the one letter of invitation to the conference sent out, responded and came to Harrisburg from virtually every county in the State at their own expense, the strength of the sentiment for the passage of the local option bill can be gauged.

"The people want local option because they recognize that it will provide for them opportunity to exercise their inherent right to pass directly upon the liquor question. They recognize that this is the question involved and not the wet or dry question."

Mr. O'Neil gave out this statement last night:

"At a meeting to-day the executive committee of the Republican local option committee of Pennsylvania, principally in the morning and evening of the sixteenth, and organizing in the sixty-seven counties, for the purpose of assisting in the passage of the county local option bill, and for the further purpose of conducting campaigns in the various counties after the law has been enacted. This executive committee was elected by the State committee at the conference on Monday night, and was authorized to complete the organization.

"The plan of organization was submitted to Governor Brumbaugh and received his endorsement. It is proposed that the committee make every effort to secure the co-operation of the organization of the Republican party in the various counties of the State. Falling in this, the only recourse will be to form another organization to conduct the local option fight in the county. The large delegations from all the counties of the State, attending these conferences, reflected the tremendous local option sentiment that is sweeping across Pennsylvania from Ohio to the Delaware.

"In light of the unprecedented demonstration Tuesday in favor of local option in the Chestnut street auditorium at the morning and evening conferences, at the hearing before the law and order committee in the chamber of the House of Representatives, and the action of the House and Senate at this session of the Legislature."

PROHIBITION ADVOCATES ENCOURAGED BY BRYAN

Washington, April 8.—Antisocial advocates here were visibly encouraged to-day over a statement by Secretary Bryan expressing the hope that the Democratic party would take the prohibition side in the next campaign in States where saloons are an issue. The statement was issued in connection with a letter Secretary Bryan had written to L. W. Kennington, national committee man from Iowa, advocating defeat for candidates who could be controlled by the liquor interests.

Money in the Bank

is good, but a good stomach in a vigorous body is better than Dyspepsia with Wealth. Health is beyond the reach of money-bags. It is purchased with good habits and a simple, natural food.

Shredded Wheat

is a simple, elemental food that supplies all the body-building material in the whole wheat grain made digestible by steam-cooking, shredding and baking—the maximum of nutriment with the least tax upon the digestive organs.

Made in America

Two Shredded Wheat biscuits, heated in the oven to restore crispness, served with hot milk or cream, make a complete, nourishing, satisfying meal at a total cost of five or six cents. Also delicious with fruits. TRISCUIT is the Shredded Wheat Wafer, eaten as a toast with butter or soft cheese, or as a substitute for white flour bread or crackers.

Made only by **The Shredded Wheat Co.** Niagara Falls, N. Y.

BLACKSMITH HANGS HIMSELF

Special to The Telegraph

Bowmansdale, Pa., April 8.—Solomon Baker, a blacksmith, near here, committed suicide Tuesday. He had been in ill health for some time. A member of the family found Mr. Baker hanging to a rafter in his shop, a short distance from the house. Baker was 60 years old, and is survived by a wife and three children.

ANTHRACITE MEN WANT EQUAL SHARE

Hold Meeting to Discuss Plan to Secure a "Fifty-fifty" Division of Taxes

Senators and members from the anthracite producing counties of the State met in the Senate caucus room last night and decided to fight for half of the anthracite coal tax to be returned to the district producing the coal. The present administration plan is to give one-third.

Senator Catlin, of Wilkes-Barre, presided and thirty-five legislators were recorded. Representative Young, of Lykens, was among those present. Congressman J. J. Casey, Wilkes-Barre, and representatives of the Scranton and Wilkes-Barre boards of trade spoke on the matter and the sentiment was unanimous that the division should be "fifty-fifty." Mr. Dawson, Lackawanna, who presented the administration bill, said he was not wedded to it.

A committee was named to draft resolutions and each member formed himself into a committee of one to get two votes for an equal division while every one agreed to see the governor and attorney general and present views in an effort to win them over to the "fifty-fifty" plan.

The administration's idea is to get as much of the tax for road improvement as possible and to take good care of the anthracite region's highways. The following petition addressed to the governor and the other members of the House and Senate was unanimously adopted and is to be signed by each of nine senators and forty representatives from the anthracite counties:

"We, the members of the Senate and House of Representatives of the legislature of the State of Pennsylvania representing the anthracite coal producing counties of the State, in view of the rapid mining out of the coal from under the surface of our counties with the consequent impoverishment of these counties and the licensing of their tax-producing power respectively pray that the ratio of the tax distribution to our counties as fixed by the Roney tonnage tax law of June 27, 1913, shall not be disturbed, and further petition that the bill now in the Ways and Means committee, known as the Dawson bill, which proposes to lay a tonnage tax on anthracite coal, and which said bill proposes to return to our counties but one-third of the tax, shall be amended to the end that the proportion of the tax reserved to these counties shall conform to that already fixed by statute namely, fifty per cent."

MISSILEY DOWNS SENSENICH BILL

Dauphin County Member Leads Successful Fight Against the "Judge Regulator"

Representative John C. Nissley put the Sensenich bill requiring judges to decide case within nine months out of the legislative running for this session yesterday afternoon by a few well directed remarks. A similar bill was roughly handed last session, but this year it got through the Senate and was up to third reading yesterday.

When it came up Mr. Nissley said that it would impose a hardship upon many judges and pointed out how the Dauphin county judges with their large amount of State work and the demands of the Dauphin courts are compelled to make long studies in cases, many of which are precedent establishing. His argument was forcefully presented and was backed up by Messrs. Stein, Allegheny, and Beyer, Philadelphia, both of whom are lawyers and who said that they did not think the legislative end should be writing out rules for the judiciary. Mr. Stern, Philadelphia, undertook to defend the bill, but he did not get anywhere, as Mr. Nissley answered him with some instances from the Dauphin county court and Mr. Baldwin, Delaware, declared that the judges had their own work and the House should attend to its own affairs.

When Mr. Nissley moved to drop the bill from the calendar Mr. Williams, Tioga, said that he hoped the Nissley bill for a third judge would relieve the congestion here and that Mr. Nissley would become a judge. There was hardly any opposition to dropping the bill.

The House defeated the Senate bill regulating the sale of dressed lambs, sheep and calves and the House bill providing for payments to police pension funds.

These bills passed finally:

Senate bill relative to powers of magistrates in first class cities.

Providing for alteration of county boundary lines.

Reimbursing counties for bounties paid for noxious animals.

Providing for semi-monthly paydays for boroughs and township employees.

Providing that attorneys must have been members of the bar for two years to be eligible for district attorneyships.

Regulating fees of clerks of courts in Allegheny county.

Senate bill relative to competency of witnesses in eminent domain cases.

Authorizing counties to appropriate money for treatment of indigent residents who may be patients in hospitals or sanatoria.

Regulating holding of real estate by

THREE HELD FOR LARCENY

On a charge of larceny, three were held by Mayor John K. Royal this afternoon. Winfield Hershey, charged William Graupman, Frank Miller and Joseph Smith with robbing him while he was a lodger at the lodging house of Dora Frank on Walnut street.

MEMBERS TO BANQUET

The first annual banquet of the Harrisburg Mummer's Association will be held Wednesday night, April 14, at the Hoffman House, Cumberland and Wallace streets. Covers will be placed for 40 members.

BUSINESS MAN COULD NOT WORK FROM ECZEMA

R. F. McKee, 209 Boas Street, Says Hands Became Raw

HE TELLS OF CURE

Harrisburg, Pa. I herewith submit a voluntary testimonial to the value of the 3 D's for skin troubles. Three years ago eczema developed on my left wrist.

Finally the affected surface became entirely raw and was exceedingly painful and interfered with my work to the extent of causing me to remain away from my work, at different periods.

I tried remedies prescribed by a physician and a number of patent medicines with but little relief and no permanent benefit. Finally I told my troubles to a friend of mine, a Harrisburg druggist, and he at once recommended the D. D. D. remedy to me.

I waited until I was satisfied that a cure had been effected before writing you and I trust that if there are any persons suffering in the way I did that they will use the D. D. D. prescription and obtain the cure that I did.

Respectfully,
R. F. McKee.

209 Boas Street.

So confident are we that the D. D. D. Prescription will reach your case too, that if the very first full size bottle fails to do exactly as is claimed, it will not cost you a cent. Drop in and let us tell you more about this great remedy, D. D. D.

George A. Gorgas, druggist, Advertisement.

A QUICK, SAFE RELIEF FOR INDIGESTION

If the Pepsin pills, Sodamint tablets or other digestive aids you have been taking seem to have lost their force and it now takes two or three to give you the relief you got at first from one, its time you changed to a new remedy that works on a different principle.

When your stomach gets in such shape an effective and quick acting remedy is found in Mi-o-na Stomach Tablets made from scientific, yet radically different formula from the usual digestive aid. Mi-o-na not only gives prompt relief from sour, gassy stomach and the full, heavy, lumpy feeling that comes after eating but vitalizes the whole sluggish digestive and intestinal machinery and makes your stomach fit to do its own digesting in a healthy, normal, painless way.

H. C. Kennedy and leading druggists everywhere sell Mi-o-na on a positive guarantee of satisfaction or money back and stomach sufferers everywhere should prove its merit on this basis.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescing, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results. Advertisement.
