

NEW RULE HOLDS UP NURSE SOLICITORS

Chamber of Commerce Order Hits Polyclinic Hospital; Aim to Protect Members

Notice was sent to all members of the Harrisburg Chamber of Commerce this morning in accordance with a new policy under which members of the Chamber are requested not to contribute to benefits, programs, etc. unless the scheme has the Chamber's "O. K." to the effect that "the Harrisburg Sportsmen's Association is collecting merchandise for prizes in a shooting they are holding for the benefit of the Polyclinic Hospital, using nurses for the soliciting. We have NOT issued a certificate of approval. Efforts on the part of the Harrisburg Sportsmen's Association to aid the Polyclinic Hospital, are not being opposed by the Harrisburg Chamber of Commerce, however, according to a statement to-day by Secretary E. L. McColgin, Secretary McColgin said: "We have no objections to the Sportsmen's Association working in the interest of the Polyclinic Hospital, but we will insist on our policy being carried out. Members of the Sportsmen's Association may contribute prizes if they see fit. We simply want the Chamber of Commerce members to understand the object of the shoot. We have conferred with Sportsmen's Association officials, and officials of the Polyclinic Hospital, and action as to our future course will be taken at a meeting of the directors to be held next week. "Secretary William C. Cline of the Harrisburg Sportsmen's Association, said: "We have raised funds to furnish a number of prizes for the Polyclinic Hospital. Someone suggested that we might furnish all the beds needed through a benefit shoot, and we asked the aid of the nurses of the hospital in securing merchandise around the work has been going on for several weeks. We had not learned of the action of the Harrisburg Chamber of Commerce yesterday, and do not desire to do anything that is not right. We are going ahead, and will announce the date for the shoot next week. Of course any help the Chamber of Commerce gives us will be appreciated."

Col. Roosevelt Denounces Woman's Peace Society and Delegates Are Angry

Chicago, Ill., April 10.—Publication of the fact that Colonel Roosevelt had written a letter denouncing the woman's peace propaganda caused a sharp discussion among delegates to-day. The letter reposed in the custody of Mrs. William I. Thomas, secretary of the Woman's Peace Party, and she refused to allow its publication. "Although Colonel Roosevelt has said he would be delighted to have the letter published, I think it unwise to make it public," said Mrs. Thomas. The massive issue of the discussion was sent to Mrs. George Rublee, of Washington. One report had it that the Colonel said that pacifists in general represented a "menace to the future welfare of the United States."

Engineer Is Shot in Body While on Engine

While seated at the throttle of his engine on his way to the city to-day after midnight Mack Reynolds, an engineer on the Philadelphia and Reading, aged 35 years, who lives at 1841 Park street, was shot through the abdomen. His train was proceeding at a high rate of speed and he said at first he thought a sharp stone had struck him. Later he collapsed and a physician summoned, Reynolds was brought to the Harrisburg Hospital and this afternoon the bullet was removed. No motive for the shooting is known.

THE REV. J. EISENMENGER DIES

Williamsport, Pa., April 10.—The Rev. John Eisenmenger, the oldest retired Baptist minister in Northern Pennsylvania, died at Warrensville to-day. He was 82 years old.

THE WEATHER

For Harrisburg and vicinity: Partly cloudy to-night and Sunday, probably showers; not much change in temperature; lowest temperature to-night about 55 degrees. For Eastern Pennsylvania: Partly cloudy to-night and Sunday, probably with showers; not quite so warm Sunday; fresh southerly winds. The main river will continue to rise slowly to-night and Sunday. The North Branch and Lower West Branch will rise to-night and probably Sunday. The Juniata and Upper West Branch will rise slowly or remain nearly stationary to-night and probably Sunday. A stage of about 6.0 feet is indicated for Harrisburg Sunday morning. General Conditions: The depression central over Manitoba and extending southward through the Lake Region and Mississippi Valley to Tennessee, has caused showers in the last twenty-four hours generally throughout the territory under its influence. Pressure is high over the Southeastern States and over the Plains States westward, except in the extreme Southwest, where there is a slight disturbance. Temperature: 5 a. m., 56. Sun: Rises, 5:37 a. m.; sets, 6:57 p. m. Moon: New moon, April 14, 6:56 a. m. River Stage: 4.9 feet above low-water mark. Yesterday's Weather: Highest temperature, 75. Lowest temperature, 43. Mean temperature, 57. Normal temperature, 48.

PENROSE PREDICTS BIG G. O. P. VICTORY

Senator Attacks Administration and Scores McAdoo and Redfield

Special to The Telegraph. Philadelphia, April 10.—Republicans and Progressives will unite for "an old-fashioned Republican year in 1916," according to Senator Boies Penrose in a statement issued yesterday forecasting a complete restoration of protection principles and Republican policies, with the complete overthrow of the Democratic party at the next presidential election. Making reply to reports sent from Harrisburg to-day by Secretary E. L. McColgin, Secretary McColgin said: "We have no objections to the Sportsmen's Association working in the interest of the Polyclinic Hospital, but we will insist on our policy being carried out. Members of the Sportsmen's Association may contribute prizes if they see fit. We simply want the Chamber of Commerce members to understand the object of the shoot. We have conferred with Sportsmen's Association officials, and officials of the Polyclinic Hospital, and action as to our future course will be taken at a meeting of the directors to be held next week. "Secretary William C. Cline of the Harrisburg Sportsmen's Association, said: "We have raised funds to furnish a number of prizes for the Polyclinic Hospital. Someone suggested that we might furnish all the beds needed through a benefit shoot, and we asked the aid of the nurses of the hospital in securing merchandise around the work has been going on for several weeks. We had not learned of the action of the Harrisburg Chamber of Commerce yesterday, and do not desire to do anything that is not right. We are going ahead, and will announce the date for the shoot next week. Of course any help the Chamber of Commerce gives us will be appreciated."

MILITIA RAISED TO U. S. ARMY STANDARD

Governor Signs Adams Bill For the Reorganization of the National Guard

The Adams bill reorganizing the National Guard of Pennsylvania to conform to the requirements of the War Department was approved by Governor Brumbaugh to-day and will become effective immediately, although the changes authorized will be worked out gradually and no officers disturbed. Under the provisions of the law the organization of the National Guard, forming a division of the following organization: 150 companies of infantry, 1 regiment of cavalry, which would be twelve troops under present laws. A brigade of field artillery, which would be twelve batteries or two regiments of six batteries each. 1 battalion of engineers, which would be three companies. 1 battalion of signal men, which would be two companies. 4 field hospitals. 15 regimental bands. 1 ammunition train. 1 sanitary train. 1 supply train. All officers above second lieutenants are to be appointed by the governor, and must pass brigade examination boards. Commissions are to run for five years, but the major general shall be appointed for but one term. Medical officers appointed as captains. (Continued on Page 9.)

PIPE BENDING IS PUSHING ADDITION

Latest Types of Machinery Will Enable Company to Handle Increased Orders

Work on the new buildings and improvements at the Harrisburg Pipe Bending Works is being pushed in order to install the new machinery needed to handle increased orders. The new hydraulic gas cylinder presses will be installed. One of the buildings will be 120 feet long and 60 feet wide. The entire structure will be made of sheet iron manufactured by the company. Practically all the new machinery will be made and installed by employees of the company. Increased orders for carbonic acid and oxygen gas cylinders have caused the company to provide more facilities. The increase is due to the war in Europe which has shut off the supply of cylinders and caused American consumers to purchase them from American manufacturers. The cylinders are used to hold the compressed carbonic acid gas used at soda fountains.

Attorney William Hain Sits as Judge For Big College Debate Contest

Attorney William M. Hain, a well-known member of the Dauphin county bar, served as chairman of the board of three judges which officiated at the annual contest of the Pennsylvania Intercollegiate Oratorical Union in Pardee auditorium, Lafayette College, Easton, last evening. Serving with Mr. Hain were Judge Charles B. Staples, Stroudsburg, and Judge J. Davis Brodhead, Bethlehem. The pick of the college speakers and debaters of Swarthmore, Franklin and Marshall, Lafayette, Ursinus, Gettysburg and Muhlenberg participated in the program. The first prize of \$25 was won by Herbert L. Snyder, Muhlenberg, whose subject was "Peace in Arms." The second prize of \$15 went to John H. L. Trout, Gettysburg, who spoke on "The Handwriting On the Wall." Other speakers and their subjects were: Carl Shrode, Swarthmore, "An Explanation of Pan-Germanism;" John S. Hollenbach, Franklin and Marshall, "The Chosen People;" William R. Anderson, Lafayette, "The Science of Human Life," and Charles F. Deininger, Ursinus, "The Despised Race."

LUMBER STEAMER ASHORE

New York, April 10.—The three-masted schooner Flora A. Kimball, which sailed from Morzan City, La., March 20 with lumber for New York went ashore on Barnegat bar, on the New Jersey coast early to-day.

NEW SCHOOL BUILDING TO BE ERECTED IN TENTH WARD

Above is the plan of the proposed new public school building for the Tenth ward to be erected at Fifth and Mahanongo streets at a cost of about \$90,000. The structure will be of brick and stone. The plans were submitted by C. Howard Lloyd, architect, on a competitive basis, and were chosen by the school board at its meeting on Tuesday evening. In the building space has been provided for eleven class rooms, including the grammar school, an assembly hall, gymnasium, domestic science kitchen, sewing room, manual training school, teachers' room, reception room and restroom.

PLANT TREES AND PROTECT BIRDS, SAYS GOV. BRUMBAUGH

Governor Brumbaugh makes a plea not only for the planting of trees, but for care of the birds in his proclamation of April 16 and April 23 of the Arbor Day for Pennsylvania, which was issued from the State Capitol to-day. Copies of the proclamation have been lithographed and will be sent to schools and organizations for reading next week. The text of the proclamation is as follows: "Whereas, Pennsylvania has maintained a foremost place among the States in natural conservation, having acquired over one million acres of forest lands and having given much attention to reforesting and preserving the same. "Now, therefore, in order to increase the knowledge of the people concerning trees and their value to the Commonwealth and its citizenry, I hereby designate Friday, April 16, and Friday, April 23, 1915, as Arbor Days. "There is both a sentiment and an economy in the planting, the care, and the culture of trees. I hold firmly the conviction that a people cannot too tenderly regard a tree. There is much in its growth, its shape, its foliage, its fruit, its economic value, its shelter and shade to challenge one's admiration and quicken one's interest. A treeless country is a menace to its inhabitants. If we are to have health through recreation in the out-of-doors, through pure water and pure air, we need great reaches of forest lands throughout the Commonwealth. These are reservoirs of health and happiness to our people. From them flow only blessings and influences for good. We cannot breathe a kinder air than that which comes from a well-treed Commonwealth. "Moreover, in these trees nest and abide our song birds. These feathered friends demand consideration. They should have a welcome to our State. I would plead on Arbor Day for the birds, their care, and their comfort. We do not yet fully appreciate their beneficial offices as we should. "Our people are too prone to attend to the things of present profit, and to neglect the things of the future. We are rapidly approaching a day when we will plan to make the recreational hours of our people a blessing to them and to the State. The great out-of-doors as we should we will be a wiser, a happier, a better people."

LOVE OF HIS BOOKS EXHIBITED IN WILL

Bishop Dubs' First Consideration in Writing Testament Was Distribution of Library

How Bishop Rudolph Dubs' first thought in writing his will was careful consideration for the books of the library he had loved so well was indicated in the terms of the testament probated to-day by Roy C. Danner, county register of wills. The instrument, written by the well-known Evangelical divine on January 2, 1911—just about the time his wife died—was not far away—covers eight sheets of foolscap and contains twelve items. It was witnessed by Bishop Stanford and J. W. Thompson. The first item, however, deals with the disposition of the books of his library. "My beloved wife, Amanda E. Dubs, his 'beloved wife, the will states, is bequeathed all his household goods and chattels and is to have the privilege of first choice of such books of his library as she may require for herself and their son Martin. After Mrs. Dubs has made her selection the Rev. Dr. Charles Newton Dubs, superintendent of missions in China, a son, is to have the privilege of picking out such of the old bishop's theological works as he may desire after that the other sons may have their choice. All of his money, the bishop willed, is to be invested for Mrs. Dubs, though his life insurance is to be considered as her own personal effects. (Continued on Page 9.)

FARMER IS DRAGGED TO DEATH BY MULE

Edward Spease, of Perry County, Attempts to Jump on Animal's Back and Is Killed

Duncannon, Pa., April 10.—Edward Spease, a well-known township farmer, was dragged to death on his farm yesterday about noon. He attempted to jump on a mule when his foot became entangled in the harness and could not extricate himself. The mule dragged him around a field, tearing nearly all the clothing from his body before they were stopped by Frank Fry, a neighbor. Mr. Spease lived but a few minutes after the accident. He was about 38 years old and is survived by his wife and three children. The discovery was made when Mrs. Corbett's second husband came to the office of the prothonotary here to apply for pension papers, dated to-day transferred to his wife. In looking up the decrees of divorce it was found that while proceedings had been begun in the lower end of the county, no legal decree had been granted. In April, 1884, Emma Ketter, as Mrs. Corbett was formerly known, began a suit in divorce against her husband, Harry H. Ketter, who still lives in Carlisle, H. Newsham, an attorney at the local bar, was appointed master. (Continued on Page 9.)

Washington Disappointed at Failure to Neutralize Part of War-torn Republic

Washington, April 10.—Failure of negotiations with the Mexican Government with the Mexican factions for the neutralization of the Mexican capital and the railroad between that city and Vera Cruz as the result of General Carranza's refusal to give his assent to the proposals caused much disappointment in official circles to-day. Knox in Washington to Promote His Campaign

PROHIBITION SUBMITTED

Juneau, Alaska, April 10.—The Alaska Senate yesterday passed a bill submitting territorial prohibition to the voters at the November election in 1916. The bill has already passed the House. If the voters approve prohibition, it will become effective January 1, 1918.

SHIP BUILDING DECREASE

Washington, April 10.—American ship building during the nine months ending March 31 has not kept pace with construction during the same period of the previous year.

AUSTRIA DROPS CAMPAIGN AGAINST SERBIA TO SEND TROOPS TOWARD ITALY

Also Reported That Vienna Is Ready to Sound Russia For Peace Terms; Vatican Denies Pope Has Been Asked to Take Part in Negotiations; Russ Make Important Captures of Guns and Munitions in Carpathians; French Sailing Vessel Sunk

Austria is reported to have abandoned her campaign against Serbia, bringing to a close the offensive operations which were the immediate cause of the general European conflict. Dispatches from Switzerland say that Austria has given up the plan for a new attack on Serbia for the sake of sending additional troops to the Italian frontier. It is also reported from the same source that the decision has been reached at Vienna to sound Russia as to peace terms. The official organ of the Vatican, however, denies the report that Austria has requested the assistance of the pope in such negotiations. Russia is said to have made important captures of guns and war munitions in the Carpathians. What is represented as information from the Austrian general staff, is that in the battle along the Dukal-Eperies front the Austrians lost 26,000 men. Popular agitation in Italy concerning the attitude of that country has increased to a point which has necessitated energetic action by the authorities to prevent disorder. The factions for and against war have arranged mass meetings for to-morrow which their leaders say will be held in spite of a police prohibition. A French sailing vessel from London for New York has been sunk by a German submarine off the Isle of Wight. The Germans allowed the crew of 25 men ten minutes in which to quit their vessel and all were saved. A wrecked British schooner has been sighted off the American coast and is believed to have been attacked by a German warship several weeks ago. No Advantage Obtained

Ambitious Photographer Gets Pictures of Falaba

London, April 10.—The nature of the submarine attack on the Falaba, which was torpedoed in St. George's Channel, is brought home by remarkable photographs taken from the deck of the torpedoed vessel by an Englishman. The Paris statement adds nothing to the previous claims of French victories. It speaks of desperate bayonet fighting at Les Eperages, capture of which by the French was announced yesterday. In the East no changes are recorded. The Berlin war office says that the Russians accomplished nothing by attacks in the North.

The way the pictures were taken is romance in itself. The photographer went about the torpedoed Falaba camera in hand, snapping pictures here and there and oblivious of danger. He helped to lower the boats, gave one man his lifebelt, did his best to soothe the women and cheer some of the men, and when there was a moment to spare took photographs. At the last minute, when the Falaba was heeling over, her funnels almost level with the water, he thought it time to leap, so with his camera in the pocket of his mackintosh he dropped over the side into the sea and struck out. He was an hour in the sea before being rescued, part of the time clinging to a plank with another man. Only by the merest chance was he washed up against the side of the trawler Eileen Emma. He was hauled aboard in a semiconscious condition. When revived he felt in the pocket of his mackintosh and found the camera still there. Although the leather of the camera has all peeled off, the roll of exposed films by some fortunate chance was dry and uninjured.

COURT ORDERS MEETING STOPPED

Chicago, April 10.—Judge Carpenter in the United States District Court to-day denied an injunction restraining the annual meeting of the Chicago, Rock Island and Pacific Railroad from being held in this city next Monday. The application was filed yesterday by minority stockholders who asserted that they had been hindered in their attempts to gain proxies.

Washington, April 10.—Oscar Wendenroth, of New York, the government's supervising architect for public buildings, resigned to-day. His successor has not been named.

London, April 10, 4.15 P. M.—The fourth British casualty list issued by the War Office this week, showing 1238 additional losses, was given out to-day. Of the total, 403 were killed and the others wounded. These losses were due largely to the fighting last month which resulted in the capture by the British of the French town of Neuve Chapelle. To-day's list brings up the total of casualties announced this week to 5,323, of which 1,734 men were killed.

BUBONIC PLAGUE AT HAVANA

Washington, April 10.—Two cases of bubonic plague and one death at Havana, were reported to-day to the Public Health Service. The official bacteriologist of the Cuban government has been placed in charge of the situation.

MEN REFUSE TO RESIGN

Columbus, O., April 10.—That most of the fourteen members of State boards of commissions will refuse to resign as requested by Governor Willis yesterday on the ground that they are unsympathetic with the Republican administration, seemed to be indicated to-day. Two announced openly they would not relinquish their offices and would force the governor to produce charges against them and others indicated they would follow the same line of action.

Emerson-Brantingham Co. to Distribute Machinery From This City Shortly

Practically everything is in readiness for the Emerson-Brantingham Implement Company to occupy its new building at Tenth and Market streets. A public reception and "house-warming" will be held soon. The new building is one of the most modern of its kind in this section of the State. It is built of steel, brick and concrete, making it absolutely fireproof. More than one hundred persons will be employed at the local branch. All farm implements, buggies, wagons, gas engines and all light machinery will be distributed from this city. The company will continue to handle threshing machines, saw mills, hay presses, steam and gas tractors from the Waynesboro offices.

WILL STUDY ANIMAL DISEASES

Princeton, N. J., April 10.—The Rockefeller Foundation has announced that it shortly will begin work on the construction of a new plant near Princeton for the study of animal diseases. The ground, buildings and equipment of the new laboratory will cost, it is estimated, \$1,000,000.

MARRIAGE LICENSES

Frank Heimerdinger and Anna Fox, Steelton. Daniel W. Smith and Katherine M. Steiner, city. Nancy Vindee and Merl Rutin, Steelton. Howard W. Martin and Esther M. Dickey, city. Harry Wire and Daisy Hammer, York. Jeremiah Livick, Millersburg, and Joyce Glace, Dalmatia.
