THE GLOBE

To-day's the Day---

Baseball season opens---everybody happy
---everybody young again---

Those Suits at "15"

Our suits for Spring are younger than ever.

Some of the young models are rather extreme, but, what's the use of being young if one must be conservative and dignified. Suits for the older men who feel young—"youthful stouts" for the young appearing stout fellow—suits for everybody. All the new checks, plaids, stripes and plain fabrics in our exclusive models, at

\$15

Sharp and Chilly Days---A Top Coat

Boxy loose-fitting coverts and knitted fabrics are in the front line of fashion—nicely made with satin yokes. Plenty conservative coats here also—dark Oxfords and Grays—all silk lined.

\$15 and \$20

Something New---A Knitted Sport Coat

For golfing---for motoring---for all sports. A natty coat of close-knit fabric resembling cloth. Jaunty style with Norfolk back that gives plenty of shoulder room and prevents "kicking up." \$10

Separate Worsted Trousers at \$3.50

Neat striped effects that exactly imitate the patterns of the highest priced trousers—light, medium and dark—also blue serges of good weight and quality—sizes to fit every build.

SPROUL HIGHWAY BILL COMPLETED

Carries Appropriation of \$8,500,000; Much Attention to Road Repairs

An outline of the State administration's plans for highway improvement was furnished last night by the appearance in the Senate of the new highway bill. It has been determined that special attention shall be paid to the maintenance of the State highways and the appropriations for that purpose will be larger than they have been since the Sproul road bill went into effect. This is the general plan agreed upon by Governor Brumbaugh, Senator Sproul, chairman of the Finance committee of the Senate; Senator Kurtz, of the roads committee of the Senate; Representative Jones, chairman of the roads committee of the House, and Senator Buckman and Representative Woodward, the chairmen of the appropriations committees of the two branches of the legislature. Following a long conference with Governor Brumbaugh late to-day, Senator Sproul introduced a bill in the Senate to-night carrying a general appropriation for the State highway for the next two years. This bill represents the judgment of the Governor, Senator Sproul and the appropriations chairman, as to the amount which can be spared for road purposes in 1915 and 1916.

\$8,500,000 Appropriation
The bill carries an appropriation of \$8,500,000 and does not include the administration expenses of the department and of the automobile registration bureau which plan two years in the general appropriation bill. Of the amount carried by the bill, \$6,000,000 is specifically appropriated for State highways under the act of 1911 and its amendments. This means that the entire State highway system, including those roads added by the present bill, will be maintained and improved under the act of 1911 and its amendments. This bill is the judgment of Deputy Commissioner Hunter and Chief

Engineer Uhler that this amount will be sufficient to keep the roads in very good condition and do considerable permanent work. The sum of \$500,000 is appropriated for the purchase or condemnation of turnpikes upon State highway routes, and \$1,000,000 is set aside for the construction and maintenance of State aid highways, and the remaining \$1,000,000 is to be devoted to the payment of a portion of the expense of the maintenance of township roads, as provided by the Jones bill. Representative Jones has introduced a separate bill making provision for the payment of deficiencies due by the State to townships under the operation of this law.

Auto License Fees Included
The appropriation bill introduced by Senator Sproul provides that the appropriations made therein shall include and not be in addition to the amounts received by the Commonwealth for the licensing of motor vehicles during the next two years. This prevents there being any question regarding the validity of the appropriation of the funds received for automobile licenses, which matter is now pending in the Supreme Court upon appeal by the Auditor General and State Treasurer from a decision of the Dauphin county courts in the application of the law of 1913, which provided that moneys received from automobile licenses should be devoted to highway purposes. In order to prevent any delay or risk of trying up these funds the present bill provides for a specific appropriation to the department.

VISITING NURSES HAVE SUPPLIES FOR A YEAR
Officials of the Visiting Nurses' Association announced yesterday that they have enough baby clothes and material for maternity cases to supply its needs for another year. They expressed their appreciation of the work of the Hofhe and War Relief committee, the Embroidery Chapter of St. Stephen's Episcopal Church, T. T. Club, of the Y. W. C. A., Girls' Aid Society of the Visiting Nurses' Association, Mothers of St. Anne's Guild of St. Stephen's Episcopal Church and the Mrs. David Watt Sewing Class, heavy contributors.

PREPARING FOR CONCLAVE
Pilgrim commandery, Knights Templar of Pennsylvania, met at the Masonic Temple, last night to drill, in preparation for the annual conclave of the grand commandery to be held at Philadelphia, May 24-26.

HOUSE MAKES NEW RECORD ON BILLS

Passes Fifty on Final Passage and End of Session Is Still Some Distance Away

The House of Representatives made the record for action on bills for this session yesterday. It disposed of 163. Nothing like it has been known and the long night session had a good bit to do with it. There were 50 bills passed finally and 67 reported from committee. Three were killed, 9 postponed and four amended. On first reading 5 were passed and on second 22. The clerks were pretty well tired out last night. By a vote of 146 to 4 the House passed finally the Campbell bill to provide a pension of \$8 per month to any who volunteered as "emergency men" when the State was invaded in the Civil War. The bill carries an appropriation of \$100,000. The House also passed finally the bill to increase certain salaries in the Executive Department after a debate between Messrs. Whitaker, Chester and Baker, Washington. The Chester man said the bill provided for seven attaches with a payroll of \$10,400. Mr. Baker asked about dual office-holding and Mr. Whitaker rejoined that such practice was not the policy of the administration. The bill passed,

131 to 27, Democratic members being the chief objectors. **"Pen" Bill Lost**
The bill providing for the ultimate consolidation of the two State penitentiaries in Centre county and for making of plans was defeated under unusual circumstances. When voted on finally 39 members who had voted "aye" changed their votes to the negative and the bill wound up with only 68 votes in its favor. It needed 104. The bill regulating the catching of bullfrogs and tadpoles was passed finally, 152 to 12. The Roney taxation, State civil service and township fire department bills were postponed when reached on third reading. The Wildman bill making appropriations was also postponed. The following bills were passed finally by the House: Fixing \$60 as annual salary of first class township commissioners. Senate bill authorizing foreign companies manufacturing metal specialties to hold real estate in Pennsylvania. Fixing salaries of associate judges at \$5 per day. Senate bill amending foreign corporation registration act. Senate bill authorizing common pleas judges to hear orphans' court cases in counties having separate orphans' courts. Providing for three additional mine inspectors in Luzerne county and one in Lackawanna. Authorizing Emma Loran, Luzerne county, to sue the State. Appropriating \$24,000 for payment of cost of condemning turnpikes in Franklin county. Authorizing consular officers to act as administrators of estates of citizens of their countries.

Regulating employment of persons engaged in compressed air work. Providing that appropriations for Memorial Day may be made to veteran organizations other than G. A. R. in event of latter becoming extinct. Senate bill regulating assessment of properties lying in two townships. Making township treasurers eligible for re-election. Regulating pay of deputy sheriffs in Allegheny county. Making deficiency appropriations to Fountain Springs and Coalfield State Hospitals. Prohibiting unaturalized foreign-born residents to keep dogs. Requiring magistrates to file dockets with prothonotaries when terms expire. Providing that beneficiaries may vote stock held by estates in companies acting in a fiduciary capacity. Excluding from act of 1909 for registration of real estate in first class townships such townships in counties having a board of assessors. Authorizing advances of appropriations to State and semistate institutions upon bonds being furnished. Senate bill providing funds for sixty game wardens. Senate bills making deficiency appropriations to State institutions at Far View, Shamokin and Polk. Regulating bringing of actions for damages for death by negligence or unlawful violence. The House made the "equal rights" bill a special order for this morning and adjourned at 10:50 p. m.

Utilities Bill Amendments Are Out of Committee

A dozen bills affecting the Public Service Commission were reported to the House last evening from the Judiciary general and municipal corporations committees, the number including the measures drafted by counsel for the commission to amend the act so as to confer right to suspend rates and to relieve the commission of much of the routine work on contracts. Bills advocated by various organizations and several presented by members to take away control over municipalities, permitting appeals to be taken in any county, providing for division of the State into three districts, providing that books and papers of corporations involved in complaints shall be open to litigants and defining certain utilities in municipalities were also reported. The bill requiring railroads to remove one grade crossing annually came out with an amendment for one grade crossing in each thirty miles. The bill prohibiting any person connected with the state government from engaging in practice before any department or branch of the government was negatively reported. A subcommittee consisting of Representatives Forster, Roney, Stein, Erdman and Myers was given charge of the bill providing for a constitutional committee by the House committee on judiciary general to-day. The committee gave a hearing on the bill, at which William Draper Lewis, of Philadelphia, and ex-Mayor William A. Magee, of Pittsburgh, appeared in advocacy of the measure. They contended that the conditions were ripe for a new Constitution and that the present document was not adequate. The bill increasing the State police force and establishing salaries was among the sixty-seven bills reported as the result of the work of the committees during the day. The State police bill would increase the number of troopers to seventy in each of the four troops and provide for a full complement of officers. The salary of the superintendent is fixed at \$4,000, salary fixed in the bill, the deputy's salary placed at \$2,500 and the chief clerk's at \$1,500. Among the bills reported favorably were the Stern bill amending the license feature of the moving picture censorship law; regulating the picture of small loans and requiring a state license providing regulations for incorporation and operation of trackless trolley companies; amending anthracite law so that miners shall come under compensation acts; regulating employment of females in hotels and boarding houses; providing that approval of Governor shall not be necessary on all settlements for furnishing state departmental supplies; establishing fees of notaries public; regulating sales of amusement and theater tickets; fixing four years as term of county sealers of weights and measures; regulating conditional sales; fixing salaries of employees of Philadelphia board of tax revision and providing a state bureau of forest protection.

When You Come to This Live Store

for your clothes no element of doubt or uncertainty enters into the transaction.

For here everything is done in the broad daylight of mutual interest and mutual understanding, and you make your purchase with the assurance of a man who knows what he wants and knows he is getting it.

When you see the label of The House of Kuppenheimer

you know that the garment bearing it is crowded chock-a-block full of style, service and satisfaction.

You know that what The House of Kuppenheimer has done in clothes making, we have done in clothes retailing, so that all the advantages intended for you reach their destination unimpaired and without leakage enroute.

You know in short, that you're getting full value of your money, and that if your purchase doesn't PROVE right, we'll MAKE it right--with new goods or money back.

The price range on Kuppenheimer Clothes is

\$20 to \$30

Other makes of good clothes, in handsome, all-wool fabrics, correctly styled, finely tailored and backed by our unconditional guarantee of satisfaction,

\$15 to \$18

Exercise and Grecian Beauty.

Many thousands of women are now-a-days paying attention to physical culture and the proper exercise of their body muscles, where, thirty years ago or fifty years ago there was no thought expended on this science, which is quite necessary to physical beauty. The reason the Greeks, both men and women, excelled in beautiful and symmetrical forms was because of the attention they paid to the proper exercise. Then, too, they were untrammelled by corsets, shoes and the inconveniences of clothing. Many women are so held down by household cares, by the burdens of maternity or by disease of the feminine functions that they cannot take proper exercise. They should start at once to take a woman's tonic which will build up the system and bring about a healthy tone. This medicine is not made of alcohol or any narcotic, but is made entirely of roots and herbs concentrated and extracted with pure glycerine. Thousands of women in America have overcome their sufferings, and have been cured of womanly ills by Dr. Pierce's Favorite Prescription. This medicine though started nearly half a century ago, sells more widely to-day than any other woman's tonic. It can now be had in tablet form as well as liquid, and every woman who suffers from backache, headache, nervousness, pain at times, should take this "Prescription" of Dr. Pierce's. Many a woman is nervous and irritable, feels dragged down and worn out for no reason that she can think of. In ninety-nine per cent. of these cases it is the womanly organism which requires attention; the weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of trouble and correct the irregularities, and other symptoms disappear. Lines in the face make women look old and they show the effect of unnatural sufferings. These symptoms indicate that Nature needs help. Overwork, wrong dressing, lack of exercise, and other causes have been too much for Nature—and outside aid must be called upon to restore health and strength. Doctor Pierce's Favorite Prescription relieves nervous exhaustion and irritability and removes other distressing symptoms due to disturbed conditions of the delicate feminine organism. Sick women are invited to consult Dr. Pierce by letter, free. A book on diseases of women sent free. Address Invalids' Hotel, Buffalo, N.Y.—Adv.
