

GOLD DUST

Gives true household service

Gold Dust really works. In millions of homes it is today doing the hard work which is really unnecessary for human hands to do if Gold Dust is used.

That is why Gold Dust is the leading washing and cleaning powder in the world.

Any woman who has washed dishes with Gold Dust knows what this means—knows how Gold Dust truly works for her.

And if she doesn't already know, she will be delighted to find out how Gold Dust cleans everything with the same thoroughness, leaving it new and bright and clean.

JAPS DENY STORY OF MEXICAN NAVAL BASE

Embassy Says Government Intended to Occupy Any Part of Mexico's Coast

Washington, April 15.—An official statement authorized by the Japanese embassy to-day characterized as "preposterous" reports that a naval base had been established at Turtle Bay, Lower California, and declared "there never, never has been any intention on the part of the Japanese government to locate a naval base or occupy any territory on the west coast of Mexico."

Of reports that Japanese warships in Turtle Bay, embassy officials said were solely for the purpose of salvaging the stranded cruiser Asama.

It is more than absurd; it is preposterous. There never has been an intention on the part of the Japanese government to locate a naval base or to occupy any territory on the west coast of Mexico. A few Japanese fishermen, about a score in number, perhaps, frequent the waters of the bay, but they have no connection whatever with the Japanese naval establishment.

Roosevelt Knows Nothing Assistant Secretary Roosevelt said the Navy Department was without advice as to just what had happened but if anything extraordinary was going on it certainly would have been reported by the American warships in the vicinity. He added that it would not be unusual if the Japanese had landed in connection with their efforts to save the Asama.

When the Asama first went ashore and news of her plight came to Washington every effort was made to prevent the information from reaching Germany before assistance could be sent. Responding to the call for immediate succor for the personnel of the Asama, Admiral Henshaw sailed from Turtle Bay from San Diego on his flagship, the cruiser San Diego, and the cruiser Raleigh also went to the scene. But before the aid these ships could be extended, the Japanese collier and two Japanese warships appeared and Admiral Howard steamed away.

Mrs. Theodore Roosevelt Undergoes Operation; Condition Satisfactory

New York, April 15.—Mrs. Theodore Roosevelt, who is recovering from Hospital last night by her husband, Colonel Roosevelt, was operated on early to-day. Dr. Alexander Lambert of the Cornell Medical School, was the surgeon in charge.

While the nature of Mrs. Roosevelt's ailment was not disclosed, it was stated that the operation was successful and that the condition of the patient was satisfactory.

Colonel Roosevelt appeared at the hospital with Mrs. Roosevelt at 10 o'clock last night. He remained with her until she was taken to the operating room early to-day. During the operation he anxiously paced the private room in which Mrs. Roosevelt had spent the night. After the operation he was immediately notified that Mrs. Roosevelt's condition and left the hospital with his son, Theodore.

The colonel declined to discuss his wife's illness and refused inquiries to Dr. Lambert, but judging from a look on his face the operation and condition of Mrs. Roosevelt apparently were satisfactory.

Dormitory of Academy to Be Completed by Fall

Plans for the new dormitory at the Harrisburg Academy, which are now in the hands of architects will be submitted to the board of trustees soon, on a date not definitely selected.

The new building will be situated at the northwestern corner of the campus and will face Riverside Drive. It will accommodate forty boys. Single rooms will be eight by twelve feet and double rooms, twelve by twenty feet. Showers will be placed on each floor and electric lights and running water in each room.

The first floor will be turned into a lounging room, with an open fireplace and large tables and chairs. Headmaster Brown announced this morning that the dormitory would be completed next Fall in time for the opening of the 1915-16 session.

CIDER IS SOFT DRINK FOR 3 WEEKS AFTER IT IS MADE

Wheeling, W. Va., April 15.—Cider ceases to become a soft drink three weeks after it has been made, according to a ruling just made by Prohibition Commissioner Fred O. Blue. He holds that the sale of cider after that time is a violation of the State's prohibition law. Cider, according to Commissioner Blue, accumulates more alcohol weekly and by the time three months have passed, becomes true apple jack.

Says Thin People Can Increase Weight

Food Alone Produces Fat, Says Noted Expert—How to Turn Food Into Healthy Flesh

The reason that some people are chronically thin and soft drink three weeks after it has been made, according to a ruling just made by Prohibition Commissioner Fred O. Blue. He holds that the sale of cider after that time is a violation of the State's prohibition law. Cider, according to Commissioner Blue, accumulates more alcohol weekly and by the time three months have passed, becomes true apple jack.

For those who wish to gain healthy flesh and put on from ten to twenty pounds of weight a single Sargol tablet taken at meals for a few weeks will almost invariably produce the desired effect. Sargol does not consist of fat, but, swallowed with your food, it acts upon every mouthful you eat, first separating all the fats, oils, sugars, starches and other flesh-making materials from the food waste and then preparing all the nourishing elements in a form which the blood can readily accept and distribute all over the body. Sargol stops the leakage of fats, keeps all the flesh-making materials within the body, allowing only the worthless waste to leave it. It further repairs the faulty organs of assimilation enabling their natural functions to properly perform their duty. Sargol is a natural, pure, found flesh "stays put." Sargol is not an experiment. Thousands have used it and proved it. It is a natural and harmless and it is seldom indeed that it cannot produce an increase of from ten to twenty pounds of natural, healthy flesh on any person who is underweight. George A. Grogan and other druggists everywhere sell it with a positive guarantee of weight increase or money back, as found in every package.—Advertisement.

Beidleman Has Bill to Create Department of Motor Vehicles

A bill creating a department of motor vehicles, with a commissioner at a salary of \$4,000 a year, was introduced in the Senate to-day by Senator Beidleman, of Dauphin county. The bill is designed to take from the Highway Department the administration of all laws relating to motor vehicles and giving the new department control of all such laws. The bill creates a chief inspector and assistant inspectors not to exceed ten, and not more than thirty examiners to examine applicants for automobile license. The bill also rearranges the license fees of all motor vehicles.

MT. ETNA AGAIN ACTIVE

Catania, via Paris, April 15.—Mt. Etna again is showing signs of activity. Part of the crater has fallen in, loud rumblings are being heard and a large column of smoke is rising from the volcano.

Let Nomordust Protect Your Home

Dust is the home of disease germs, and every time you spread this dust by sweeping they fill the air. Much sickness is caused in this way. There is a new way to sweep, however, without raising dust and all doctors who know it endorse it. You simply spread a powder called Nomordust across the room, then sweep it ahead of you as you go. Not a particle of dust will arise. No need for a dusting cap with Nomordust—no need of covering your ornaments—in fact, you can dust them before you sweep, then leave them exposed and they'll be as clean as before you started. You can clean any room in half the time it now takes and you only have to sweep half as often, because you get your rooms so much cleaner each time. Makes rugs look like new—equally good for wood floors and linoleums. Take the advice of physicians, collect the dust—don't spread it—particularly if you have children, for they are most easily affected by germs. Get a 10c can of Nomordust to-day and try it. Money back if not more than pleased.

Rev. Curtis Chosen as Presbytery Moderator

Special to The Telegraph Gettysburg, Pa., April 15.—The Rev. E. E. Curtis, pastor of Westminster Presbyterian Church, Harrisburg, was elected moderator of the Carlisle Presbytery, for the term of six months to begin with the opening of the Fall session, at the afternoon session of the Presbytery, yesterday. The Fall meeting to begin the third Tuesday in September will be held at Newville. Three ministerial and three lay commissioners to the general assembly which will meet in Rochester, N. Y., on a date not definitely decided, were elected. They are: The Rev. James J. Glenn, of Hershey; and the Rev. Franklin E. Taylor, of this place. Alternates are: The Rev. W. H. Dyer, of Millerstown; the Rev. George H. Barnhardt, of Carlisle, and the Rev. George A. McAllister, of Chambersburg. Lay delegates: J. U. Neely, of Fairfield; J. H. Blair, of Harrisburg, and Judge William N. Selbert, of New Bloomfield.

Consistory Improvements Will Cost About \$5,500

Plans for improvements at the Harrisburg Consistory, Free and Accepted Masons, in North street, have been completed by M. L. Kast, architect, and have been approved by the committee in charge. Work will start within ten days. The amount to be expended in making needed changes is \$5,500.

LONE AUTOIST KILLED

New York, April 15.—Benjamin Jackson, a lawyer, was instantly killed in Central Park to-day when the automobile in which he was riding alone crashed into a tree on the side of the driveway. The police say he was driving at the rate of 55 miles an hour. The wreckage under which Mr. Jackson was pinned, caught fire immediately. He was dead when extricated.
